'New American Greatness' President Johnson's Goal

A TIME CAPSULE containing Centennial mementos was consigned to a crypt at Municipal Dock on Thanksgiving Day. Mayor Harold Vanlerberghe stands in front of the copper Box which will be opened in 2063, while Dave Coon, Historical Museum director, stands beneath the flag. George Embs, Historical Society president, arranged and conducted the impressive ceremony. (Daily Press Photo)

Civil Rights Action Remains Big Problem

WASHINGTON (AP) — The political necessity of getting Congressional action on civil rights is President Johnson's biggest domestic problem—just as it was John F. Kennedy's.

The current mood of moderation among the lawmakers may produce some relatively speedy action on aid to education, vocational training and other bills when they return from their holiday next week.

But the fierce controversy over the late president's program for an expansion of racial equality will test all of Johnson's vaunted ability to tack with the legislative wind to reach his objective.

Filibuster Threatens

Johnson has called for action now on Kennedy's civil rights legislation. The possibilities of getting it likely will be discussed today at a meeting between Johnson and Roy Wilkins, executive secretary of the National Association for the Advancement of Colored People.

Kennedy's relations with Congress were building to a crisis —a situation Johnson has inherited. Yet the new President can not afford in an election year not to get what Negro voters regard as meaningful civil rights legislation.

Kennedy's strength with the Negroes was unquestioned, Johnson's is not readily assessable.

If the President has to compromise the rights bill to get Congress' approval for it, he could lose ground sharply with Negroes, particularly if the Republicans nominate a strong civil rights advocate.

There now is no apparent way to move past the barrier of a Southern Democratic filibuster in the Senate on a bill containing the controversial section that would enforce desegregation on selected businesses dealing with the public.

Old Tricks Ready

If Robert F. Kennedy remains as attorney general and Johnson follows his advice in this field, the President would refuse to compromise this provision any further.

The attorney general thinks that any civil rights legislation without a strong public accommodations provision would be unacceptable to Negrges.

House leaders began oiling up two old parliamentary moves to prevent the Southern-led Rules Committee from blocking action on the civil rights bill.

One would bypass the committee; the other would temporarily strip Chairman Howard W. Smith, D-Va., of his control over the 15-member group. Smith is strongly opposed to the rights measure.

Both moves are intended to produce early compliance — probably in January — with Johnson's plea for less talk

Venezuela Reds Lose Fight To Block Elections

CARACAS, Venezuela (AP)— Despile spectacular last-minste exploits, pro-Communist terrorists in Venezuela appear to have lost their fight to force the army to call off Sunday's presidential elections.

There are increasing signs that the extremist Armed Forces of National Liberalion FALN have lost both their physical punch and their appeal to urban masses.

Chances are considered good that the elections will go off with a minimum of trouble.

No More Incidents

Apparently indifferent to the terrorists, some 15,000 people attended a political rally this week ,in the same Caracas square where a few days before guerrilla snipers staged a spectacular battle and 24 persons were killed.

Noisy political caravans roam the capital streets each night without incident. President Romulo Betancourt is barred by the constitution from suceeding himself, but Raul Leoni, the candidate of Betancourt's Democratic Action party, is expected to defeat six opponents.

The pro-Castro FAIN had hoped that its campaign of terrorism would cause the army to oust Betannourt and cancel the alections. The Communists figured this ,would solidify the anti-military opposition behind them.

The FELN is believed to have been first weakened by the Cuban missile crisis in October 1962, which revealed Cuba as just another Iron Curtain satellite.

American Kidnaped

In later months there was a steady improvement in the police campaign against the hit-and-run terrorists. The FALN attacks began deteriorating.

This week the FALN returned to propaganda blows, attempts to capture world headlines and damage the Betancourt government's reputation at home and abroad.

A. U.S. Army officer was kidnapped Wednesday. Thursday five men and a woman hijacked a Venezuelan airliner and forced the pilot to fly to Trinidad. No one was harmed. Authorities handed the hijackers over to Venezuelan officials.

They were flown back to Caracas today for trial.

Caracas police continued searching for the kidnaped U.S. officer, Lt. Col. James K. Chenault of Sherman, Tex. The FALN has said it would release him unharmed Saturday.

Over 200,000 Visit Grave Of Dead President

WASHINGTON (AP) — More than 200,000 Americans put aside their Thanksgiving dinners for a while and made their way on a bleak and gray day up a hill to a grave.

Four litle sisters picked chrysanthemums from their grandmother's garden and dropped them by the grave.

Mrs. Kennedy came once again and prayed.

Thanksgiving Day became a day of homage to John F. Kennedy in Arlington National Cemetery.

Traffic slowed and jammed as the thousands drove toward the cemetery overlooking the Potomac River. Many parked their cars and began to walk to the cemetery.

They carried faded roses and ferns, bought in stores the day before.

Silently, they paid their respects at the picket fence that surrounds the drive and the eternal light burning over the body of the president, who was assassinated a week ago today.

Mrs. Kennedy made her fifth trip to the grave since the burial Monday. Dressed in black, she knelt, crossed herself, and moved her lips in silent prayer.

Later she flew to Cape Cod for a Thanksgiving reunion with the Kennedy family.

Others joined the pilgrimage to the President's gave, including his brother, Sen. Edward Kennedy of Massachusetts, and his sister, Mrs. Peter Lawford.

While thousands walked to the grave, thousands of others had to leave, turned away by guards who told them they would never get in to see the grave before the day was done.

CARL T. ROWAN, 38, U.S. Ambassador to Finland, will be the new White House press secretary, according to reliable sources. Rowan, a Negro, was formerly a reporter for the Minneapolis Tribune. (AP Wirephoto)

New Advisers' Team Selected At White House

WASHINGTON (AP)—A new team of presidential advisers is sure to shape up in the White House soon, bearing the stamp of Lyndon B. Johnson and Texas.

President Johnson likely will want to keep some of the men who surrounded John F. Kennedy in his two years and 10 months in the White House.

But he won't want to keep all, nor will all want to stay.

The job of presidential aide or adviser usually demands fierce loyalty and at times personal closeness. Presidents want long-time associates and familiar faces around them. Johnson is no exception.

One likely prospect is Bill Moyers, 29, deputy director of the Peace Corps. The slender Texan has been at Johnson's side since the new President succeeded Kennedy.

Some observers predict he will wind up as the new President's No. 1 aide, a job like that of Kennedy's special counsel, Theodore C. Sorensen.

An ordained Baptist minister, Moyers was a newsman for Mrs. Johnson's radio and television stations, a key member of Johnson's staff when the President was Senate majority leader, and a manager of Johnson's unsuccessful drive for the presidential nomination in 1960.

Kenneth O'Donnell, Kennedy's appointments secretary, already has cleared his White House desk, and there is speculation the job may go to Horace Busby, a former Texas newspaperman who has often helped Johnson on speech writing.

White House cources say that Johnson will retain McGeorge Bundy, Kennedy's special assistant for national security affairs.

The White House denies reports that Johnson has accepted the resignation of liberal historian Arthur Schlesinger Jr., a Kennedy assistant - and speech writer.

Most observers expect White House Press Secretary Pierre Salinger to leave. A reliable souce in Helsinki says he will be succeeded by Carl T. Rowan, now ambassador to Finland.

Rowan, 38, a Negro, joined the Kennedy administration as a deputy assistant secretary of state in 1961. He is a former reporter for the Minneapolis Tribune.

Nation Urged To Look Ahead, Face Challenge

WASHINGTON (AP) — President Johnson, while ordering new honors to the memory of John F. Kennedy, has vowed that his own administration will seek "a new American greatness."

In effect, the new President's brief Thanksgiving Day address to the nation was an appeal to put "this midnight of tragedy" into the past and to look ahead to the work that must be done.

Heavy Schedule Today

"A great leader is dead; a great nation must move on," he declared. "Yesterday is not ours to recover, but tomorrow is ours to win or to lose. I am resolved that we shall win the tomorrows before us."

Johnson plunged into the work with a heavy schedule today today that included meetings with chief military, diplomatic and intelligence advisers.

Speaking of his aims, Johnson said in his radio and television address Thursday night: "I pledge to you the best within me to work for a new American greatness — a new day when peace is more secure, when justice is more universal, when freedom is more strong in every home of all mankind."

The new chief executive announced that to honor Kennedy's memory and "the future of the works he started," the rocket-launching complex at Cape Canaveral, Fla., "shall be known hereafter as Cape Kennedy."

Plea To Banish Hatred

He also said that the neighboring launch pads now being built for the moon exploration program — pads which Kennedy inspected from a helicopter 13 days ago — "shall hereafter be known as the John F. Kennedy Space Center."

Johnson marked the passing of his predecessor also by calling for an end to hatred and fanaticism.

Johnson appealed to all segments of society "to banish rancor from our words and malice from our hearts, to close down the poison spring of hatred and intolerance and fanaticism."

Trial Of Ruby In Dallas May Be Televised

DALLAS (AP)—Jack Ruby's lawyer says television viewers who saw his client kill the accused assassin of President Kennedy also should have a chance to watch as Ruby is tried for murder.

"In this case I think there are strong arguments for live telecasts from the courtroom and I can see no reason why we should object," defense lawyer Tom Howard said Thursday.

Dist. Judge Joe Brown, in whose court the case will come up Dec. 9, said he had not decided whether to admit TV cameras. Under Texas judicial rules, this is a matter left to the judges' discretion.

No Delay Expected

Ruby, 52, a Dallas night club owner, fired a single bullet into the midsection of Lee Harvey Oswald, a pro - Communist charged with killing Kennedy, as police started to transfer Oswald from one jail to another Sunday.

He is being held without bond in the Dallas County Jail, a few yards from where a sniper's bullet mortally wounded the late President a week ago today.

Howard, a veteran Dallas criminal lawyer, said:

"I know it is customary for a continuance to be granted if requested by the defense, but at the present time we have no plans to ask that the trial be delayed...

Governor Improving

"We are handicapped because of the limited funds available. Mr. Ruby is not a wealthy man —in fact, he is a man of modest means. On the other hand, 50 FBI investigators are working against us in addition to many other government investigators."

It was a mournful Thanksgiving Day in Dallas. A steady stream of cars moved slowly past the scene of the assassination.

Texas Gov. John Connally, wounded by the same sniper, ate Thanksgiving dinner with his wife, three daughters, a brother and sister-in-law.

A physician's statement said Connally's "over-all condition is improving encouragingly, but convalescence naturally will require some time, due to the critical degree of the wounds.

Centennial Year Program Closes On Festive Note

A gala dance that attracted several hundred persons, some in Centennial cotumes, ended the observance of Escanaba's Centennial Year on a festive note last night.

Earlier on Thanksgiving Day, despite a cold rain, scores of interested persons gathered cheerfully at the Municipal Dock to participate in a program consigning to a crypt a time capsule which will be opened in the year 2063.

Beginning Wednesday evening and continuing into Sunday morning the clergy in churches of the community made mention of a century of blessings in connection with the Centennial Thanksgiving.

George Embs, president of the Delta County Historical Society, conducted the impressive ceremony at the Municipal Dock at 11 a. m. A copper box containing mementoes of the Centennial and items of historical significance was placed in a concrete crypt beneath the flag at Municipal Dock.

The American Way

"The moment is indeed solemn," said Embs. "We stand as a balance between the people who enriched our community with their lives in the last 100 years and extend a greeting to the yet unborn souls whom we hope will be here to explore the contents of this capsule in the year 2063. Who they will be or what will be here staggers the imagination."

"Time and events move so much faster that they did in the last 100 years. Our youngest babies will be great great grandparents by that time. People will probably look through these papers and rosters for the names of remote ancestors. Of course, then as always, there will be talk of the good old days."

"Let us pray on this Thanksgiving Day that these unborn descendants of ours will still be living in our city, that they have progressed and prospered with the times, and that the American way of life will continue to prevail throughout our fair land," the Historical Society president said.

The Rev. Robert Selberg, pastor of the Central Methodist Church, gave the invocation and the Rev. Thomas Coleman, St. Patrick's Church, the benediction.

Mayor Harold Vanlerberghe and Mayor Pro-tem George Rusch spoke briefly. The mayor noted the sadness of the country in mourning for the death of President Kennedy and read the Thanksgiving proclamation which the assassinated President had prepared before his death.

The Escanaba City Band directed by Cecil Collins played the national anthem. Dave Coon, Historical Society secretary and Museum director, raised the flag to the top of the flag pole and then lowered it to half-staff.

Today the copper box was placed in the crypt by city workmen. The opening was sealed with concrete. Later the Historical Society will mark the spot with a bronze plaque, and plans are being made to further dignify the site by the erection of a large anchor from an early-day sailing ship.

At Teamsters Hall about 700 persons gathered in two ballrooms to dance to the music of two orchestras — the Wise Men with George Wise directing, and Harlan Lippold's Dixieland Band.

A number of the dancers attended in Centennial costumes and the music and dancing ranged from those of an earlier day to the latest steps and tunes.

Trophies were presented by the Wise Men to several of the dancers in recognition of best costumes, best dancers and so forth.

Among those receiving trophies were Mr. and Mrs. Howard Dufour, Mr. and Mrs. Homer LaMarche, Mr. and Mrs. Frank Rodman, Robert McDonough and Miss Darlene Charon.

Pictures Taken In Three Waves

WASHINGTON (AP)—President Johnson posed for his first formal portraits today before three waves of photographers.

The new President, in a dark blue suit, blue shirt and matching tie, with the emblem of the Silver Star on his lapel sat patiently before the lights as the photographers snapped.

So many photographers turned out for the formal picture-taking session that they had to be sent in in three waves, two taking still pictures and the last motion pictures.

Johnson sat at his desk, sometimes writing on a pad of legal-size paper, sometimes fingering his plastic-framed glasses.

On his desk were two telephones, several pictures, one pen set and a few other items. Reporters could not see whose pictures he had on his desk.

The round with photographers was Johnson's first business of the day.

Churchill Will Be 89 Saturday

LONDON (AP)—Sir Winston Churchill, still fond of a hearty meal and a good cigar, will be 89 Saturday.

"He's feeling very fit," said a family spokesman, "'better than in a long time."

Churchill dined Thursday night with London's exclusive The Other Club, which he and Lord Birkenhead founded in 1911. Its members get together solely to indulge their taste for good food, drink and conversation.

Churchill presided at the dinner for 20 men. The menu included smoked salmon, oysters, dressed cram, filet of sole, saddle of lamb, sliced pears and ice cream with chocolate sauce

Since he broke his hip in a fall in 1962, Churchill has been much less active. His hearing is bad. Often his mind wanders back to events of long ago while he forgets those of yesterday.

But occasionally there are flashes of the brilliance and clarity of mind so characteristic of his long career, say close friends.

This has been a year clouded with sadness.

His oldest child, Diana, killed herself. The husband of his actress daughter, Sarah, died of a heart attack.

His happiest moment probably came when he and his wife celebrated their 55th wedding anniversary Sept. 12.

A few relatives will gather at Churchill's London home Saturday for a family celebration.

"Nothing special," said the family spokesman, "yet very special as all 89th birthdays must be."

Today's Chuckle

One sure way to get your wife to return from an extended vacation is to send her the hometown newspaper with a clipping removed from the "personal items."

Canaveral Now Cape Kennedy

CAPE KENNEDY, Fla. (AP) —Cape Canaveral today bears the name of Cape Kennedy, honoring martyred John F. Kennedy, who designated it as the blastoff point for trips to the moon.

President Lyndon B. Johnson also named this Florida East Coast promontory's vast facilities for rocketry the John F. Kennedy Space Center.

The surprise action Thursday night drew mostly favorable comment here but it posed some problems for businesses which have capitalized on the Cape Canaveral name.

Some officials, including Gov. Farris Bryant of Florida and missile-space program executives, drew heartening inference that Johnson's action means full-speed ahead on the man-in-the moon flight and other projects President Kennedy pushed.

Johnson announced the changes to a nationwide television and radio audience in his Thanksgiving message.

At Cocoa Beach, closest civilian community to the cape, Bernard Fischer, operator of a restaurant, said "I think changing the name of the center is a wonderful idea."

"I don't know about renaming the cape—it's been Cape Canaveral since it was named anything," he said.

Fred Boyer, map consultant for the Rollins College Library, said that name appears on a 1598 war map. "Canaveral" is a Spanish word meaning cane or reed field.

Flint Planning Water Pipeline

FLINT (AP)—The Flint City Commission has decided to improve its own water system rather than buy water from Detroit. The commission voted, 6 to 3, against a proposal to buy Detroit water. Work on Flint's proposed $50 million pipeline to Lake Huron was held up pending a decision on the Detroit offer.

Survived By 111

IONIA (AP)—Mrs. Anna G. Smith of nearby Portland, who died Wednesday at the age of 93, leaves 111 living descendants. These include seven children, 39 grandchildren and 65 great-grandchildren.

Limit On British Fishing Extended

LONDON (AP)—Britain will abandon its traditional 3-mile offshore fishing limit in retaliation against extensions by other nations, the Times of London said today.

The newspaper said Britain would announce an extension of its waters barred to foreign fishermen to 12 miles at the International Fisheries Conference which begins in London Tuesday.

Weather

Civil Rights Action Remains Big Problem

WASHINGTON (AP) — The political necessity of getting Congressional action on civil rights is President Johnson's biggest domestic problem—just as it was John F. Kennedy's.

The current mood of moderation among the lawmakers may produce some relatively speedy action on aid to education, vocational training and other bills when they return from their holiday next week.

But the fierce controversy over the late president's program for an expansion of racial equality will test all of Johnson's vaunted ability to tack with the legislative wind to reach his objective.

Filibuster Threatens

Johnson has called for action now on Kennedy's civil rights legislation. The possibilities of getting it likely will be discussed today at a meeting between Johnson and Roy Wilkins, executive secretary of the National Association for the Advancement of Colored People.

Kennedy's relations with Congress were building to a crisis —a situation Johnson has inherited. Yet the new President can not afford in an election year not to get what Negro voters regard as meaningful civil rights legislation.

Kennedy's strength with the Negroes was unquestioned, Johnson's is not readily assessable.

If the President has to compromise the rights bill to get Congress' approval for it, he could lose ground sharply with Negroes, particularly if the Republicans nominate a strong civil rights advocate.

There now is no apparent way to move past the barrier of a Southern Democratic filibuster in the Senate on a bill containing the controversial section that would enforce desegregation on selected businesses dealing with the public.

Old Tricks Ready

If Robert F. Kennedy remains as attorney general and Johnson follows his advice in this field, the President would refuse to compromise this provision any further.

The attorney general thinks that any civil rights legislation without a strong public accommodations provision would be unacceptable to Negrges.

House leaders began oiling up two old parliamentary moves to prevent the Southern-led Rules Committee from blocking action on the civil rights bill.

One would bypass the committee; the other would temporarily strip Chairman Howard W. Smith, D-Va., of his control over the 15-member group. Smith is strongly opposed to the rights measure.

Both moves are intended to produce early compliance — probably in January — with Johnson's plea for less talk

Venezuela Reds Lose Fight To Block Elections

CARACAS, Venezuela (AP)— Despile spectacular last-minste exploits, pro-Communist terrorists in Venezuela appear to have lost their fight to force the army to call off Sunday's presidential elections.

There are increasing signs that the extremist Armed Forces of National Liberalion FALN have lost both their physical punch and their appeal to urban masses.

Chances are considered good that the eleclions will go off with a minimum of trouble.

No More Incidents

Apparently indifferent to the terrorists, some 15,000 people attended a political rally this week ,in the same Caracas square where a few days before guerrilla snipers staged a spectacular battle and 24 persons were killed.

Noisy political caravans roam the capital streets each night without incident. President Romulo Betancourt is barred by the constitution from suceeding himself, but Raul Leoni, the candidate of Betancourt's Democratic Action party, is expected to defeat six opponents.

The pro-Castro FAIN had hoped that its campaign of terrorism would cause the army to oust Betannourt and cancel the alections. The Communists figured this ,would solidify the anti-military opposition behind them.

The FELN is believed to have been first weakened by the Cuban missile crisis in October 1962, which revealed Cuba as just another Iron Curtain satellite.

American Kidnaped

In later months there was a steady improvement in the police campaign against the hit-and-run terrorists. The FALN attacks began deteriorating.

This week the FALN returned to propaganda blows, attempts to capture world headlines and damage the Betancourt government's reputation at home and abroad.

A. U.S. Army officer was kidnapped Wednesday. Thursday five men and a woman hijacked a Venezuelan airliner and forced the pilot to fly to Trinidad. No one was harmed. Authorities handed the hijackers over to Venezuelan officials.

They were flown back to Caracas today for trial.

Caracas police continued searching for the kidnaped U.S. officer, Lt. Col. James K. Chenault of Sherman, Tex. The FALN has said it would release him unharmed Saturday.

Over 200,000 Visit Grave Of Dead President

WASHINGTON (AP) — More than 200,000 Americans put aside their Thanksgiving dinners for a while and made their way on a bleak and gray day up a hill to a grave.

Four litle sisters picked chrysanthemums from their grandmother's garden and dropped them by the grave.

Mrs. Kennedy came once again and prayed.

Thanksgiving Day became a day of homage to John F. Kennedy in Arlington National Cemetery.

Traffic slowed and jammed as the thousands drove toward the cemetery overlooking the Potomac River. Many parked their cars and began to walk to the cemetery.

They carried faded roses and ferns, bought in stores the day before.

Silently, they paid their respects at the picket fence that surrounds the drive and the eternal light burning over the body of the president, who was assassinated a week ago today.

Mrs. Kennedy made her fifth trip to the grave since the burial Monday. Dressed in black, she knelt, crossed herself, and moved her lips in silent prayer.

Later she flew to Cape Cod for a Thanksgiving reunion with the Kennedy family.

Others joined the pilgrimage to the President's gave, including his brother, Sen. Edward Kennedy of Massachusetts, and his sister, Mrs. Peter Lawford.

While thousands walked to the grave, thousands of others had to leave, turned away by guards who told them they would never get in to see the grave before the day was done.

CARL T. ROWAN, 38, U.S. Ambassador to Finland, will be the new White House press secretary, according to reliable sources. Rowan, a Negro, was formerly a reporter for the Minneapolis Tribune. (AP Wirephoto)

New Advisers' Team Selected At White House

WASHINGTON (AP)—A new team of presidential advisers is sure to shape up in the White House soon, bearing the stamp of Lyndon B. Johnson and Texas.

President Johnson likely will want to keep some of the men who surrounded John F. Kennedy in his two years and 10 months in the White House.

But he won't want to keep all, nor will all want to stay.

The job of presidential aide or adviser usually demands fierce loyalty and at times personal closeness. Presidents want long-time associates and familiar faces around them. Johnson is no exception.

One likely prospect is Bill Moyers, 29, deputy director of the Peace Corps. The slender Texan has been at Johnson's side since the new President succeeded Kennedy.

Some observers predict he will wind up as the new President's No. 1 aide, a job like that of Kennedy's special counsel, Theodore C. Sorensen.

An ordained Baptist minister, Moyers was a newsman for Mrs. Johnson's radio and television stations, a key member of Johnson's staff when the President was Senate majority leader, and a manager of Johnson's unsuccessful drive for the presidential nomination in 1960.

Kenneth O'Donnell, Kennedy's appointments secretary, already has cleared his White House desk, and there is speculation the job may go to Horace Busby, a former Texas newspaperman who has often helped Johnson on speech writing.

White House cources say that Johnson will retain McGeorge Bundy, Kennedy's special assistant for national security affairs.

The White House denies reports that Johnson has accepted the resignation of liberal historian Arthur Schlesinger Jr., a Kennedy assistant - and speech writer.

Most observers expect White House Press Secretary Pierre Salinger to leave. A reliable souce in Helsinki says he will be succeeded by Carl T. Rowan, now ambassador to Finland.

Rowan, 38, a Negro, joined the Kennedy administration as a deputy assistant secretary of state in 1961. He is a former reporter for the Minneapolis Tribune.

Canaveral Now Cape Kennedy

CAPE KENNEDY, Fla. (AP) —Cape Canaveral today bears the name of Cape Kennedy, honoring martyred John F. Kennedy, who designated it as the blastoff point for trips to the moon.

President Lyndon B. Johnson also named this Florida East Coast promontory's vast facilities for rocketry the John F. Kennedy Space Center.

The surprise action Thursday night drew mostly favorable comment here but it posed some problems for businesses which have capitalized on the Cape Canaveral name.

Some officials, including Gov. Farris Bryant of Florida and missile-space program executives, drew heartening inference that Johnson's action means full-speed ahead on the man-in-the moon flight and other projects President Kennedy pushed.

Johnson announced the changes to a nationwide television and radio audience in his Thanksgiving message.

At Cocoa Beach, closest civilian community to the cape, Bernard Fischer, operator of a restaurant, said "I think changing the name of the center is a wonderful idea."

"I don't know about renaming the cape—it's been Cape Canaveral since it was named anything," he said.

Fred Boyer, map consultant for the Rollins College Library, said that name appears on a 1598 war map. "Canaveral" is a Spanish word meaning cane or reed field.

Nation Urged To Look Ahead, Face Challenge

WASHINGTON (AP) — President Johnson, while ordering new honors to the memory of John F. Kennedy, has vowed that his own administration will seek "a new American greatness."

In effect, the new President's brief Thanksgiving Day address to the nation was an appeal to put "this midnight of tragedy" into the past and to look ahead to the work that must be done.

Heavy Schedule Today

"A great leader is dead; a great nation must move on," he declared. "Yesterday is not ours to recover, but tomorrow is ours to win or to lose. I am resolved that we shall win the tomorrows before us."

Johnson plunged into the work with a heavy schedule today today that included meetings with chief military, diplomatic and intelligence advisers.

Speaking of his aims, Johnson said in his radio and television address Thursday night: "I pledge to you the best within me to work for a new American greatness — a new day when peace is more secure, when justice is more universal, when freedom is more strong in every home of all mankind."

The new chief executive announced that to honor Kennedy's memory and "the future of the works he started," the rocket-launching complex at Cape Canaveral, Fla., "shall be known hereafter as Cape Kennedy."

Plea To Banish Hatred

He also said that the neighboring launch pads now being built for the moon exploration program — pads which Kennedy inspected from a helicopter 13 days ago — "shall hereafter be known as the John F. Kennedy Space Center."

Johnson marked the passing of his predecessor also by calling for an end to hatred and fanaticism.

Johnson appealed to all segments of society "to banish rancor from our words and malice from our hearts, to close down the poison spring of hatred and intolerance and fanaticism."

Trial Of Ruby In Dallas May Be Televised

DALLAS (AP)—Jack Ruby's lawyer says television viewers who saw his client kill the accused assassin of President Kennedy also should have a chance to watch as Ruby is tried for murder.

"In this case I think there are strong arguments for live telecasts from the courtroom and I can see no reason why we should object," defense lawyer Tom Howard said Thursday.

Dist. Judge Joe Brown, in whose court the case will come up Dec. 9, said he had not decided whether to admit TV cameras. Under Texas judicial rules, this is a matter left to the judges' discretion.

No Delay Expected

Ruby, 52, a Dallas night club owner, fired a single bullet into the midsection of Lee Harvey Oswald, a pro - Communist charged with killing Kennedy, as police started to transfer Oswald from one jail to another Sunday.

He is being held without bond in the Dallas County Jail, a few yards from where a sniper's bullet mortally wounded the late President a week ago today.

Howard, a veteran Dallas criminal lawyer, said:

"I know it is customary for a continuance to be granted if requested by the defense, but at the present time we have no plans to ask that the trial be delayed...

Governor Improving

"We are handicapped because of the limited funds available. Mr. Ruby is not a wealthy man —in fact, he is a man of modest means. On the other hand, 50 FBI investigators are working against us in addition to to many other government investigators."

It was a mournful Thanksgiving Day in Dallas. A steady stream of cars moved slowly past the scene of the assassination.

Texas Gov. John Connally, wounded by the same sniper, ate Thanksgiving dinner with his wife, three daughters, a brother and sister-in-law.

A physician's statement said Connally's "over-all condition is improving encouragingly, but convalescence naturally will require some time, due to the critical degree of the wounds.

Centennial Year Program Closes On Festive Note

A gala dance that attracted several hundred persons, some in Centennial cotumes, ended the observance of Escanaba's Centennial Year on a festive note last night.

Earlier on Thanksgiving Day, despite a cold rain, scores of interested persons gathered cheerfully at the Municipal Dock to participate in a program consigning to a crypt a time capsule which will be opened in the year 2063.

Beginning Wednesday evening and continuing into Sunday morning the clergy in churches of the community made mention of a century of blessings in connection with the Centennial Thanksgiving.

George Embs, president of the Delta County Historical Society, conducted the impressive ceremony at the Municipal Dock at 11 a. m. A copper box containing mementoes of the Centennial and items of historical significance was placed in a concrete crypt beneath the flag at Municipal Dock.

The American Way

"The moment is indeed solemn," said Embs. "We stand as a balance between the people who enriched our community with their lives in the last 100 years and extend a greeting to the yet unborn souls whom we hope will be here to explore the contents of this capsule in the year 2063. Who they will be or what will be here staggers the imagination."

"Time and events move so much faster that they did in the last 100 years. Our youngest babies will be great great grandparents by that time. People will probably look through these papers and rosters for the names of remote ancestors. Of course, then as always, there will be talk of the good old days."

"Let us pray on this Thanksgiving Day that these unborn descendants of ours will still be living in our city, that they have progressed and prospered with the times, and that the American way of life will continue to prevail throughout our fair land," the Historical Society president said.

The Rev. Robert Selberg, pastor of the Central Methodist Church, gave the invocation and the Rev. Thomas Coleman, St. Patrick's Church, the benediction.

Mayor Harold Vanlerberghe and Mayor Pro-tem George Rusch spoke briefly. The mayor noted the sadness of the country in mourning for the death of President Kennedy and read the Thanksgiving proclamation which the assassinated President had prepared before his death.

The Escanaba City Band directed by Cecil Collins played the national anthem. Dave Coon, Historical Society secretary and Museum director, raised the flag to the top of the flag pole and then lowered it to half-staff.

Today the copper box was placed in the crypt by city workmen. The opening was sealed with concrete. Later the Historical Society will mark the spot with a bronze plaque, and plans are being made to further dignify the site by the erection of a large anchor from an early-day sailing ship.

At Teamsters Hall about 700 persons gathered in two ballrooms to dance to the music of two orchestras — the Wise Men with George Wise directing, and Harlan Lippold's Dixieland Band.

A number of the dancers attended in Centennial costumes and the music and dancing ranged from those of an earlier day to the latest steps and tunes.

Trophies were presented by the Wise Men to several of the dancers in recognition of best costumes, best dancers and so forth.

Among those receiving trophies were Mr. and Mrs. Howard Dufour, Mr. and Mrs. Homer LaMarche, Mr. and Mrs. Frank Rodman, Robert McDonough and Miss Darlene Charon.

Pictures Taken In Three Waves

WASHINGTON (AP)—President Johnson posed for his first formal portraits today before three waves of photographers.

The new President, in a dark blue suit, blue shirt and matching tie, with the emblem of the Silver Star on his lapel sat patiently before the lights as the photographers snapped.

So many photographers turned out for the formal picture-taking session that they had to be sent in in three waves, two taking still pictures and the last motion pictures.

Johnson sat at his desk, sometimes writing on a pad of legal-size paper, sometimes fingering his plastic-framed glasses.

On his desk were two telephones, several pictures, one pen set and a few other items. Reporters could not see whose pictures he had on his desk.

The round with photographers was Johnson's first business of the day.

Churchill Will Be 89 Saturday

LONDON (AP)—Sir Winston Churchill, still fond of a hearty meal and a good cigar, will be 89 Saturday.

"He's feeling very fit," said a family spokesman, "'better than in a long time."

Churchill dined Thursday night with London's exclusive The Other Club, which he and Lord Birkenhead founded in 1911. Its members get together solely to indulge their taste for good food, drink and conversation.

Churchill presided at the dinner for 20 men. The menu included smoked salmon, oysters, dressed cram, filet of sole, saddle of lamb, sliced pears and ice cream with chocolate sauce.

Since he broke his hip in a fall in 1962, Churchill has been much less active. His hearing is bad. Often his mind wanders back to events of long ago while he forgets those of yesterday.

But occasionally there are flashes of the brilliance and clarity of mind so characteristic of his long career, say close friends.

This has been a year clouded with sadness.

His oldest child, Diana, killed herself. The husband of his actress daughter, Sarah, died of a heart attack.

His happiest moment probably came when he and his wife celebrated their 55th wedding anniversary Sept. 12.

A few relatives will gather at Churchill's London home Saturday for a family celebration.

"Nothing special," said the family spokesman, "yet very special as all 89th birthdays must be."

Today's Chuckle

One sure way to get your wife to return from an extended vacation is to send her the hometown newspaper with a clipping removed from the "personal items."

Limit On British Fishing Extended

LONDON (AP)—Britain will abandon its traditional 3-mile offshore fishing limit in retaliation against extensions by other nations, the Times of London said today.

The newspaper said Britain would announce an extension of its waters barred to foreign fishermen to 12 miles at the International Fisheries Conference which begins in London Tuesday.

Survived By 111

IONIA (AP)—Mrs. Anna G. Smith of nearby Portland, who died Wednesday at the age of 93, leaves 111 living descendants. These include seven children, 39 grandchildren and 65 great-grandchildren.

Flint Planning Water Pipeline

FLINT (AP)—The Flint City Commission has decided to improve its own water system rather than buy water from Detroit. The commission voted, 6 to 3, against a proposal to buy Detroit water. Work on Flint's proposed $50 million pipeline to Lake Huron was held up pending a decision on the Detroit offer.

Weather

Jail Contracts Are Deferred At Bid Opening

Thirty-three business firms were represented at the opening of bids for the new Delta County jail, which was conducted by the Buildings and Grounds committee of the Delta County Board of Supervisors, in the County Building Wednesday afternoon.

No contracts were awarded in the session Wednesday. The bids will be evaluated by the committee and an announcement on action made later.

Bids on various phases of the jail project follow:

General Contracting — Alfredson Bros. Construction of Menominee, $237,800; Caspian Construction Co., Caspian, $252,264; Herman Gundlach, Inc., Houghton, $287,950; Howard Herrild Builders, Menominee, $233,750; R. G. Joiner Co., Iron Mountain, $271,700; Olsen & Flath, Escanaba, $232,381; Noah Piquette, Menominee, $259,000; and Proksch Construction Co., Iron River, $254,000.

Mechanical — Berger & Robinson, Escanaba, $69,450; Branz Mechanical Contractors, Iron Mountain, $76,700; Cherne Contracting Co., Ironwood, $93,500; Cloverland Contracting, Crystal Falls, $76,907; Hoholik Plumbing, Manistique, $83,520; Industrial Piping Co., Ironwood, $83,900; Modern Plumbing, Marinette, $74,432; and Peninsula Co. of Menominee, $73,373.

Electrical — Berger & Robinson, Escanaba, $29,800; Cloverland Contracting, Crystal Falls, $26,998; George Herro Electric, Escanaba, $53,400; M. J. Electric, Iron Mountain, $24,988; Rapid Electric, Rapid River, $24,595; Somes Electric, Sault Ste. Marie, $26,993; and V & M Electric of Menominee, $24,450.

Jail Equipment — Decatur Iron & Steel, Decatur, Ill., $25,975; Fries & Son, Covington, Kentucky, $43,890; Herrick Iron Works, Hayward, Calif., $25,900; Pauly Jail Building Co., St. Louis, Mo., $56,640; and Stewart Iron Works Co., also of Covington, Ky., $27,500.

Kitchen Equipment — Bay Fixture & Air Conditioning Corp., Green Bay, Wis., $8,878; Canton China & Equipment, Detroit, $9,074; Hiawatha Chef Supply, Escanaba, $8,461; A. L. Kiefer Co., Milwaukee, $8,944; and F. D. Stella Products Co., also of Detroit, $9,000

Once the bids have been awarded the project will get underway immediately. It is the hope of the Building & Grounds Committee that by the early part of January the footings for the new facility will be installed.

Delta County's new $354,000 jail is being built with the assistance of a federal grant of $177,000 under the Accelerated Public Works Act. The rest of the money was approved in a millage election Sept. 30. Voters approved a 2 mill levy for one year to meet the county's half of the cost.

Members of the Building & Grounds committee include: L. J. Jacobs, chairman; Jacob A. Bink of Escanaba; Phil Miron, Ford River; Glenn Moreau of Escanaba, and George Young and Frank Stupak, both of Gladstone.

Also present for the bid opening were Atty. James Chapekis and Charles Sedenquist, chairman of the Delta County Board of Supervisors.

Mario Pei, the noted linguist, calls Swahili "the worthiest and most dignified of all African Negro tongues." He recommends it as a national language for African nations south of the Sahara.

IN AN office adjacent to the Dallas chief of police, contributions are pouring in from all over the country to help the families of slain gunman Lee H. Oswald and J. D. Tippit, the policeman shot dead while questioning Oswald. The donations ranged from those of youngsters who sent their monthly allowances to the $25,000 given by a Dallas clothing manufacturer for the family of patrolman Tippit. (AP Wirephoto)

Agri-Business Is Largest Industry

Agri-business is nation's largest industry, employing 7 million workers directly and creating 16 million more farm-related jobs.

Yet the farming industry, relative to other segments of society, has lost rather than gained status since the United States was founded. The interests of the farmer were dominant then.

The efficiency of the farmer has made him a minority group in society, according to Michigan State University agricultural economists.

Today, only 7.7 per cent of the total population live on farms. In Michigan, only 6 per cent live on farms.

This small farm group feeds the entire American population with surplus for export and storage in case of national emergency. Each farm worker feeds 28 Americans.

In Michigan in 1910, there were 207,000 farms containing 19 million acres and nearly 30 per cent of the population. Today, there are only 111,000 farms with less than 15 million acres.

Even with this decrease in total acres farmed, the Michigan farmer still has increased the number of persons he feeds.

The increased farm efficiency has presented the average American family with the lowest food bill, relative to income.

Other countries spend a much higher proportion of their income for food.

The Soviet Union devotes nearly half its population efforts to agriculture, and still has trouble reaching production goals.

Of the 19 cents of their income dollar that the average family spends on food, about seven cents goes to the farmer, on the average. The remaining 12 cents of the 19 goes to those who handle, process and package it. The farmer gets 38 cents out of each consumer dollar spent for food.

Bread, for exampde, costs about 24 cents a loaf. Only 2.6 cents goes for the wheat in it, and other farm products add about one half cent. This totals 3.1 cents for the farmer. The baker-wholesaler gets 11.5 cents, and milling, retailing, transportation, storage and handling gets the rest.

Milk brings an average of 9 cents a quart to the farmer, and 22 cents a quart to the retailer.

Efficient farming, takes more persons from direct contact with the soil. It enables us to keep a larger proportion of our working-age public in schols, learning new skills.

It also frees people from working directly with food and puts them in other areas, producing less essential things that makes the U.S. standard of living the highest in the world.

Food production is only 5 per cent of the gross national production in the U.S. In the Soviet Union, it is 30 per cent. This shows that, while we eat better than the Soviets, it takes a smaller proportion of our economy to do it.

Hit By Bullet

EAST TAWAS (AP) — Mrs. Lorena Packard, about 50, of Bay City, was wounded in a hunting accident Thursday near Au Gres in Arenac County. State Police said Mrs. Packard was hit in the face by a .22 rifle bullet.

Tenure Drive Wins Signers

The Michigan Education Association's campaign to obtain 250,000 or more signatures on a petition for statewide teacher tenure received excellent support in Delta Counthy, it is announced by Robert Olsen, chairman for the petition campaign in Delta County.

Petitions bearing a total of 4,320 signatures, 306 per cent over the quota of 1,410 from Delta County, have been forwarded to the office of the Secretary of State in Lansing.

The campaign has been successful in all Upper Michigan counties, according to the MEA. All three MEA regions composing the 15 U. P. counties have met and exceeded their assigned quota of signatures.

Statewide teacher tenure has received endorsement from Michigan's political leaders, civic groups and educational organizations. Twenty - four states and the District of Columbia have teacher tenure laws similar to those proposed by the MEA. At present Michigan has a permissive law that was passed in 1937. The law is effective only in those school districts voting to accept it. Sixty districts have adopted the 1937 act with the most recent being the Detroit suburb of Heintzen.

Region 17 of the MEA will later honor a group of teachers who obtained 100 or more signatures for the petitions, said Olsen. In Delta County they are Norman Peterson and Dorrine Anderson of Gladstone; Dorothy Nichols and Robert Olsen of Rapid River; Leona Erickson and June Hansen of Escanaba; and Wayne Christoff, Flat Rock.

School and building representatives for the petition campaign headed by Olsen are:

William Constantineau, Dorrine Anderson, Wayne Christoff, Roman Gill, Norman Peterson, Eugene Maki, Tom Hughson, Ed Havitz, William Suriano, Jennie Maurina, Marion Oliver, Alta Cass, Darrel Bengry, Lois Friberg, June Ferguson and John Holochwost.

Inquiry Dec. 11 On Drug Sales

WASHINGTON (AP) — The Senate Antitrust Subcommittee has put off until Dec. 11 a decision on whether to investigate charges that American drug firms interfered with cut-rate drug sales in Latin America.

Chairman Philip A. Hart, D-Mich., says subpoenas requiring the Pharmaceutical Manufacturers Association and seven major drug firms to produce documents relating to their operations in Colombia have been extended to Jan. 2 They were returnable Dec. 2.

The subcommittee has been looking into charges that the subpoenaed firms were interfering with attempts by McKesson & Robbins largest American drug wholesaler, to sell drugs in Colombia at reduced prices under their generic rather than their trade names.

Senate Republican Leader Everett M. Dirksen of Illinois, a subcommittee member, said that at the Dec. 11 meeting he will move that the investigation be referreed to the Justice Department for such action as it deems necessary.

Escanaba Gains In Construction

In the Ninth Federal Reserve District 5,246 construction permits were issued in October for both new buildings and repairs and alterations, with a total valuation of $64,782,418. This was an increase from $52,968,959 for 5,398 permits issued in October of 1962, according to the Federal Reserve Bank of Minneapolis. Cumulative totals for the first 10 months of 1963 show that 41,409 permits, valued at $524,918,696 were issued compared with 41,701 permits, valued at $482,889,950 in 1962.

In the Upper Peninsula of Michigan, the total October valuation increased from $363,675 in 1962 to $374,315 in 1963. The cumulative total of $2,776,324 for the first 10 months of this year decreased from the $3,450,156 recorded during the comparable period last year.

In Minnesota, Montana, South Dakota and Wisconsin the cumulative total increased, and in North Dakota it decreased.

In Escanaba, the total valuation of building permits issued in the first 10 months of 1963 was reported at $896,200 compared with $534,450 for last year.

In Gladstone the January-through - October cumulative total of value of permits was $104,400 compared with $242,200 in the same period a year ago. Bark River Township also slipped from $75,000 a year ago to $34,500 this year.

Hancock, Iron Mountain, Ishpeming, Negaunee and Sault Ste. Marie all reported reductions in building permits this year, but Ironwood, which has been in an economic crisis because of Gogebic Range iron mining collapse, had a total of $124,425 in valuation of building permits in the first 10 months compared with $60,760 in the same period a year ago.

City Hall Site In Detroit May Honor Kennedy

DETROIT (AP) — Mayor Jerome Cavanagh and City Council President Ed Carey have proposed that the Old City Hall site be named for the late President John F. Kennedy "as a constant reminder of his tragic death and his greatness as a president."

In a joint announcement Cavanagh and Carey said they will make their recommendation to the City Plan Commission this week.

"There is an overwhelming indication by the people of Detroit that this city should have a memorial to President Kennedy," Cavanagh said.

"The Old City Hall site would be beautifully landscaped and no better place could be found where a memorial would be would be seen by so many thousands every day," he said.

Both Cavanagh and Carey previously asked that the Old City Hall site be named after the late Frank Murphy, former mayor and former U.S. Supreme Court Justice.

Crossing Guard To Aid Children

Children will have a safer crossing of Stephenson Ave. at 2nd Ave. N. starting on Monday next week, Police Chief Harold Finman said today.

The crossing is hazardous to children going to and from the Washington School.

Rurick Carlson of 1428 N. 20th St. will be at the crossing to assist the children through traffic in the morning, at the noon hour and in the afternoon.

Firm Bankrupt; Can't Sell Stock Of Smoked Fish

DETROIT (AP) — Bloom Brothers Smoked Fish Co. asked to be declared bankrupt Tuesday. The firm can't sell 20,000 pounds of smoked fish because of the "botulism scare," its attorney said.

Attorney Irving B. Ackerman petitioned for involuntary bankruptcy. The case was assigned to Federal Bankruptcy Referee Joseph C. Murphy.

Bloom Brothers owes $166,000, has $50,000 in assets but can't market its stock of fish, the firm said.

The Great Lakes fishing industry has said men were laid off and operations halted when fish sales fell after seven deaths were attributed to botulism poisoning.

Albin Anderson Taken By Death

Albin R. Anderson, 69, of 218 N. 18th St., life-long resident of Escanaba, died at 5:45 a. m. today at St. Francis Hospital, where he had been a patient four days.

Mr. Anderson was born May 3, 1894 in Escanaba and was a retired switchman for the Chicago & North Western Railway. He was a member of Odd Fellows, Lodge 640, and the North Star Lodge.

He is survived by his wife, Rose, three daughters, Mrs. William (Dorothy) Billings, Lansing, Anita Rose, at home and Mrs. Leonard (Nancy C.) Hunt, Lansing, one son, Llewellyn, Escanaba, ten grandchildren and three great grandchildren, two brothers, Victor and Edwin Anderson, and one sister, Miss Hannah Anderson, Escanaba.

Friends may call at the Anderson Funeral Home after 4 p. m. Sunday. Complete funeral services will be held Monday at 1:30 p. m. at the funeral home chapel. Pastor Walfred Nelson of Bethany will officiate. Burial will be in Gardens of Rest Cemetery.

Odd Fellows will conduct memorial services Sunday at 8 p. m. at the funeral home.

Jail Contracts Are Deferred At Bid Opening

Thirty-three business firms were represented at the opening of bids for the new Delta County jail, which was conducted by the Buildings and Grounds committee of the Delta County Board of Supervisors, in the County Building Wednesday afternoon.

No contracts were awarded in the session Wednesday. The bids will be evaluated by the committee and an announcement on action made later.

Bids on various phases of the jail project follow:

General Contracting — Alfredson Bros. Construction of Menominee, $237,800; Caspian Construction Co., Caspian, $252,264; Herman Gundlach, Inc., Houghton, $287,950; Howard Herrild Builders, Menominee, $233,750; R. G. Joiner Co., Iron Mountain, $271,700; Olsen & Flath, Escanaba, $232,381; Noah Piquette, Menominee, $259,000; and Proksch Construction Co., Iron River, $254,000.

Mechanical — Berger & Robinson, Escanaba, $69,450; Branz Mechanical Contractors, Iron Mountain, $76,700; Cherne Contracting Co., Ironwood, $93,500; Cloverland Contracting, Crystal Falls, $76,907; Hoholik Plumbing, Manistique, $83,520; Industrial Piping Co., Ironwood, $83,900; Modern Plumbing, Marinette, $74,432; and Peninsula Co. of Menominee, $73,373.

Electrical — Berger & Robinson, Escanaba, $29,800; Cloverland Contracting, Crystal Falls, $26,998; George Herro Electric, Escanaba, $53,400; M. J. Electric, Iron Mountain, $24,988; Rapid Electric, Rapid River, $24,595; Somes Electric, Sault Ste. Marie, $26,993; and V & M Electric of Menominee, $24,450.

Jail Equipment — Decatur Iron & Steel, Decatur, Ill., $25,975; Fries & Son, Covington, Kentucky, $43,890; Herrick Iron Works, Hayward, Calif., $25,900; Pauly Jail Building Co., St. Louis, Mo., $56,640; and Stewart Iron Works Co., also of Covington, Ky., $27,500.

Kitchen Equipment — Bay Fixture & Air Conditioning Corp., Green Bay, Wis., $8,878; Canton China & Equipment, Detroit, $9,074; Hiawatha Chef Supply, Escanaba, $8,461; A. L. Kiefer Co., Milwaukee, $8,944; and F. D. Stella Products Co., also of Detroit, $9,000

Once the bids have been awarded the project will get underway immediately. It is the hope of the Building & Grounds Committee that by the early part of January the footings for the new facility will be installed.

Delta County's new $354,000 jail is being built with the assistance of a federal grant of $177,000 under the Acceierated Public Works Act. The rest of the money was approved in a millage election Sept. 30. Voters approved a 2 mill levy for one year to meet the county's half of the cost.

Members of the Building & Grounds committee include: L. J. Jacobs, chairman; Jacob A. Bink of Escanaba; Phil Miron, Ford River; Glenn Moreau of Escanaba, and George Young and Frank Stupak, both of Gladstone.

Also present for the bid opening were Atty. James Chapekis and Charles Sedenquist, chairman of the Delta County Board of Supervisors.

Mario Pei, the noted linguist, calls Swahili "the worthiest and most dignified of all African Negro tongues." He recomments it as a national language for African nations south of the Sahara.

Agri-Business Is Largest Industry

Agri-business is nation's largest industry, employing 7 million workers directly and creating 16 million more farm-related jobs.

Yet the farming industry, relative to other segments of society, has lost rather than gained status since the United States was founded. The interests of the farmer were dominant then.

The efficiency of the farmer has made him a minority group in society, according to Michigan State University agricultural economists.

Today, only 7.7 per cent of the total population live on farms. In Michigan, only 6 per cent live on farms.

This small farm group feeds the entire American population with surplus for export and storage in case of national emergency. Each farm worker feeds 28 Americans.

In Michigan in 1910, there were 207,000 farms containing 19 million acres and nearly 30 per cent of the population. Today, there are only 111,000 farms with less than 15 million acres.

Even with this decrease in total acres farmed, the Michigan farmer still has increased the number of persons he feeds.

The increased farm efficiency has presented the average American family with the lowest food bill, relative to income.

Other countries spend a much higher proportion of their income for food.

The Soviet Union devotes nearly half its population efforts to agriculture, and still has trouble reaching production goals.

Of the 19 cents of their income dollar that the average family spends on food, about seven cents goes to the farmer, on the average. The remaining 12 cents of the 19 goes to those who handle, process and package it. The farmer gets 38 cents out of each consumer dollar spent for food.

Bread, for exampde, costs about 24 cents a loaf. Only 2.6 cents goes for the wheat in it, and other farm products add about one half cent. This totals 3.1 cents for the farmer. The baker-wholesaler gets 11.5 cents, and milling, retailing, transportation, storage and handling gets the rest.

Milk brings an average of 9 cents a quart to the farmer, and 22 cents a quart to the retailer.

Efficient farming, takes more persons from direct contact with the soil. It enables us to keep a larger proportion of our working-age public in schols, learning new skills.

It also frees people from working directly with food and puts them in other areas, producing less essential things that makes the U.S. standard of living the highest in the world.

Food production is only 5 per cent of the gross national production in the U.S. In the Soviet Union, it is 30 per cent. This shows that, while we eat better than the Soviets, it takes a smaller proportion of our economy to do it.

Hit By Bullet

EAST TAWAS (AP) — Mrs. Lorena Packard, about 50, of Bay City, was wounded in a hunting accident Thursday near Au Gres in Arenac County. State Police said Mrs. Packard was hit in the face by a .22 rifle bullet.

Tenure Drive Wins Signers

The Michigan Education Association's campaign to obtain 250,000 or more signatures on a petition for statewide teacher tenure received excellent support in Delta Counthy, it is announced by Robert Olsen, chairman for the petition campaign in Delta County.

Petitions bearing a total of 4,320 signatures, 306 per cent over the quota of 1,410 from Delta County, have been forwarded to the office of the Secretary of State in Lansing.

The campaign has been successful in all Upper Michigan counties, according to the MEA. All three MEA regions composing the 15 U. P. counties have met and exceeded their assigned quota of signatures.

Statewide teacher tenure has received endorsement from Michigan's political leaders, civic groups and educational organizations. Twenty - four states and the District of Columbia have teacher tenure laws similar to those proposed by the MEA. At present Michigan has a permissive law that was passed in 1937. The law is effective only in those school districts voting to accept it. Sixty districts have adopted the 1937 act with the most recent being the Detroit suburb of Heintzen.

Region 17 of the MEA will later honor a group of teachers who obtained 100 or more signatures for the petitions, said Olsen. In Delta County they are Norman Peterson and Dorrine Anderson of Gladstone; Dorothy Nichols and Robert Olsen of Rapid River; Leona Erickson and June Hansen of Escanaba; and Wayne Christoff, Flat Rock.

School and building representatives for the petition campaign headed by Olsen are:

William Constantineau, Dorrine Anderson, Wayne Christoff, Roman Gill, Norman Peterson, Eugene Maki, Tom Hughson, Ed Havitz, William Suriano, Jennie Maurina, Marion Oliver, Alta Cass, Darrel Bengry, Lois Friberg, June Ferguson and John Holochwost.

Inquiry Dec. 11 On Drug Sales

WASHINGTON (AP) — The Senate Antitrust Subcommittee has put off until Dec. 11 a decision on whether to investigate charges that American drug firms interfered with cut-rate drug sales in Latin America.

Chairman Philip A. Hart, D-Mich., says subpoenas requiring the Pharmaceutical Manufacturers Association and seven major drug firms to produce documents relating to their operations in Colombia have been extended to Jan. 2 They were returnable Dec. 2.

The subcommittee has been looking into charges that the subpoenaed firms were interfering with attempts by McKesson & Robbins largest American drug wholesaler, to sell drugs in Colombia at reduced prices under their generic rather than their trade names.

Senate Republican Leader Everett M. Dirksen of Illinois, a subcommittee member, said that at the Dec. 11 meeting he will move that the investigation be referreed to the Justice Department for such action as it deems necessary.

Escanaba Gains In Construction

In the Ninth Federal Reserve District 5,246 construction permits were issued in October for both new buildings and repairs and alterations, with a total valuation of $64,782,418. This was an increase from $52,968,959 for 5,398 permits issued in October of 1962, according to the Federal Reserve Bank of Minneapolis. Cumulative totals for the first 10 months of 1963 show that 41,409 permits, valued at $524,918,696 were issued compared with 41,701 permits, valued at $482,889,950 in 1962.

In the Upper Peninsula of Michigan, the total October valuation increased from $363,675 in 1962 to $374,315 in 1963. The cumulative total of $2,776,324 for the first 10 months of this year decreased from the $3,450,156 recorded during the comparable period last year.

In Minnesota, Montana, South Dakota and Wisconsin the cumulative total increased, and in North Dakota it decreased.

In Escanaba, the total valuation of building permits issued in the first 10 months of 1963 was reported at $896,200 compared with $534,450 for last year.

In Gladstone the January-through - October cumulative total of value of permits was $104,400 compared with $242,200 in the same period a year ago. Bark River Township also slipped from $75,000 a year ago to $34,500 this year.

Hancock, Iron Mountain, Ishpeming, Negaunee and Sault Ste. Marie all reported reductions in building permits this year, but Ironwood, which has been in an economic crisis because of Gogebic Range iron mining collapse, had a total of $124,425 in valuation of building permits in the first 10 months compared with $60,760 in the same period a year ago.

City Hall Site In Detroit May Honor Kennedy

DETROIT (AP) — Mayor Jerome Cavanagh and City Council President Ed Carey have proposed that the Old City Hall site be named for the late President John F. Kennedy "as a constant reminder of his tragic death and his greatness as a president."

In a joint announcement Cavanagh and Carey said they will make their recommendation to the City Plan Commission this week.

"There is an overwhelming indication by the people of Detroit that this city should have a memorial to President Kennedy," Cavanagh said.

"The Old City Hall site would be beautifully landscaped and no better place could be found where a memorial would be would be seen by so many thousands every day," he said.

Both Cavanagh and Carey previously asked that the Old City Hall site be named after the late Frank Murphy, former mayor and former U.S. Supreme Court Justice.

Crossing Guard To Aid Children

Children will have a safer crossing of Stephenson Ave. at 2nd Ave. N. starting on Monday next week, Police Chief Harold Finman said today.

The crossing is hazardous to children going to and from the Washington School.

Rurick Carlson of 1428 N. 20th St. will be at the crossing to assist the children through traffic in the morning, at the noon hour and in the afternoon.

Firm Bankrupt; Can't Sell Stock Of Smoked Fish

DETROIT (AP) — Bloom Brothers Smoked Fish Co. asked to be declared bankrupt Tuesday. The firm can't sell 20,000 pounds of smoked fish because of the "botulism scare," its attorney said.

Attorney Irving B. Ackerman petitioned for involuntary bankruptcy. The case was assigned to Federal Bankruptcy Referee Joseph C. Murphy.

Bloom Brothers owes $166,000, has $50,000 in assets but can't market its stock of fish, the firm said.

The Great Lakes fishing industry has said men were laid off and operations halted when fish sales fell after seven deaths were attributed to botulism poisoning.

Albin Anderson Taken By Death

Albin R. Anderson, 69, of 218 N. 18th St., life-long resident of Escanaba, died at 5:45 a. m. today at St. Francis Hospital, where he had been a patient four days.

Mr. Anderson was born May 3, 1894 in Escanaba and was a retired switchman for the Chicago & North Western Railway. He was a member of Odd Fellows, Lodge 640, and the North Star Lodge.

He is survived by his wife, Rose, three daughters, Mrs. William (Dorothy) Billings, Lansing, Anita Rose, at home and Mrs. Leonard (Nancy C.) Hunt, Lansing, one son, Llewellyn, Escanaba, ten grandchildren and three great grandchildren, two brothers, Victor and Edwin Anderson, and one sister, Miss Hannah Anderson, Escanaba.

Friends may call at the Anderson Funeral Home after 4 p. m. Sunday. Complete funeral services will be held Monday at 1:30 p. m. at the funeral home chapel. Pastor Walfred Nelson of Bethany will officiate. Burial will be in Gardens of Rest Cemetery.

Odd Fellows will conduct memorial services Sunday at 8 p. m. at the funeral home.

JAMES G. WARD JR., Associate Publisher JEAN WORTH, Editor

Our Internal Enemy

The Old World regards young America as a place of violence. It has adopted our Wild West for its entertainment more as something now extant and credible than as a grossly fictionalized version of a long gone era. It has read about Jesse James, Killer Burke, John Dillinger, Lucky Luciano and Al Capone and thinks Americans regard them as folk heros instead of criminals.

This reaction to American criminality is so out-of-focus that Americans laugh it off. But Americans in turn are out of focus about the actuality of crime in America. There is no greater national lie here than the trite old maxim: "Crime doesn't pay." It pays enormously.

★ ★ ★

History may very well say of our times that we spent most of the national budget on defense against the Russians and that our preoccupation with this external threat to our national security diverted attention from the criminals in our midst. The American people appear not much concerned about big crime in our country, although they have been warned often about it. Herein lies our great peril, for big crime is operating with increasing impunity; dealing in huge amounts, running legitimate businesses in a criminal manner.

The big criminals have huge resources to be used for bribery of public officials and lots of muscle to enforce their orders. But their greatest strength is in an American public easing its old morality and tolerating "a little crookedness" as inevitable and no great harm. National scandals like the Bobby Baker case create distrust in government and make crime confrontment more difficult.

★ ★ ★

The situation poses for the American system of justice a growing problem. Is America to be scrupulous in the courts but tolerate an extra-legal system of gangland "justice" that operates by extortion, assassination and intimidation? This situation prevails.

★ ★ ★

Our American freedoms were come by in such a hard way and over so many centuries—we inherited as well as created our system of justice—that our bar is properly loath to indulge summary justice; insisting upon the use of due process to give the accused all the protections of the law. This fine tradition of fair play has brought protection of individual freedom but has made more difficult the bagging of rich malefactors.

"Taking a Fifth" (pleading the Fifth Amendment to the Constitution, which prohibits among other things requiring a person charged with crime to be a witness against himself) has become so commonplace that the implications of the witness' involvement in the crime charged appear not to register upon the public.

Better that a hundred guilty men should go free than that one innocent man should suffer, we say. This is good logic, but the manner of its practice tends to create two systems of justice in America, one within the law and one outside of it. We protest police use of aids that infringe upon privacy or privileges but we give no such support to police efforts to deal with the enemies of society who threaten these blessings.

★ ★ ★

It will be difficult for America to achieve a judicial sophistication which will enable the nation to cope with modern criminals who pervert the protections of the law. These new enemies are not labeled; they do not openly engage in criminal practices; they infiltrate legitimate businesses.

And when they band together into empires of crime like that whose assembly at Appalachia, New York was raided by State Police, the extent of this national cancer is indicated. The press poo-poohed Joe Valachi, the paid killer who informed on the Cosa Nostra (Our Thing) crime network, because he told of things past. But his report was a window on the underworld that should give all Americans concern about the adequacy of our police and judicial systems to deal with this new evil of criminal industry.

★ ★ ★

The current problem grows most directly out of Prohibition, the 30th anniversary of whose repeal the nation marks on Dec. 5. Prohibition brought on our greatest era of national corruption. Millions of Americans flaunted the law, encouraged men who broke it, and accepted corruption of officials. The deterioration of national morals was unprecedented. Repeal of Prohibition solved the problem of illegal liquor but not that of national corruption.

Crime in the United States has increased four times faster than population in the past 5 years. In the past year auto thefts (over 356,000) were up 9 pct. Property stolen last year was valued at more than $650 million. Arrests for all criminal acts increased, female arrests increased faster than male arrests and arrest of young people under 18 were up 9 pct. over the previous year.

In the richest country in the world. In the country that leads the free world. In the country that spends more on education than any other in the world, this is a shameful record.

Third Assassination

Party Functions To Be Curtailed Through Dec. 22

LANSING (AP) — The chairmen of Michigan's two major political parties said that out of respect for the late president, party functions will be held to a minimum through Dec. 22.

Republican Gov. George Romney has called for such action in his proclamation of a month of mourning, beginning with the day President Kennnedy was assassinated in Dallas.

Democratic State Chairman Zolton Frency said his party party "has no rallies, events, or entertainments scheduled for the period and none will be. We will go ahead with activities in connection with the special legislative session and programming for the coming regular session but this will be in non-public meetings of Democrats."

Letters To The Press

Contributions to this column are welcome. They should be brief and must be signed, but signatures will be withheld on request.

RED CROSS PRAISED

Pvt. Robert Heslip, son of Mr. and Mrs. Gerald Heslip Sr. of 1800 10th Ave. S., Escanaba, wrote to his parents from a hospital bed in New York. Because of his comments about the American Red Cross his letter has been submitted to the Daily Press for publication.

Nov. 19, 1963

Dear Mom and Dad:

Well, I just had to write to you today. The Red Cross lady just came through the hospital and gave each and every one of us a carton of cigarettes, matches, pencil, pen, candy, tooth paste, shaving cream, soap, razor and blades—also this paper and envelopes and four stamps.

Boy, this is the nicest outfit I've ever seen. She also gave us coffee and cake. Pretty nice. You can tell Mrs. Hamilton (Note: Mrs. Betty Hamilton is Delta County Red Cross Chapter secretary) that she is with one of the best outfits in the country. They try and make you feel right at home, let me tell you. Oh, and they also gave me a tooth brush, too.

I didn't quite understand what the Red Cross meant but now I know, and if they ever need blood I'll be one of the first to give it.

Robert Heslip

MEMORIAL

An Open Letter to the Escanaba Area Board of Education:

America has suffered a tragic loss in the savage assassination of President Kennedy. For a brief moment in the history of this Republic ignorance, intolerance, and hate prevailed in one man's mind and in that moment the country lost a brave and able patriot, two children lost their father, and a noble woman lost her husband.

A great deal has been said and much more will be said about what can be done to protect the President's life. We could insulate him from the public with Secret Service men and bullet proof glass, but in a free society the chief executive should not be insulated from the people. He needs direct contact with the people and the people need direct contact with him. The safety of future presidents and the safety of the Republic depend on the elimination of intolerance, hate, and ignorance.

Surely we can't solve this awesome national problem from Escanaba, but we can light one candle. I would like to suggest that the next school built in Escanaba be named in honor of John Fitzgerald Kennedy; this in recognition of the fact that an educated tolerant citizenry is the cornerstone of a free society.

Respectfully,
John Walbridge
214 S. 6th St.

Gov. Sigler Died 10 Years Ago In Blazing Plane

By BOB VOGES

LANSING (AP)—Kim Sigler, who skyrocketed to fame and the governor's chair as a graft grand jury special prosecutor, died in flames 10 years ago this Saturday.

Sigler, governor in 1947-48, was the last Republican to hold the post before Gov. George Romney took office.

Sigler died on a murky Nov. 30, 1953, when the small plane he was piloting hit a guy wire and tower of a television transmission antenna northwest of Battle Creek.

Killed with him were his secretary, Mrs. Ruth Prentice; Harold Shuyler and his wife, Virginia, all of Lansing.

Tank Sxplodes

A fuel tank exploded and the plane was a smoking, twisted mass of wreckage when first witnesses reached the scene.

Sigler was flying from South Bend, Ind., to Lansing, the last hop of a trip from New Orleans and Mississippi. The Weather Bureau at South Bend had advised Sigler before he took off that conditions over Michigan were "extremely poor" for flying.

Sigler, 59, decided to press on. He had flown as far as the southern tip of Chili all across the continent and past the rim of the Artic Circle.

His only air mishaps had been minor ones—a bent propellor when he overran the runway at Grand Ledge and a successful emergency landing on a highway in Utah.

There was a shock of disbelief. Michigan found it hard to realize the vivid 38th governor was dead.

A eulogy described him as "colorful in personality, full of imagination, eloquent of speech."

He Was Colorful

Rep. Paul Morrison, who delivered it, compared Sigler to the biblical King David who fought reforms but did not live to see his dreams fulfilled.

Colorful was the correct word for Sigler.

How else would you describe a former cowboy, boxer, football player, factory worker, trial lawyer, governor, golfer, football fan and pilot?

Sigler was born in Nebraska, son of a prosperous cattle raiser and was a cowboy as a youth.

He waited on tables while at the University of Michigan and worked in the Ford Highland Park plant while studying for his law degree at the University of Detroit.

Noted Trial Lawyer

After practicing law in Detroit, he set up shop in Hastings and became one of the best known trial lawyers in western Michigan.

Sgiler's boost to fame came came when now Chief Justice Leland Carr of the State Supreme Court started a grand jury investigation into reports that legislators were being bribed "with bankrolls big enough to choke a horse."

This became known as the Carr - Sigler Grand Jury. For nearly two years the jury made constant headlines. There finally was a total of 115 persons—including 54 legislators — indicted on varying charges of bribe-giving and taking and corruption.

Convictions weren't as easy to get as indictments, but Sigler's name became a household word in Michigan. Sigler eventually resigned as special prosecutor in 1946 when the Senate accused him of wasting money by keeping witnesses in luxury to assure their testimony.

Whipped Van Wagoner

Sigler struck back by running for governor on the Republican ticket. He beat the second term ambitions of Democratic Gov. Murray Van Wagoner by a whopping 359,000-vote majority.

He had rough sledding with his Republican legislature. The Senate, particularly, didn't like him and wrecked a proposed government reform program.

With only lukewarm party support, Sigler ran for a second term. He was beaten by then political unknown, Democrat G. Mennen Williams whom Sigler had appointed to the Liquor Control Commission.

Sigler retired to a private law practice and multiple business interests in 1949. He became more and more interested in flying.

Sigler's wife, Mae, survived him by nearly 10 years. She She died at the age of 69 last Oct. 22 at Colgate, Okla. They are buried side by side now in the family plot at Hastings.

Memory Lane

By J. R. LOWELL

Ten Years Ago

Ray Jurmu, of Escanaba, who deals extensively in Christmas trees for many large cities in this country, is shipping evergreens to Mexico City also this year. This week's consignment filled four refrigerator cars. He states that there is a very good market for Christmas greenery in that distant city.

Henry E. Hathaway, weather observer in Escanaba for the past 11 years, who retired a short time ago, died today at St. Francis Hospital.

The Eskymos met a crucial test last night and came through with flying colors. They defeated the Menominee Maroons by a 49-43 score. Tom Gregoire, senior guard was an outstanding factor in the victory.

Twenty Years Ago

Emil DeBacker, prominent St. Nicholas farmer, has purchased a 960-acre farm west of Rock from Herman Johnson.

The Office of Price Administration serving the Upper Peninsula, will be moved from its present location in Iron Mountain to Escanaba. Headquarters in the First National Bank building will open Dec. 1. Lawrence L. Farrell is the district director.

Miss Pat Lundstrom, daughter of Mr. and Mrs. E. T. Lundstrom of Manistique, is enrolled in an aviation school at Dallas, Texas and has already performed her solo flight. She plans to enlist in the ferry command which transports planes to other countries to be used in war service.

Thirty Years Ago

Five road construction jobs in Delta county have been approved by the Civil Works Administration, according to word received from Gerald Cleary and August Lundgaard who went to Lansing this week to ask for these CWA projects.

Fred J. Earle will deliver the oration at the Elks Memorial services this coming Sunday.

The Ehnerd Meat Market at 1015 Ludington St., suffered a serious fire loss last night Mr. and Mrs. William Ehnerd and their daughter, Mary Jane, who occupied apartments upstairs, were almost overcome by smoke, but managed to escape in time.

Edson In Washington

By PETER EDSON

WASHINGTON — (NEA)— Plans to give Arizona and five neighboring states water development projects that would rival the Tennessee Valley Authority are now being completed in Department of Interior for presentation to Congress next year.

In fact, Sen. Barry Goldwater, R-Ariz., who kicked up quite a fuss recently by suggesting that TVA should be sold to private industry, appeared before a Senate Interior subcommittee last Aug. 27 in support of legislation that would authorize the secretary of interior "to construct, operate and maintain the Central Arizona Project" — CAP for short.

★ ★ ★

Later testimony by Reclamation Commissioner Floyd E. Dominy put the estimated cost of this project at $999 million — $401 million for power, $211 million for municipal and industrial water, $335 million for irrigation and $52 million for nonreimbursible flood control, fish and wildlife service, recreation and area redevelopment.

This Central Arizona Project is by no means a new idea and Goldwater did not dream it up. It has been kicking around Washington since 1945, the year that Lieut. Col. Goldwater got out of the Air Force and went back to the store.

A bill to authorize the Central Project passed the Senate twice but was put on the shelf indefinitely by the House in 1951.

The project was then revived in 1962 by Secretary of Interior Stewart Udall, a former Arizona congressman. Everybody from Arizona has been for it ever since, Republican and Democrat.

★ ★ ★

Curiously enough, on the day before Goldwater added his endorsement to the project. Udall came up with a new and bigger idea to replace it.

This is the Pacific Southwest Water Plan PSWP. It takes in not only all of Arizona, but southern California, western New Mexico, southwest Nevada and Utah.

This is the whole Lower Colorado River Valley area plus the upper San Joaquin River Valley, Mono and Owens Lake watersheds and the western slope of the Pacific Coast range.

The plan even considers desalinization of Pacific Ocean water to feed into what Udall calls "a self-amortizing program for massive co-operative development of all water resources of the Lower Colorado River."

Goldwater is familiar with this plan but he is holding off comment on it until he sees what the final revision looks like. He is particularly interested in knowing what Arizona Gov. Paul Fannin thinks of it.

The Udall plan kicked up quite a storm of controversy as soon as it was released. But Undersecretary of Interior James K. Carr announced recently that "substantial revisions are being made" to include comments of governors in the five affected states "before the Pacific Southwest Water Plan is submitted to Congress in 1964."

The price tag on his plan is $1.9 billion, preliminary.

Now this is an interesting figure to roll around on the tongue. For by sheer coincidence it is also the cost figure on the fixed assets of all programs in the six-state Tennessee Valley Authority area as of June 30, 1962.

As of June 30, 1962, the TVA figure is $2.4 billion, including new projects under construction but not yet completed.

Comparisons are always odious and anything Goldwater or anyone else may have said about selling TVA to private industry may be considered nonsense out of context.

For, as a matter of simple record, it can be shown that over the years Arizona has received as many benefits from the U. S. treasury as has Tennessee. This can be said without prejudice to either state, whether you look on federal public works as good or bad for the country.

★ ★ ★

Tennessee's problam has been too much water—floods. Arizona's problem is not enough water—drought and desert.

Arizona is more than twice the size of Tennessee, but Tennessee has more than twice as many people. Forty-four per cent of Arizona is federally owned land—paying no taxes. The 32 million acres in this public domain is bigger than Tennessee.

Excluding this public land on which the U. S. government puts no current estimated value because it was acquired without cost, General Services Administration makes an annual audit on the costs of federal properties in all the states.

For Arizona, as of June 30, 1963, GSA listed these assets: Land acquired by purchase, 296,000 acres, $11.8 million: 9,-992 buildings, $244 million; other facilities, $603 million. Total, $858.8 million.

This is, curiously enough, about the same as the depreciated book value of completed, multipurpose TVA dams as of last June 30—$834 million.

Arizona is not far behind this figure in the Bureau of Reclamation project costs allocated to Goldwater's state. They include part of the $174 million Hoover dam cost and parts of the Colorado River storage system, the Gila, Parker-Davis and Salt River Projects.

The total cost is $789 million—$510 million of it wholly with Arizona.

So They Say

He kind of satisfies a hankering for five-cent beer and a five-cent cigar. It's good old-fashioned conservatism of another day, but it doesn't belong today.—Sen. Jacob Javits, R-N.Y., on Barry Goldwater.

On August 21 I was military governor of Saigon for (Ngo Dinh) Nhu. Now I am military governor of Saigon against Nhu. Maybe next time I will be military governor of Saigon against the Americans.—Gen. Ton That Dinh of South Viet Nam.

The Doctor Says:

All Lumps In Breast Not Cancer

By Dr. Wayne G. Brandstadt, M.D.

Q—I am a 31-year-old housewife. I have had a lump in my breast for seven years and I worry constantly about cancer. My doctor tells me that I have mastitis and that I'll always have the lump but I recently read that all lumps in the breast become cancerous. Is that true?

A—Your doctor is right. All lumps in the breast do not become cancerous. Furthermore, any lump that has been present for seven years is not a cancer. This does not mean that you shouldn't have a physical check-up once a year. Worry will neither cause nor prevent cancer. Let your doctor do the worrying for you.

Q—I have a small skin cancer. My doctor says it isn't necessary to do anything about it yet. Isn't it always best to treat a cancer early?

A—If your lesion is definitely cancer, it should be removed at once, but I suspect that what your doctor found was one of those lesions that are classed as precancerous or cancer precursors. In that case, he would be right to watch it for a while. Skin cancer is the easiest of all cancers to treat and removal of this type results in the greatest per cent of permanent cures.

Q—I had my uterus removed when I was 51. Is it necessary for me to have a routine pelvic and breast checkup for cancer the way I did before the operation?

A—You should continue to have annual check - ups because cancer sometimes recurs in the tissues adjacent to the uterus that was removed or in the breast after a hysterectomy.

Q—Why is it much easier for some persons to cry than for others? I can't cry' but I envy those who can.

A—Were any of your ancestors American Indians? Among the Indians, the cry of a child might reveal to an enemy the location of a place of safety. So crying had to be suppressed throughout life. In our own society crying is strongly discouraged in children in some families, especially in boys. Such persons rarely develop a pattern of crying in later life.

In other persons there exists an inability to sympathize with another person or to imagine oneself in another's place. Such persons would see no reason to cry unless their own body was injured or their own wishes were thwarted. Crying does serve a useful purpose in that it releases emotions which, when pent up, might eventually result in high blood pressure or a personality defect.

Questions And Answers

Q—Is there any home tree that can be grown from coast to coast?

A—Yes, the trembling aspen. No other tree grows naturally from Maine to California.

★ ★ ★

Q—Who is the patron saint of France?

A—Saint Denis.

★ ★ ★

Q—Who was the first Negro to serve in the U. S. Senate?

A—Hiram R. Revels of Mississippi. He took his seat February 23, 1870 and served until May 4, 1871.

★ ★ ★

Q—What honor was recently accorded the late Eleanor Roosevelt?

A—A 5-cent postage stamp was issued in her honor. The only other "First Lady" so honored was Martha Washington.

★ ★ ★

Q—What is the maidenhair tree?

A—Its other name is ginkgo. Neither a fern, a pine tree, nor a hardwood—it is a combination of all three. This is one of the two trees that have survived to our day from the coal age. The other is the cycad, which is halfway between a fern and a palm.

Our Internal Enemy

The Old World regards young America as a place of violence. It has adopted our Wild West for its entertainment more as something now extant and credible than as a grossly fictionalized version of a long gone era. It has read about Jesse James, Killer Burke, John Dillinger, Lucky Luciano and Al Capone and thinks Americans regard them as folk heros instead of criminals.

This reaction to American criminality is so out-of-focus that Americans laugh it off. But Americans in turn are out of focus about the actuality of crime in America. There is no greater national lie here than the trite old maxim: "Crime doesn't pay." It pays enormously.

★ ★ ★

History may very well say of our times that we spent most of the national budget on defense against the Russians and that our preoccupation with this external threat to our national security diverted attention from the criminals in our midst. The American people appear not much concerned about big crime in our country, although they have been warned often about it. Herein lies our great peril, for big crime is operating with increasing impunity; dealing in huge amounts, running legitimate businesses in a criminal manner.

The big criminals have huge resources to be used for bribery of public officials and lots of muscle to enforce their orders. But their greatest strength is in an American public easing its old morality and tolerating "a little crookedness" as inevitable and no great harm. National scandals like the Bobby Baker case create distrust in government and make crime confrontment more difficult.

★ ★ ★

The situation poses for the American system of justice a growing problem. Is America to be scrupulous in the courts but tolerate an extra-legal system of gangland "justice" that operates by extortion, assassination and intimidation? This situation prevails.

★ ★ ★

Our American freedoms were come by in such a hard way and over so many centuries—we inherited as well as created our system of justice—that our bar is properly loath to indulge summary justice; insisting upon the use of due process to give the accused all the protections of the law. This fine tradition of fair play has brought protection of individual freedom but has made more difficult the bagging of rich malefactors.

"Taking a Fifth" (pleading the Fifth Amendment to the Constitution, which prohibits among other things requiring a person charged with crime to be a witness against himself) has become so commonplace that the implications of the witness' involvement in the crime charged appear not to register upon the public.

Better that a hundred guilty men should go free than that one innocent man should suffer, we say. This is good logic, but the manner of its practice tends to create two systems of justice in America, one within the law and one outside of it. We protest police use of aids that infringe upon privacy or privileges but we give no such support to police efforts to deal with the enemies of society who threaten these blessings.

★ ★ ★

It will be difficult for America to achieve a judicial sophistication which will enable the nation to cope with modern criminals who pervert the protections of the law. These new enemies are not labeled; they do not openly engage in criminal practices; they infiltrate legitimate businesses.

And when they band together into empires of crime like that whose assembly at Appalachia, New York was raided by State Police, the extent of this national cancer is indicated. The press poo-poohed Joe Valachi, the paid killer who informed on the Cosa Nostra (Our Thing) crime network, because he told of things past. But his report was a window on the underworld that should give all Americans concern about the adequacy of our police and judicial systems to deal with this new evil of criminal industry.

★ ★ ★

The current problem grows most directly out of Prohibition, the 30th anniversary of whose repeal the nation marks on Dec. 5. Prohibition brought on our greatest era of national corruption. Millions of Americans flaunted the law, encouraged men who broke it, and accepted corruption of officials. The deterioration of national morals was unprecedented. Repeal of Prohibition solved the problem of illegal liquor but not that of national corruption.

Crime in the United States has increased four times faster than population in the past 5 years. In the past year auto thefts (over 356,000) were up 9 pct. Property stolen last year was valued at more than $650 million. Arrests for all criminal acts increased, female arrests increased faster than male arrests and arrest of young people under 18 were up 9 pct. over the previous year.

In the richest country in the world. In the country that leads the free world. In the country that spends more on education than any other in the world, this is a shameful record.

Third Assassination

Party Functions To Be Curtailed Through Dec. 22

LANSING (AP) — The chairmen of Michigan's two major political parties said that out of respect for the late president, party functions will be held to a minimum through Dec. 22.

Republican Gov. George Romney has called for such action in his proclamation of a month of mourning, beginning with the day President Kennnedy was assassinated in Dallas.

Democratic State Chairman Zolton Frency said his party party "has no rallies, events, or entertainments scheduled for the period and none will be. We will go ahead with activities in connection with the special legislative session and programming for the coming regular session but this will be in non-public meetings of Democrats."

Letters To The Press

Contributions to this column are welcome. They should be brief and must be signed, but signatures will be withheld on request.

RED CROSS PRAISED

Pvt. Robert Heslip, son of Mr. and Mrs. Gerald Heslip Sr. of 1800 10th Ave. S., Escanaba, wrote to his parents from a hospital bed in New York. Because of his comments about the American Red Cross his letter has been submitted to the Daily Press for publication.

Nov. 19, 1963

Dear Mom and Dad:

Well, I just had to write to you today. The Red Cross lady just came through the hospital and gave each and every one of us a carton of cigarettes, matches, pencil, pen, candy, tooth paste, shaving cream, soap, razor and blades—also this paper and envelopes and four stamps.

Boy, this is the nicest outfit I've ever seen. She also gave us coffee and cake. Pretty nice. You can tell Mrs. Hamilton (Note: Mrs. Betty Hamilton is Delta County Red Cross Chapter secretary) that she is with one of the best outfits in the country. They try and make you feel right at home, let me tell you. Oh, and they also gave me a tooth brush, too.

I didn't quite understand what the Red Cross meant but now I know, and if they ever need blood I'll be one of the first to give it.

Robert Heslip

MEMORIAL

An Open Letter to the Escanaba Area Board of Education:

America has suffered a tragic loss in the savage assassination of President Kennedy. For a brief moment in the history of this Republic ignorance, intolerance, and hate prevailed in one man's mind and in that moment the country lost a brave and able patriot, two children lost their father, and a noble woman lost her husband.

A great deal has been said and much more will be said about what can be done to protect the President's life. We could insulate him from the public with Secret Service men and bullet proof glass, but in a free society the chief executive should not be insulated from the people. He needs direct contact with the people and the people need direct contact with him. The safety of future presidents and the safety of the Republic depend on the elimination of intolerance, hate, and ignorance.

Surely we can't solve this awesome national problem from Escanaba, but we can light one candle. I would like to suggest that the next school built in Escanaba be named in honor of John Fitzgerald Kennedy; this in recognition of the fact that an educated tolerant citizenry is the cornerstone of a free society.

Respectfully,
John Walbridge
214 S. 6th St.

Gov. Sigler Died 10 Years Ago In Blazing Plane

By BOB VOGES

LANSING (AP)—Kim Sigler, who skyrocketed to fame and the governor's chair as a graft grand jury special prosecutor, died in flames 10 years ago this Saturday.

Sigler, governor in 1947-48, was the last Republican to hold the post before Gov. George Romney took office.

Sigler died on a murky Nov. 30, 1953, when the small plane he was piloting hit a guy wire and tower of a television transmission antenna northwest of Battle Creek.

Killed with him were his secretary, Mrs. Ruth Prentice; Harold Shuyler and his wife, Virginia, all of Lansing.

Tank Sxplodes

A fuel tank exploded and the plane was a smoking, twisted mass of wreckage when first witnesses reached the scene.

Sigler was flying from South Bend, Ind., to Lansing, the last hop of a trip from New Orleans and Mississippi. The Weather Bureau at South Bend had advised Sigler before he took off that conditions over Michigan were "extremely poor" for flying.

Sigler, 59, decided to press on. He had flown as far as the southern tip of Chili all across the continent and past the rim of the Artic Circle.

His only air mishaps had been minor ones—a bent propellor when he overran the runway at Grand Ledge and a successful emergency landing on a highway in Utah.

There was a shock of disbelief. Michigan found it hard to realize the vivid 38th governor was dead.

A eulogy described him as "colorful in personality, full of imagination, eloquent of speech."

He Was Colorful

Rep. Paul Morrison, who delivered it, compared Sigler to the biblical King David who fought reforms but did not live to see his dreams fulfilled.

Colorful was the correct word for Sigler.

How else would you describe a former cowboy, boxer, football player, factory worker, trial lawyer, governor, golfer, football fan and pilot?

Sigler was born in Nebraska, son of a prosperous cattle raiser and was a cowboy as a youth.

He waited on tables while at the University of Michigan and worked in the Ford Highland Park plant while studying for his law degree at the University of Detroit.

Noted Trial Lawyer

After practicing law in Detroit, he set up shop in Hastings and became one of the best known trial lawyers in western Michigan.

Sgiler's boost to fame came came when now Chief Justice Leland Carr of the State Supreme Court started a grand jury investigation into reports that legislators were being bribed "with bankrolls big enough to choke a horse."

This became known as the Carr - Sigler Grand Jury. For nearly two years the jury made constant headlines. There finally was a total of 115 persons—including 54 legislators — indicted on varying charges of bribe-giving and taking and corruption.

Convictions weren't as easy to get as indictments, but Sigler's name became a household word in Michigan. Sigler eventually resigned as special prosecutor in 1946 when the Senate accused him of wasting money by keeping witnesses in luxury to assure their testimony.

Whipped Van Wagoner

Sigler struck back by running for governor on the Republican ticket. He beat the second term ambitions of Democratic Gov. Murray Van Wagoner by a whopping 359,000-vote majority.

He had rough sledding with his Republican legislature. The Senate, particularly, didn't like him and wrecked a proposed government reform program.

With only lukewarm party support, Sigler ran for a second term. He was beaten by then political unknown, Democrat G. Mennen Williams whom Sigler had appointed to the Liquor Control Commission.

Sigler retired to a private law practice and multiple business interests in 1949. He became more and more interested in flying.

Sigler's wife, Mae, survived him by nearly 10 years. She She died at the age of 69 last Oct. 22 at Colgate, Okla. They are buried side by side now in the family plot at Hastings.

Memory Lane

By J. R. LOWELL

Ten Years Ago

Ray Jurmu, of Escanaba, who deals extensively in Christmas trees for many large cities in this country, is shipping evergreens to Mexico City also this year. This week's consignment filled four refrigerator cars. He states that there is a very good market for Christmas greenery in that distant city.

Henry E. Hathaway, weather observer in Escanaba for the past 11 years, who retired a short time ago, died today at St. Francis Hospital.

The Eskymos met a crucial test last night and came through with flying colors. They defeated the Menominee Maroons by a 49-43 score. Tom Gregoire, senior guard was an outstanding factor in the victory.

Twenty Years Ago

Emil DeBacker, prominent St. Nicholas farmer, has purchased a 960-acre farm west of Rock from Herman Johnson.

The Office of Price Administration serving the Upper Peninsula, will be moved from its present location in Iron Mountain to Escanaba. Headquarters in the First National Bank building will open Dec. 1. Lawrence L. Farrell is the district director.

Miss Pat Lundstrom, daughter of Mr. and Mrs. E. T. Lundstrom of Manistique, is enrolled in an aviation school at Dallas, Texas and has already performed her solo flight. She plans to enlist in the ferry command which transports planes to other countries to be used in war service.

Thirty Years Ago

Five road construction jobs in Delta county have been approved by the Civil Works Administration, according to word received from Gerald Cleary and August Lundgaard who went to Lansing this week to ask for these CWA projects.

Fred J. Earle will deliver the oration at the Elks Memorial services this coming Sunday.

The Ehnerd Meat Market at 1015 Ludington St., suffered a serious fire loss last night Mr. and Mrs. William Ehnerd and their daughter, Mary Jane, who occupied apartments upstairs, were almost overcome by smoke, but managed to escape in time.

Nasser, president of Egypt, was born in a farming village about 200 miles from Cairo and attended school in the Egyptian capital.

U.P. Legislative District Change Review On Dec. 2

Richard H. Austin and Wilber M. Brucker, co-chairman of the Commission on Legislative Apportionment now meeting each Friday in Lansing on apportionment of the new Constitution, announce a series of outstate meetings.

They will include at public hearing by the Commission from 10 a. m. to 1:30 p. m. on Monday, Dec. 2 at Northern Michigan University, Marquette for the Upper Peninsula.

Under the new Constitution the Upper Peninsula will keep its present three state senators, but they will represent districts quite changed in geography from the present districts. The number of Upper Peninsula representatives in the State Legislature will be reduced from 7 to 5 and their districts will be revised.

In the case of both House and Senate districts revision will be made to more equitably reflect representation of population than at present. The greatest problems in apportionment reform, says Clifford Perras (R-Nadeau) is in the center of the Upper Peninsula where most of the area's population is concentrated.

Meet On Saturday

To include parts of this relative population density in the new districts and then adjust it to less populous counties on the perimeter tends to create long strip districts, which lack tre tight blocking that aids efficiency in administration.

U. P. representatives and senators have been asked to confer with Ralph Huhtala, Republican, and Ivan Brown, Democrat, both of Iron Mountain, at the Dickinson Hotel, Iron Mountain, at 10 a. m. Saturday on U. P. apportionment. The men are the Upper Peninsula's representatives on the Legislative Apportionment Commission.

Under the new Constitution apportionment of the House will be on a straight population basis, with a minimum of 56,000 population per representative district, and the Senate districts will be based on population 80 pct. and area 20 pct.

Rep. Einar Erlandsen, (D-Escanaba) said there appears to have been more agreement in early planning about Senate districts than about House districts.

Proposed Districts

Among proposals for new Senate districts:

1. The western U. P. counties of Gogebic, Ontonagon, Houghton, Keweenaw, Iron and Baraga.

2. The middle U. P. counties of Dickinson, Menominee, Delta and Marquette.

3. The eastern U. P. counties of Alger, Schoolcraft, Luce, Mackinac and Chippewa, and perhaps some Lower Peninsula counties.

Planning for House districts, said Erlandsen, tends to work from west to east so that a shortage in the fifth U. P. district at the east end can be balanced off by inclusion of some Lower Peninsula counties.

Early proposals include this one:

1. Gogebic, Ontonagon, Houghton and Baraga.

2. Iron, Dickinson and Menominee.

3. Delta, Schoolcraft and Alger.

4. Marquette, which has enough population to meet the 56,000 minimum.

5. Luce,Mackinac and Chippewa and maybe some Lower Peninsula counties.

MEMBERS OF THE Holy Name Drama Club are shown during the dress rehearsal of the play "Seventeen", which will be presented to the public at the William W. Bonifas Auditorium Saturday, Sunday and Monday evenings. Curtain time is 8 p.m. Members of the cast in the above photo include: (left to right standing) Don Skopp, John Fisher, Sue Juetten, Jim Barish and Tom Almonroeder. Seated on the floor are Marvis Erickson (left) and Sharon Curran. (Daily Press Photo)

Special Blood Clinic Called

Two and one-half million donations per year is the present rate of production of the American Red Cross Blood Program—a program in which the people of Delta County share and benefit.

The report was presented to the 13th annual meeting of the Badger Red Cross Blood Region held recently. There are 3,600 Red Cross Chapters, including Delta County, participating in the program.

They have distributed, along with the whole blood from this 2½ million pints, 47,000 bottles of serum albumin which is administered in the treatment of shock; and 3,700 bottles of fibrinogue to assist in the clotting of blood, during the fiscal year 1961-62.

The national average cost per unit of blood collected (for collection and processing) is $6.82.

The Badger Blood Bank center received a total of 64,128 pints collected during the 1962-63 fiscal year at a cost of $354,178—an average cost of $5.52 or $1.30 under the national average.

Delta County is one of the member counties of Badger Blood Bank which is behind in meeting its quota. The Delta County deficit is 339 pints for 1963. The quota for the year was 1,460 and 1,121 pints were collected.

A one-day visit has been scheduled to assist in making up this deficit. It will be Tuesday, Dec. 17, at the Escanaba Area High School from 3 to 8 p. m. and the quota for the day is 135 units.

Ask Furniture, Clothing For Fire Victims

An appeal for clothing and home furnishings for the Leo LaVigne Jr. family, victims of a fire on Wednesday morning, has been voiced by Escanaba Fire Chief Nels Bergeon.

The LaVignes are residing with relatives temporarily at 1615 Washington Ave. and their phone number is ST6-0395.

There is a daughter, 2 years old, a son 3, and an infant baby boy of 9 months which because of illness wears clothing size 3 months. Mrs. LaVigne's clothing size is 14 and her shoe size is 7 or 7½; Mr. LaVigne wears clothing of boy's size, 16 inch waist, shoes size 7.

The family lost all of its personal effects and home furnishings in the Wednesday fire.

Paul Miller Is Mead Director

NEW YORK CITY—Paul F. Miller, Jr., partner of the investment - banking firm of Drexel & Co., Philadelphia, was elected a director of the Mead Corp., Dayton, O., replacing William L. Dempsey, also a partner of Drexel & Co., who resigned.

Miller's experience includes positions with the Federal Reserve Bank of Philadelphia; Bishop & Hedberg Investment Council; lecturer in economics and finance at the University of Pennsylvania 1952-56; and with Drexel & Co. as investment advisor and general partner.

Born in 1927 in Philadelphia, Miller was graduated in 1950 from the Wharton School of Finance and Commerce of the University of Pennsylvania with a Bachelor of Science degree in Economics. He also attended the University of Pennsylvania Graduate School.

Death Claims Mrs. Story

Mrs. Eunice Story, 80, of 410 E. Handy St., died at 9:30 a.m. Thursday at the Little Traverse Hospital in Petoskey following a two-week illness.

Mrs. Story was born April 3, 1883 in Chicora, Mich., and had been a resident of Newberry since 1910. Her husband, Clyde, died in 1923.

She was a member of the First Methodist Church. W.. S. C. S., the Rebekah Lodge and of the Women's Benefit Assn.

Surviving are three sons, Marvin and Willard, both of Newberry and Sam of San Bernardino, Calif.; four grandchildren; 11 great grandchildren; and a sister in Elk Rapids, Mich.

The body was taken to the Beaulieu Funeral Home where friends may call from 6 to 9 p.m. today. A Rebekah memorial service will be conducted at the funeral home at 8 p.m. today.

Funeral services will be conducted from the First Methodist Church at 2 p.m. Saturday. The body will be removed from the funeral home at noon and will lie in state at the church until the time of service. Rev. Emmett Coon will officiate at the service. Burial will be in Forest Cemetery.

Haapala Store Damaged By Fire

HAAPALA STORE

The Fire Department responded to a fire Wednesday morning at the store of James Haapala located on M-123 near the State Hospital location.

The flash fire resulted from some plastic curtains in the kitchen at the rear of the store catching fire. Louis G. Nantell, who was in the store when the fire broke out, put it out before the firemen arrived.

Damages from the flame, were estimated to be at $200. It is not known whether the building was insured.

Resident Of Grand Marais Dies Thursday

Frank D. Lee, 80, of Grand Marais, died at 6:30 p.m. Thursday at the home of his daughter in Toledo where he was visiting.

Mr. Lee, who was widely known in the Newberry area, was a railroad engineer by trade and retired about 14 years ago.

He was a member of the Holy Rosary Church of Grand Marais. Mr. Lee is survived by his wife, Delia; three daughters and five sons.

The body was taken to the Tonella Funeral Home at Marcomplete. The funeral service quette Arrangements are in- and burial will be held in Grand Marais.

City Briefs

United Services

Pastors of the Bethlehem Lutheran, First Presbyterian, First Methodist and the Messiah Lutheran churches joined here Monday from 11 a. m., until noon to conduct Memorial services for the late president, John F. Kennedy.

The Rev. Fred Olson, retired pastor of the Messiah Church was present to take part in the service, that consisted of prayers and meditation. Emphasis was placed on the life of the late president nationally and internationally, and prayers were said for the new president, Lyndon Johnson. There were 130 persons at the service.

Mr. and Mrs. Alex Krause went to Milwaukee and Fond du Lac, Wis., today, where they will remain until Sunday, visiting the latter's parents, Mr .and Mrs. Phillip Schupe, and other relatives.

There will be a regular meeting Thursday at 8 p. m., of the Tahquamenon Sportsmen's Club.

Allen Brodeen, 57, of 3620 Madison St., Kalamazoo, received a summons from State Police here Monday for violation of the basic speed law, after he drove into a sign in front of Vallier's IGA store on US 2 near Naubinway. He stated he fell asleep at the wheel, as he was traveling east on US 2. He received a bump on his head, and his car had to be towed from the scene.

Death Takes Earl L. Runkel

Earl L. Runkel, 63, of 418 S. 19th St., died at 1:15 p. m. Thursday at St. Francis Hospital, where he was admitted Nov. 22.

Mr. Runkel was born in Detroit March 17, 1900, and had lived in Escanaba 26 years. He was a sailor on the Great Lakes for many years, and more recently was employed by Atlas Plywood Co. in Gladstone.

He was a member of St. Joseph's Church and its Holy Name Society and of the Fraternal Order of Eagles, Escanaba Aerie. He married the former Alice Sabourin at St. Joseph's Church in Escanaba Dec. 31, 1937. She survives with one son, Timothy, Escanaba, and two sisters, Mrs. Albert Hescott, Stevens Point, Wis., and Mrs. Wilfred Willette, Gladstone, Rte. 1.

Friends may call at the Degnan Funeral Home after 2 p. m. today. Members of St. Joseph's Altar Society will meet at the funeral home at 3:30 p. m. and parish prayers will be said this evening at 8.

Funeral services will be held at 10 a. m. Saturday at St Joseph's Church with Father Jordan Telles, O. F. M., officiating. Burial will be in Holy Cross Cemetery.

Hospital

Patients admitted to St. Francis Hospital on Wednesday and Thursday of this week included: Sheri Larson, 311 N. 18th St.; Sandra Kane, 1412 2nd Ave. S.; Ernest Savage, Rte. 2, Bark River; David LaFond, 907 4th Ave. S.; Gus Johnson, 316 S. 14th St.; Michael Desotell, Rte. 1, Powers; Mrs. Edmond Gardner, Rte. 1, Escanaba; Margaret Larson, 421 S. 11th St.; Mrs. Henry Carron, Rte. 1, Escanaba; Mrs. Eva Peterson, Wells; Janet Reiffers, 1206 11th Ave. S.; Robert Davis, 203 N. 18th St.; Michael DeMay, 220 N. 12th St.; Julius Trottier, 630 N. 9th St., Gladstone; James Bizeau, 1115 Montana Ave., Gladstone; Mrs. Clarence Revord, Powers; Mary Ann Helman, 115 4th Ave., Gladstone; Sally Couchene, Rte. 1, Escanaba; Milton Peterson, 1215 N. 18th St., Norman LaPalm, Rte. 1, Cornell; Linda Laraby, Rte. 1, Gladstone; and Rodney Lucan of Garden.

TIZZY by Kate Osann

"Ellen is throwing a Gay Nineties party tonight. We're going to sit around and listen to the radio!"

War Reporter Dies Of Injury

MONTEREY, Calif. (AP) — Edward Kennedy, former World War II Associated Press correspondent who first reported the German surrender in 1945, died today of injuries suffered in an auto accident. He was 58.

Kennedy, associate editor of the Monterey Peninsula Herald, suffered multiple fractures early Sunday morning when struck down by a car while he was walking home, officers said.

The driver of the sports car that allegedly struck Kennedy was identified as Mrs. Alice Kathleen O'Connell Tornell, 24, of Monterey.

The woman was not cited, police said. Kennedy died around 4 a.m., according to James Costello, Monterey Herald city editor.

Flash Held Back

Kennedy left The Associated Press shortly after armistice was signed in Europe, and joined the Santa Barbara News-Press in Santa Barbara, Calif.

He joined the Monterey Peninsula Herald later as an associate editor, the post he held at the time of his death.

Kennedy is survived by a daughter, Julia Kennedy, of Washington, D.C.

Kennedy's flash that the Germans had surrendered arrived in AP's New York headquarters early in the morning of May 7, 1945. As a precaution this was held back from the wires for eight minutes until corroborative detail poured in. Then The AP went ahead with the war's biggest story.

Some hours later military headquarters in Paris shut down AP's operations there.

What happened was that the Allies had agreed to withhhold news of the surrender for 24 hours to permit simultaneous release along with reports of the German surrender to the Russians.

Praised And Condemned

The Germans had announced the surrender over the Flensburg radio and Kennedy contended this invalidated the embargo. He warned the press section of Supreme Allied Headquarters that he intended to send his story.

Kennnedy was both praised and condemned for getting out confirmation of the news which the Germans already had broadcast. Allied headquarters disaccredited him as a war correspondent but 14 months later it was announced that Gen. Dwight D. Eisenhower had reviewed the case and had removed any bar to Kennnedy's reaccreditation.

Inserted in the Congressional Record were a memorandum that the Germans had made the Flensburg broadcast under Allied orders and a War Department letter fixing the time of the broadcast as an hour and 54 minutes ahead of Kennedy's story.

'Made In U.S.A.' Means Quality

NEW YORK (AP)—How good is the label, "Made in U.S.A.?"

Despite recent criticism of the defense and space industry, manufacturers say American craftsmanship is better than ever.

But some corporation and government officials have been disturbed over charges of shoddy workmanship in the nation's space and nuclear submarine programs.

Is the criticism justified?

In some cases, say industry sources contacted in an Associated Press survey. But the overall success of America's nuclear and man-in-space programs, they say, indicates that industry is meeting the challenge.

Admiral Critical

Perhaps the toughest critic of American industry is Vice Adm. Hyman G. Rickover, the Navy's atomic expert. He has charged that the nation's factories are not meeting the challenges in his field—nuclear submarines.

Poor workmanship, Rickover said recently, plagues the atomic-submarine program. Many of the problems, he said, are with conventional parts: Parts delivered late, parts not made to standard, or made of the wrong material.

Rickover said management should shoulder most of the blame.

"Too often," he said, "management is content to sit in plush offices, far removed physically and mentally from the design and manufacturing areas, relying on paper reports for information about the status of design and production in the plant itself—the real center of the enterprise."

"Much of American industry," said Rickover, "does not know what is going on in its plant."

Asked about this, one manufacturing representative replied:

"The admiral is going to have to be a hell of a lot more specific before anyone can answer these charges. This is something every manufacturer is constantly struggling with. I don't know any who wouldn't agree that there is a need for better quality control. No manufacturer wants to turn out a bad product."

Speed Hazard Overcome

"Quality control," said Roger Gay, managing director of American Standards Inc., "has become a profession. Probably more new work is going on in this area than in any other."

The marvel, said another industry source, is that American industry does as well as it does —considering the speed, complexity and varying quality of modern production.

In Detroit, Chrysler Corp. cited a reliability record of 95 per cent for its Redstone missile and a perfect showing for its Jupiter missile.

"Both programs," said Chrysler, "were completed on schedule and with a reliability unsurpassed in industry."

Ford Motor Co. estimated recently that a large auto maker turning out 10,000 cars a day faces 12 billion chances daily to make a mistake.

"Good engineering, controlled manufacturing processes and well-trained employes overcome the odds," said Ford.

U.P. Legislative District Change Review On Dec. 2

Richard H. Austin and Wilber M. Brucker, co-chairman of the Commission on Legislative Apportionment now meeting each Friday in Lansing on apportionment of the new Constitution, announce a series of outstate meetings.

They will include at public hearing by the Commission from 10 a. m. to 1:30 p. m. on Monday, Dec. 2 at Northern Michigan University, Marquette for the Upper Peninsula.

Under the new Constitution the Upper Peninsula will keep its present three state senators, but they will represent districts quite changed in geography from the present districts. The number of Upper Peninrepresentatives in the State Legislature will be reduced from 7 to 5 and their districts will be revised.

In the case of both House and Senate districts revision will be made to more equitably reflect representation of population than at present. The greatest problems in apportionment reform, says Clifford Perras (R-Nadeau) is in the center of the Upper Peninsula where most of the area's population is concentrated.

Meet On Saturday

To include parts of this relative population density in the new districts and then adjust it to less populous counties on the perimeter tends to create long strip districts, which lack tre tight blocking that aids efficiency in administration.

U. P. representatives and senators have been asked to confer with Ralph Huhtala, Republican, and Ivan Brown, Democrat, both of Iron Mountain, at the Dickinson Hotel, Iron Mountain, at 10 a. m. Saturday on U. P. apportionment. The men are the Upper Peninsula's representatives on the Legislative Apportionment Commission.

Under the new Constitution apportionment of the House will be on a straight population basis, with a minimum of 56,000 population per representative district, and the Senate districts will be based on population 80 pct. and area 20 pct.

Rep. Einar Erlandsen, (D-Escanaba) said there appears to have been more agreement in early planning about Senate districts than about House districts.

Proposed Districts

Among proposals for new Senate districts:

1. The western U. P. counties of Gogebic, Ontonagon, Houghton, Keweenaw, Iron and Baraga.

2. The middle U. P. counties of Dickinson, Menominee, Delta and Marquette.

3. The eastern U. P. counties of Alger, Schoolcraft, Luce, Mackinac and Chippewa, and perhaps some Lower Peninsula counties.

Planning for House districts, said Erlandsen, tends to work from west to east so that a shortage in the fifth U. P. district at the east end can be balanced off by inclusion of some Lower Peninsula counties.

Early proposals include this one:

1. Gogebic, Ontonagon, Houghton and Baraga.

2. Iron, Dickinson and Menominee.

3. Delta, Schoolcraft and Alger.

4. Marquette, which has enough population to meet the 56,000 minimum.

5. Luce,Mackinac and Chippewa and maybe some Lower Peninsula counties.

Special Blood Clinic Called

Two and one-half million donations per year is the present rate of production of the American Red Cross Blood Program—a program in which the people of Delta County share and benefit.

The report was presented to the 13th annual meeting of the Badger Red Cross Blood Region held recently. There are 3,600 Red Cross Chapters, including Delta County, participating in the program.

They have distributed, along with the whole blood from this 2½ million pints, 47,000 bottles of serum albumin which is administered in the treatment of shock; and 3,700 bottles of fibrinogue to assist in the clotting of blood, during the fiscal year 1961-62.

The national average cost per unit of blood collected (for collection and processing) is $6.82.

The Badger Blood Bank center received a total of 64,128 pints collected during the 1962-63 fiscal year at a cost of $354,178—an average cost of $5.52 or $1.30 under the national average.

Delta County is one of the member counties of Badger Blood Bank which is behind in meeting its quota. The Delta County deficit is 339 pints for 1963. The quota for the year was 1,460 and 1,121 pints were collected.

A one-day visit has been scheduled to assist in making up this deficit. It will be Tuesday, Dec. 17, at the Escanaba Area High School from 3 to 8 p. m. and the quota for the day is 135 units.

Ask Furniture, Clothing For Fire Victims

An appeal for clothing and home furnishings for the Leo LaVigne Jr. family, victims of a fire on Wednesday morning, has been voiced by Escanaba Fire Chief Nels Bergeon.

The LaVignes are residing with relatives temporarily at 1615 Washington Ave. and their phone number is ST6-0395.

There is a daughter, 2 years old, a son 3, and an infant baby boy of 9 months which because of illness wears clothing size 3 months. Mrs. LaVigne's clothing size is 14 and her shoe size is 7 or 7½; Mr. LaVigne wears clothing of boy's size, 16 inch waist, shoes size 7.

The family lost all of its personal effects and home furnishings in the Wednesday fire.

Paul Miller Is Mead Director

NEW YORK CITY—Paul F. Miller, Jr., partner of the investment - banking firm of Drexel & Co., Philadelphia, was elected a director of the Mead Corp., Dayton, O., replacing William L. Dempsey, also a partner of Drexel & Co., who resigned.

Miller's experience includes positions with the Federal Reserve Bank of Philadelphia; Bishop & Hedberg Investment Council; lecturer in economics and finance at the University of Pennsylvania 1952-56; and with Drexel & Co. as investment advisor and general partner.

Seated on the floor are Marvis Erickson (left) and Sharon Curran. (Daily Press Photo)

NEWBERRY

Death Claims Mrs. Story

Mrs. Eunice Story, 80, of 410 E. Handy St., died at 9:30 a.m. Thursday at the Little Traverse Hospital in Petoskey following a two-week illness.

Mrs. Story was born April 3, 1883 in Chicora, Mich., and had been a resident of Newberry since 1910. Her husband, Clyde, died in 1923.

She was a member of the First Methodist Church. W., S. C. S., the Rebekah Lodge and of the Women's Benefit Assn.

Surviving are three sons, Marvin and Willard, both of Newberry and Sam of San Bernardino, Calif.; four grandchildren; 11 great grandchildren; and a sister in Elk Rapids, Mich.

The body was taken to the Beaulieu Funeral Home where friends may call from 6 to 9 p.m. today. A Rebekah memorial service will be conducted at the funeral home at 8 p.m. today.

Funeral services will be conducted from the First Methodist Church at 2 p.m. Saturday. The body will be removed from the funeral home at noon and will lie in state at the church until the time of service. Rev. Emmett Coon will officiate at the service. Burial will be in Forest Cemetery.

Haapala Store Damaged By Fire

HAAPALA STORE

The Fire Department responded to a fire Wednesday morning at the store of James Haapala located on M-123 near the State Hospital location.

The flash fire resulted from some plastic curtains in the kitchen at the rear of the store catching fire. Louis G. Nantell, who was in the store when the fire broke out, put it out before the firemen arrived.

Damages from the flame, were estimated to be at $200. It is not known whether the building was insured.

Resident Of Grand Marais Dies Thursday

Frank D. Lee, 80, of Grand Marais, died at 6:30 p.m. Thursday at the home of his daughter in Toledo where he was visiting.

Mr. Lee, who was widely known in the Newberry area, was a railroad engineer by trade and retired about 14 years ago.

He was a member of the Holy Rosary Church of Grand Marais. Mr. Lee is survived by his wife, Delia; three daughters and five sons.

The body was taken to the Tonella Funeral Home at Marcomplete. The funeral service quette Arrangements are inand burial will be held in Grand Marais.

City Briefs

United Services

Pastors of the Bethlehem Lutheran, First Presbyterian, First Methodist and the Messiah Lutheran churches joined here Monday from 11 a. m., until noon to conduct Memorial services for the late president, John F. Kennedy.

The Rev. Fred Olson, retired pastor of the Messiah Church was present to take part in the service, that consisted of prayers and meditation. Emphasis was placed on the life of the late president nationally and internationally, and prayers were said for the new president, Lyndon Johnson. There were 160 persons at the service.

Mr. and Mrs. Alex Krause went to Milwaukee and Fond du Lac, Wis., today, where they will remain until Sunday, visiting the latter's parents, Mr .and Mrs. Phillip Schupe, and other relatives.

There will be a regular meeting Thursday at 8 p. m., of the Tahquamenon Sportsmen's Club.

Allen Brodeen, 57, of 3620 Madison St., Kalamazoo, received a summons from State Police here Monday for violation of the basic speed law, after he drove into a sign in front of Vallier's IGA store on US 2 near Naubinway. He stated he fell asleep at the wheel, as he was traveling east on US 2. He received a bump on his head, and his car had to be towed from the scene.

Death Takes Earl L. Runkel

Earl L. Runkel, 63, of 418 S. 19th St., died at 1:15 p. m. Thursday at St. Francis Hospital, where he was admitted Nov. 22.

Mr. Runkel was born in Detroit March 17, 1900, and had lived in Escanaba 26 years. He was a sailor on the Great Lakes for many years, and more recently was employed by Atlas Plywood Co. in Gladstone.

He was a member of St. Joseph's Church and its Holy Name Society and of the Fraternal Order of Eagles, Escanaba Aerie. He married the former Alice Sabourin at St. Joseph's Church in Escanaba Dec. 31, 1937. She survives with one son, Timothy, Escanaba, and two sisters, Mrs. Albert Hescott, Stevens Point, Wis., and Mrs. Wilfred Willette, Gladstone, Rte. 1.

Friends may call at the Degnan Funeral Home after 2 p. m. today. Members of St. Joseph's Altar Society will meet at the funeral home at 3:30 p. m. and parish prayers will be said this evening at 8.

Funeral services will be held at 10 a. m. Saturday at St. Joseph's Church with Father Jordan Telles, O. F. M., officiating. Burial will be in Holy Cross Cemetery.

Hospital

Patients admitted to St. Francis Hospital on Wednesday and Thursday of this week included: Sheri Larson, 311 N. 18th St.; Sandra Kane, 1412 2nd Ave. S.; Ernest Savage, Rte. 2, Bark River; David LaFond, 907 4th Ave. S.; Gus Johnson, 316 S. 14th St.; Michael Desotell, Rte. 1, Powers; Mrs. Edmond Gardner, Rte. 1, Escanaba; Margaret Larson, 421 S. 11th St.; Mrs. Henry Carron, Rte. 1, Escanaba; Mrs. Eva Peterson, Wells; Janet Reiffers, 1206 11th Ave. S.; Robert Davis, 203 N. 18th St.; Michael DeMay, 220 N. 12th St.; Julius Trottier, 630 N. 9th St., Gladstone; James Bizeau, 1115 Montana Ave., Gladstone; Mrs. Clarence Revord, Powers; Mary Ann Helman, 115 4th Ave., Gladstone; Sally Couchene, Rte. 1, Escanaba; Milton Peterson, 1215 N. 18th St., Norman LaPalm, Rte. 1, Cornell; Linda Laraby, Rte. 1, Gladstone; and Rodney Lucan of Garden.

War Reporter Dies Of Injury

MONTEREY, Calif. (AP) — Edward Kennedy, former World War II Associated Press correspondent who first reported the German surrender in 1945, died today of injuries suffered in an auto accident. He was 58.

Kennedy, associate editor of the Monterey Peninsula Herald, suffered multiple fractures early Sunday morning when struck down by a car while he was walking home, officers said.

The driver of the sports car that allegedly struck Kennedy was identified as Mrs. Alice Kathleen O'Connell Tornell, 24, of Monterey.

The woman was not cited, police said. Kennedy died around 4 a.m., according to James Costello, Monterey Herald city editor.

Flash Held Back

Kennedy left The Associated Press shortly after armistice was signed in Europe, and joined the Santa Barbara News-Press in Santa Barbara, Calif.

He joined the Monterey Peninsula Herald later as an associate editor, the post he held at the time of his death.

Kennedy is survived by a daughter, Julia Kennedy, of Washington, D.C.

Kennedy's flash that the Germans had surrendered arrived in AP's New York headquarters early in the morning of May 7, 1945. As a precaution this was held back from the wires for eight minutes until corroborative detail poured in. Then The AP went ahead with the war's biggest story.

Some hours later military headquarters in Paris shut down AP's operations there.

What happened was that the Allies had agreed to withhhold news of the surrender for 24 hours to permit simultaneous release along with reports of the German surrender to the Russians.

Praised And Condemned

The Germans had announced the surrender over the Flensburg radio and Kennedy contended this invalidated the embargo. He warned the press section of Supreme Allied Headquarters that he intended to send his story.

Kennnedy was both praised and condemned for getting out confirmation of the news which the Germans already had broadcast. Allied headquarters disaccredited him as a war correspondent but 14 months later it was announced that Gen. Dwight D. Eisenhower had reviewed the case and had removed any bar to Kennnedy's reaccreditation.

Inserted in the Congressional Record were a memorandum that the Germans had made the Flensburg broadcast under Allied orders and a War Department letter fixing the time of the broadcast as an hour and 54 minutes ahead of Kennedy's story.

'Made In U.S.A.' Means Quality

NEW YORK (AP)—How good is the label, "Made in U.S.A.?"

Despite recent criticism of the defense and space industry, manufacturers say American craftsmanship is better than ever.

But some corporation and government officials have been disturbed over charges of shoddy workmanship in the nation's space and nuclear submarine programs.

Is the criticism justified?

In some cases, say industry sources contacted in an Associated Press survey. But the overall success of America's nuclear and man-in-space programs, they say, indicates that industry is meeting the challenge.

Admiral Critical

Perhaps the toughest critic of American industry is Vice Adm. Hyman G. Rickover, the Navy's atomic expert. He has charged that the nation's factories are not meeting the challenges in his field—nuclear submarines.

Poor workmanship, Rickover said recently, plagues the atomic-submarine program. Many of the problems, he said, are with conventional parts: Parts delivered late, parts not made to standard, or made of the wrong material.

Rickover said management should shoulder most of the blame.

"Too often," he said, "management is content to sit in plush offices, far removed physically and mentally from the design and manufacturing areas, relying on paper reports for information about the status of design and production in the plant itself—the real center of the enterprise."

"Much of American industry," said Rickover, "does not know what is going on in its plant."

Asked about this, one manufacturing representative replied:

"The admiral is going to have to be a hell of a lot more specific before anyone can answer these charges. This is something every manufacturer is constantly struggling with. I don't know any who wouldn't agree that there is a need for better quality control. No manufacturer wants to turn out a bad product."

Speed Hazard Overcome

"Quality control," said Roger Gay, managing director of American Standards Inc., "has become a profession. Probably more new work is going on in this area than in any other."

The marvel, said another industry source, is that American industry does as well as it does—considering the speed, complexity and varying quality of modern production.

In Detroit, Chrysler Corp. cited a reliability record of 95 per cent for its Redstone missile and a perfect showing for its Jupiter missile.

"Both programs," said Chrysler, "were completed on schedule and with a reliability unsurpassed in industry."

Ford Motor Co. estimated recently that a large auto maker turning out 10,000 cars a day faces 12 billion chances daily to make a mistake.

"Good engineering, controlled manufacturing processes and well-trained employes overcome the odds," said Ford.

Obituary

FORTUNATO ZINI

Funeral services were held at 9:30 a.m. Wednesday in St. Mary's Church, Hermansville, for Fortunato Zini, who died Sunday Pallbearers, all members of the SMS Bella Venezia Lodge, were John St. Juliana, John Dani, Victor Dani, Joseph Fochesato, Emil Tomasi, and Leno Sartori. Burial was in Meyer Township Cemetery, Hermansville.

Ann Landers

Yaks No Crime

Dear Ann Landers: You are usually right—but not always. I would like to challenge you on one issue. You said in a recent column it is rude to interrupt people when they are speaking, and that only a clod would cut in right in the middle of a sentence.

Obviously you have never lived in Louisville. All the native women in Louisville have been vaccinated with a phonograph needle. They have a habit of ending every sentence with "and" which is a neat way of holding the floor indefinitely both in person or on the telephone and it is just one endless line of yakkity yak yak yak and a person can't get a word in edgewise and if you think you can change the subject forget it because they go on and on until you could just tear your hair right out of your head by the roots and all the while you are becoming more and more furious because a yes or no would have been sufficient and then I pick up the paper and see where Ann Landers says it is rude to interrupt. — FRUSTRATED

Dear Frus: I know plenty of women—and men, too—who have never lived in Louisville and you could explode before they give up the floor so please don't blame one of the loveliest cities in the world for what is really a human weakness and I loved your letter!

* * *

Dear Ann Landers: Are we old-fashioned, as our 16-year-old daughter says? Please set us straight. Or if she is the one who needs it, tell us and we'll set HER straight.

Our daughter's steady boy friend usually arrives anywhere from 30 minutes to an hour before she is ready to leave. He marches directly upstairs and goes into her bedroom "to keep her company" while she finishes dressing, combs her hair or puts on her make-up.

Sometimes other members of the family are upstairs. We have two younger daughters and they resent this invasion of privacy. Often, however, there is no one upstairs except this 16-year-old and her boy friend —and we don't like it. She says we are square. Are we?—APPLETON, WIS.

Dear Wis.: A gentleman does not go upstairs and wander around looking for his date.

If this boy doesn't know better and your daughter hasn't sense enough to tell him, then as parents you should not hesitate to teach this square a few simple manners.

* * *

Dear Ann Landers: Although we have been married for a number of years my husband's two sisters continue to write to him at the office.

Wilfred is a busy man and reads the letters hurriedly, then tosses them away. When his sisters come to visit at Christmas they complain bitterly that they never hear from us. I tell them we never hear from them either. Then they say they write to the office and that they assume Wilfred then brings the letters home. Wilfred confesses he meant to bring the letters home but somehow he didn't get around to it. Later, when we are alone, he tells me the letters are pure drivel and he wouldn't waste my time.

I have two brothers but I would never insult their wives by writing to them at the office. Should I come right out and tell my sisters-in-law how I feel when they bring up the subject in a few weeks as they are bound to? — VIRGINIA BEACH

Dear Virginia: If some of you readers were as frank with the people who give you trouble as you are with me, your problems would be solved right now.

By all means tell your husband's sisters if they want replies to their letters they should write to the house. Tell them that you have nothing whatever to do with office mail nor do you wish to.

* * *

Ann Landers' frank and informative new book, "Teen-Agers and Sex" ($2.95) is now available at your book store.

Ann Landers will be glad to help you with your problems. Send them to her in care of this newspaper enclosing a stamped and self-addressed envelope.

Restore School Prayers, Says City Commission

WYOMING (AP) —The City Commission has adopted a resolution calling for restoration of prayer to the classrooms of its public schools.

Action came Tuesday night on a proposal by Commissioner Jack A. Magnuson who also suggested that copies be sent to the U.S. Supreme Court, the Michigan Congressional delegation and state legislators.

City Attorney William J. Hallday Jr., told the commission the Supreme Court ruling on classroom prayer was only interpreting the law now in force and that Congress could amend the existing legislation.

Holiday Parade Viewed On TV

By CYNTHIA LOWRY
AP Television-Radio Writer

NEW YORK (AP)—Televised Thanksgiving parades Thursday made it official—the Christmas season has arrived. Santa Claus was sighted in various cities including Toronto, Detroit and New York.

CBS put its cameras on parades in several cities. ABC stuck to one, in New York, and turned it into a real snappy theatrical production.

Special holiday entertainment wound up on NBC with a mildly diverting variety program presided over by Arthur Godfrey.

A couple of words in a sentence by guest Orson Bean obviously were erased from the tape of the program. A check with the network revealed the censored words were "President Nixon," a mild gag in a parody of a Longfellow poem.

The crack was innocuous when Bean made it during the taping some time ago. They were ordered out because events of last weekend.

Shed Tears Now For Suburbanite

By HAL BOYLE

NEW YORK (AP) — Now is the time to get out the crying towel for the suburbanite.

The period of his greatest ordeal is at hand.

As a smug, lifelong lover of city life, I used to feel sorry for the people who choose to dwell out where the crabgrass grows.

Pity is wasted on such a fellow.

Life in the suburbs isn't really living. It's a form of penal servitude, a system of self-punishment, and I sometimes have wondered if suburbanites aren't expiating some unforgivable sins committed in a previous existence.

Wife Is Chauffeur

There are millions of people who work here during the day and spend their nights in the bedroom villages that sprawl around the fringes of the metropolis. This forces them to become horizontal yo-yos. They are in perpetual transit.

In suburbia, the husband is a prisoner of his timetable.

In suburbia the wife is an unpaid chauffeur, a pioneer mother in a covered station wagon shepherding her kids or hubby to some place they have to get to in a desperate hurry. She sees red and green traffic lights all day. Children are supposed to be healthier in the suburbs, but for some reason they seem unable to travel on their own feet a distance of more than two blocks.

The suburbanite suffers from periodic charcoal blindness, as it is an unwritten law in the suburbs that nobody cooks in the kitchen between Easter and Thanksgiving.

Enjoys His Misery

The first flying snowflakes that freckle the air herald his greatest season of disaster.

On frigid days he enters the office two hours late, red-faced, wearing boots and bundled in many layers of clothing.

Wiping a dripping icicle from his nose, he announces, "Could not get the car out of the driveway. Had to mush on foot to the station. Then the 8:59 didn't leave until 10:04." He doesn't get much work done. He has to save all his energy so he can get back home.

Once I asked one of these fellows, "Since it is such a nuisance, why do you bother to live in the suburbs?"

A look of wonder swept his face.

"Why?" he replied. "Why—because they are there!"

Never pity a suburbanite. He enjoys his misery.

Health Agencies Merger Feasible

EAST LANSING (AP)—Merger of state health agencies was termed difficult but feasible at a Michigan Welfare League meeting here.

The biggest headache, the task force said, will be finding a way of bringing mental and public health services under one roof.

"The task force generally agreed that this is not going to be an easy task," said Maurice Beck, league executive director.

A requirement of the new State Constitution is that the state's some 120 scattered agencies be grouped into a maximum of 20 within two years in the interests of economy and efficiency.

Holiday Parade Viewed On TV

By CYNTHIA LOWRY
AP Television-Radio Writer

NEW YORK (AP)—Televised Thanksgiving parades Thursday made it official—the Christmas season has arrived. Santa Claus was sighted in various cities including Toronto, Detroit and New York.

CBS put its cameras on parades in several cities. ABC stuck to one, in New York, and turned it into a real snappy theatrical production.

Special holiday entertainment wound up on NBC with a mildly diverting variety program presided over by Arthur Godfrey.

A couple of words in a sentence by guest Orson Bean obviously were erased from the tape of the program. A check with the network revealed the censored words were "President Nixon," a mild gag in a parody of a Longfellow poem.

The crack was innocuous when Bean made it during the taping some time ago. They were ordered out because events of last weekend.

Shed Tears Now For Suburbanite

By HAL BOYLE

NEW YORK (AP) — Now is the time to get out the crying towel for the suburbanite.

The period of his greatest ordeal is at hand.

As a smug, lifelong lover of city life, I used to feel sorry for the people who choose to dwell out where the crabgrass grows.

Pity is wasted on such a fellow.

Life in the suburbs isn't really living. It's a form of penal servitude, a system of self-punishment, and I sometimes have wondered if suburbanites aren't expiating some unforgivable sins committed in a previous existence.

Wife Is Chauffeur

There are millions of people who work here during the day and spend their nights in the bedroom villages that sprawl around the fringes of the metropolis. This forces them to become horizontal yo-yos. They are in perpetual transit.

In suburbia, the husband is a prisoner of his timetable.

In suburbia the wife is an unpaid chauffeur, a pioneer mother in a covered station wagon shepherding her kids or hubby to some place they have to get to in a desperate hurry. She sees red and green traffic lights all day. Children are supposed to be healthier in the suburbs, but for some reason they seem unable to travel on their own feet a distance of more than two blocks.

The suburbanite suffers from periodic charcoal blindness, as it is an unwritten law in the suburbs that nobody cooks in the kitchen between Easter and Thanksgiving.

Enjoys His Misery

The first flying snowflakes that freckle the air herald his greatest season of disaster.

On frigid days he enters the office two hours late, red-faced, wearing boots and bundled in many layers of clothing.

Wiping a dripping icicle from his nose, he announces, "Could not get the car out of the driveway. Had to mush on foot to the station. Then the 8:59 didn't leave until 10:04." He doesn't get much work done. He has to save all his energy so he can get back home.

Once I asked one of these fellows, "Since it is such a nuisance, why do you bother to live in the suburbs?"

A look of wonder swept his face.

"Why?" he replied. "Why—because they are there!"

Never pity a suburbanite. He enjoys his misery.

Health Agencies Merger Feasible

EAST LANSING (AP)—Merger of state health agencies was termed difficult but feasible at a Michigan Welfare League meeting here.

The biggest headache, the task force said, will be finding a way of bringing mental and public health services under one roof.

"The task force generally agreed that this is not going to be an easy task," said Maurice Beck, league executive director.

A requirement of the new State Constitution is that the state's some 120 scattered agencies be grouped into a maximum of 20 within two years in the interests of economy and efficiency.

Niagara Woman Dies Of Burns

IRON MOUNTAIN — A Wisconsin woman so despondent over the assassination of President Kennedy that she set her clothing afire, died of the resulting burns in Dickinson County Memorial Hospital here early today.

She was Mrs. Philip Pebitclaire, 62, of neighboring Niagra, Wis., who set herself afire on Thursday. Police said she stuffed papers soaked with kerosene in her pockets and then lighted them. She was found by her husband in an apple orchard.

When police arrived she told them "Leave me alone — I want to die."

Her husband told police that she had been despondent since the death of President Kennedy last Friday.

Unordered Mail Gifts Should Be Returned: Kelley

Michigan Attorney General Frank J. Kelley says a frequent problem during the holiday season involves unordered merchandise sent by mail. Complaints received by his office indicate Michigan citizens are often sent merchandise they did not order and then are asked to pay for it.

"The Post Office Department advises me that mail can be refused at any time and that a person is never required to accept either letters or packages," says Kelley. "Any mail, including packages, that are unopened may be given back to your mailman as 'refused.' However, once mail has been opened, the receiver cannot take this action.

"Post Office Department regulations also prohibit the sending of any unordered merchandise C. O. D. Violations of this regulation should be reported to the Department.

"My advice to anyone who receives unordered merchandise is to return it at once to their mailman or the local post office without opening it. To do otherwise may well result in your becoming legally responsible for the payment of merchandise you did not order and do not want."

Children Tossed To Passerby As Home Burns

NEW YORK (AP) — Mrs. S. Rivera, 27, tossed her five children from the second-story window of a burning Brooklyn tenement into the arms of a passerby Thursday night. Then she jumped.

The unidentified hero vanished. The children range in age from 6 months to 11 years. They were treated at a hospital and released. Mrs. Rivera escaped with cuts and bruises.

Commencement

EAST LANSING, Mich.— Michigan State University will confer degrees on 1,254 students at fall term commencement exercises at 8 p. m. Friday, Dec. 6, in the University Auditorium. Speaker will be Chancellor Durward B. Varner of Oakland University.

Civil Rights Action Remains Big Problem

(Continued from Page 1)

and more action on civil rights as a memorial to the late president.

LIBERALS REVOLT

WASHINGTON (AP) — President Johnson faces a revolt among a group of House Democratic liberals, a revolt that began before the death of President John F. Kennedy.

It is aimed not at the President, but at Congress. It aims at punishment, by withdrawal of party seniority privileges, of those Democrats who refuse to support the national party ticket and policies. President Kennedy always declined to take such a drastic step, preferring conciliation and persuasion.

Leading the revolt is Rep Richard Bolling, D-Mo., one of the party's most articulate and thoughtful strategists in the House.

His target is the "subversives and quislings of the Democratic party," whom he defines as some Southern conservatives.

Bolling takes issue with President Johnson's belief, as expressed in his speech to Congress Wednesday, in "the ability of Congress to act; to meet any crisis; to distill from our differences strong programs of national action."

Bolling said in an interview that Congress is not viable, or able to live, under its present structure.

He said it has not been viable for a long time "but hasn't been observed as such" because the late speaker of the House, Sam Rayburn, held it together and made it work by his personal prestige and influence.

"We staggered along with the appearance of functioning largely because of Rayburn," Bolling said. "It is not the fault of the Republicans. They are a conservative party, by and large. But they are responsible. We — the Democrats — on the other hand, are totally irresponsible."

Sitter Recalls First Aid Lesson And Saves Baby

KALAMAZOO (AP)—Timothy Taylor, 15-month-old son of Mr. and Mrs. Charles Taylor, is alive today because his baby sitter remembered a first aid lesson.

The baby sitter, Brenda Henry, 15, daughter of Patrolman and Mrs. Maynard Henry of Kalamazoo Township, was giving Timothy his bottle Wednesday night when the infant stopped breathing.

Brenda, recalling lessons she had learned from her father, applied mouth-to-mouth resuscitation. In four minutes the baby was breathing again, and Brenda called an ambulance.

Timothy, physicians discovered, was suffering from a respiratory ailment. He was reported in good condition at Bronson hospital.

Pilot Injured In Kalkaska Airplane Wreck

KALKASKA (AP) — A light plane with four persons aboard returning from the Michigan State-Illinois football game crashed in Kalkaska County Thursday.

The only person injured, State Police said, was the pilot, Arthur E. Moenkhaus, 37, of Traverse City. He required 14 stitches to close a head cut, officers said.

The single-engine craft was enroute to Traverse City from East Lansing when Moenkhaus apparently misjudged his altitude and the place struck some tree tops, police said.

George Pringle Named President Of Mead Corp.

NEW YORK — George H. Pringle was elected president of the Mead Corp. announces H. E. Whitaker, Mead chairman. Pringle succeeds D. F. Morris who died earlier this month.

James W. McSwiney was elected executive vice president, succeeding Pringle who has been executive vice president since 1958. McSwiney has been group vice president, board since 1962.

Dr. George H. Sheets was elected senior vice president, a new post in the Mead organization. Dr. Sheets has been group vice president, white papers since 1962.

Mead's executive offices are in Dayton, O.

Pringle is a Mead veteran of 36 years. He joined Mead's engineering department in Chillicothe, Ohio, in May 1927; became Chillicothe Division engineer in 1944; assistant chief engineer for the corporation in 1948; chief engineer in 1951; he was elected a vice president in 1952 and he became executive vice president in 1958.

Pringle has been very active in Chillicothe community affairs, having served as president of the local Y.M.C.A.; chairman of the Ross County Community Chest; president of the Ross County Shrine Club; president of the Council of Social Agencies; trustee and president of the Board of Trustees for Chillicothe Hospital. He is a director of the Savings Bank Co. of Chillicothe.

Pringle is married to the former Grace Ione Argall; they have two daughters. The family maintains residence at One Bellcrest Lane, Chillicothe.

McSwiney joined Mead in Nashville, Tenn., in 1934. He became office manager at the Harriman, Tenn., Division in 1939 and plant manager of a Mead mill at Rockport, Ind., in 1940. In 1941, shortly before he entered military service, he became assistant office manager at the Kingsport, Tenn., Division.

After his military service, he served as office manager, then assistant secretary and treasurer of the Brunswick Pulp & Paper Co. In 1954, he was appointed to a new post of executive assistant to the president of the Mead Corp., and since that time has been in Dayton. He was elected vice president, development in 1957 and in 1962 he became group vice president, board.

McSwiney is married to the former Jewell Bellar; they have two children, Charles Ronald and Margaret Ann. They maintain residence at 1500 Devereux Dr., Oakwood, O.

Dr. George H. Sheets began his career with Mead in the Research Department at Chillicothe. In the following 12 years he held various management assignments in Chillicothe, including manager corporation technical services; staff assistant to the executive vice president and assistant to the Chillicothe Division manager.

In 1953, he became assistant to the division manager at Kingsport, and later he was promoted to assistant division manager. In 1956, he returned to Chillicothe in a similar position and two years later became division manager.

In 1959, he was appointed managing director, central research and in January 1962, he became assistant to the executive vice president. In 1962, he was elected vice president and later became group vice president, white papers.

Dr. Sheets is married to the former Margaret Muenchow; they have two daughters, Cynthia and Karen. They maintain residence at 60 Harman Terrace, Oakwood.

Six Dangerous Patients Flee

OGDENSBURG, N.Y. (AP)— Police hunted today for six escaped mental patients, one of whom reportedly once professed love for the Soviet Union and expressed a desire to kill President Kennedy and New York Gov. Nelson A. Rockefeller.

Authorities said all six are dangerous. Five of them escaped early today from Rockland State Hospital at Organeburg, N.Y., and forced an attendant at gunpoint to drive them to New York City. The sixth, Guy Patterson, 33, was described as the assassin-minded escapee.

Patterson, of Pineville, Ky., apparently walked off the grounds of St. Lawrence State Hospital in Ogdensburg about 5 p.m. Thursday.

City Council To Meet Wednesday

The Escanaba City Council will meet at 8 p.m. Wednesday, Dec. 4, in the City Hall with Mayor Harold Vanlerberghe presiding. The Council will:

Give second reading and adopt an ordinance vacating S. 14th St. south of 16th Ave. S. to permit improvement of street to end a safety hazard; and give second reading and adopt an amendment to the parking meter ordinance to establish uniform fines for overtime parking.

Continue the postponed public hearing on a zoning change at S. 23rd St. and 1st Ave. from commercial to residential.

Station Sold

GRAND HAVEN (AP)—Three Holland men, doing business as community Broadcasters Inc., have purchased radio station WGHN here, Grand Haven Broadcasting Co. President Richard Gillespie said. The purchase price was not disclosed. The new owners assume control in about two months. Douglas J. Tjapkes is president of the new firm.

Danforth

Home Ec Meeting

Regular meeting of Danforth-Soo Hill Home Extension Group was held recently at the home of Mrs. George Larson. Christmas gifts were displayed and lunch was served. The next neeting will be at the home of Mrs. Vern Eagle Dec. 19 with a gift exchange.

Mr. and Mrs. Charles Cooper and children, Chuckie, Lenore and Ross, are arriving this evening for a Thanksgiving holiday visit at the home of Mrs. Cooper's mother, Mrs. George Larson.

Garden Peninsula

Mr. and Mrs. Leroy Winter left Wednesday morning for Paw Paw, to spend Thanksgiving with Mr. and Mrs. Kenneth Bare and family.

Closing Retreat

Men from Escanaba, Menominee and Iron Mountain will attend the last retreat of the 1963 Marygrove season this weekend.

Planning Body Okays Dorms

Dormitories should be defined in the Escanaba zoning ordinance and they should be allowed to be operated in Class C (multiple dwelling) Residential areas in Escanaba, the Planning Commission is recommending to the City Council.

The Commission, meeting Wednesday, also adopted other recommendations based on reports of its zoning committee, including:

Denying a request that professional clinics be allowed in residential areas, but should be permitted use in local business areas.

Denying a request to allow multiple family units in undeveloped Class A residence district.

Recommending to the Council that a zoning change be made at 23rd and 1st Ave. S., reaffirming its previous recommendation

Approved the Commission holding meetings with interested property owners, and to have the engineering department make preliminary detail maps of the area to assist in preparing a survey plat.

Recommended deletion of of 2nd Ave. east from 25th St. in a revision of Precised Plat No. 5.

Heard Supt. Walter Bright report the interest of the schools in a site for a future primary school west of the new Area High School, and the Commission designated a five-acre site in Plat No. 5.

Advised Leslie Rose of Escanaba that no zoning law is violated by permitting the Little League to use the Lemmer School playground to develop a ball field, but would check to determine if the proposed ball field should be denied for other causes.

Kennedy Tomb Designs Asked

NEW YORK (AP)—Mrs. John F. Kennedy has asked an architect to develop designs for a tomb for her husband, the New York Herald Tribune said today.

The newspaper said in a Washington dispatch that the architect, John Carl Warnecke of Washington, visited President Kennedy's grave Wednesday with Mrs. Kennedy and Atty. Gen. Robert F. Kennedy.

Warnecke was quoted as saying: "I imagine that in discussing this, several possible solutions will be thought about, sketched out, looked at carefully; and that Mrs. Kennedy will take a very close interest in every aspect."

According to the Herald Tribune, Warnecke said several ideas have been discussed with Mrs. Kennedy and that the eternal flame she lighted at Kennedy's grave will be incorporated in the tomb.

Warnecke is the head of an architectural firm that has worked on projects such as the state capitol of Hawaii and a master plan for the U.S. Naval Academy at Annapolis, Md.

President Kennedy named him to the government's Fine Arts Commission.

Stranger Drops In For Lunch And Takes $3.50

CINCINNATI (AP) — Anna Bosse came home from church Thursday and found a young man sitting on the couch with his shoes off and talking on the phone. He'd fixed himself a hamburger and was drinking beer.

Mrs. Bosse, 57, said he told her not to worry — he wasn't a burglar. He was just having trouble with his wife and had no place to go.

He then asked her to fix him a cup of coffee and after she brought it, he said everything had been patched up and he was going home.

Mrs. Bosse told police she gave him 50 cents for bus fare — and then discovered he had taken $3.50 from her purse while she was fixing the coffee.

Record Throngs Greet St. Nick

DETROIT (AP) — Sunny skies and balmy weather brought record throngs out Thursday to greet Santa Claus in the 37th annual J. L. Hudson Company's Thanksgiving Day parade in downstown Detroit.

Police Inspector Peter R. Soncrant estimated the crowd at 250,000 to 300,000.

"It's the largest crowd I've ever seen at a Thanksgiving Day parade here," he said.

"It's the best parade we've ever had," said Wally Keip, master of ceremonies for 12 Thanksgiving Day parades. "The crowd and weather were tops."

Widow Gets Help To Finish Home Of Slain Officer

TRUCKEE, Calif. (AP)—California highway patrolman Glenn W. Carlson hadn't gotten very far in building his Sierra mountain home when he was shot to death Nov. 15 by fleeing bank robbers.

Thanksgiving Day, the widow of the 33-year-old officer stood in the bare living room of the nearly completed home and said, "You just don't realize how wonderful people can be until something like this happens."

Jane Carlson and her three children — age 7, 6 and 4 — have been staying in a rented house while neighbors, friends and strangers pitched in with money, materials and labor to help finish the home.

Shots Hit Truck Near Cemetery At Fort Worth

FORT WORTH, Tex. (AP) — A motorist told police two bullets hit his pickup truck Thursday night as he drove past the cemetery where Lee Harvey Oswald, accused slayer of President Kennedy, is buried.

J. B. Ardry, 40, of Fort Worth, said he halted the truck and "just took off" on foot. He was unhurt.

Police found bullet holes in the right window and the windshield of the truck.

Newberry

Country Club Elects Officers

A regular annual meeting of the Newberry Country Club was held Monday evening, in the Community Building with President R. B. Geurts as chairman of the meeting.

Nominations for officers for the ensuing year were made and the following members were elected to the Board of Directors: Raymond Knauf, Cliff Fossitt, R. B. Geurts, Ernest Ruecker, Dr. John Sloan, Sr., and Jack Myett.

Following this meeting, a Board of Directors meeting was held and the following officers were appointed: Raymond Knauf, president; R. B. Geurts, vice-president; F. E. Jacobson, Sec'y-Treas.; Glen Hunter, Cliff Fossitt, Ernest Ruecker, Dr. John Sloan and Jack Myett, directors.

A short directors meeting will be held Monday evening, Dec. 2, present board members will be called.

City Briefs

BPW CLUB MEETING

The B&PW Club held a regular dinner meeting Tuesday in the Lower Falls room. The table decorative scheme was carried out in the Thanksgiving theme.

A short business meeting followed dinner, after which Miss Ruth Stephens read two of Edgar Guest's poams, and Mrs. James Squires sang two solos, accompanied by Mrs. Roy Young. Hostesses for the evening were Mrs. Marguerite Briggs, Mrs. Ethel Burns and Mrs. Anna Auten.

BRIEFLY TOLD

State police here received a report from Mrs. William Klasner, of Grand Rapids, that a wooden construction, six foot utility trailer belonging to her husband, who died of injuries in an accident on M77 Nov. 11, was taken from where it was parked beside the road following the accident.

Charles Honkonen reported to state police that a metal gate was taken from his property on the Murphy Creek Road. He discovered the loss some time Tuesday after noon.

NEWBERRY BRIEFS

The December meeting of the Hiawathaland Law Enforcement Officers Assn. will be held in the Holiday Inn at Dafter on Dec. 4. There will be election of officers.

Prosecuting Attorney J. P. Schimmens left Wednesday morning for Washington, D. C., where he joined Mrs. Shimmens, and will spend the holidays with her mother, Mrs. J. Brown.

Mrs. Lloyd Hale and Mrs. Teddy Hale and daughter went to Grand Rapids Wednesday, where they will stay over the weekend with the former's daughter, Mrs. Don Dewey.

Mr. and Mrs. Clem Bergstrom of Augusta and daughter are here for the Thanksgiving holidays.

Mr. and Mrs. Robert Meyer and children of Osage, Iowa, who have been here for the past week visiting their parents in Engadine and here, expect to return to their home on Saturday.

It has been reported by the Tahquamenon Sportsmen's Club that in this area the deer hunting has resulted in hunters getting deer with a greater number of large racks than in previous years, many filling their any deer permits with bucks.

Mrs. Mikan Dies Thursday

MANISTIQUE — Mrs. Nick (Catherine) Mikan, 78, of 362 N. Cedar St., died at 9:30 p. m. Thursday in Schoolcraft Memorial Hospital where she had been a patient two and a half weeks.

Mrs. Mikan was born Nov. 24, 1886 in Netretic Yugoslavia, and came to the United States in August of 1921. She settled in Manistique and has been a resident since.

Her maiden name was Catherine Cerovac. Her marriage to Mr. Mikan took place in Yugoslavia in 1910. He died in 1960.

Surviving is a son, John of Manistique; a sister, Mrs. Susie Borko of Manistique; and a nephew, John Borko, also of Manistique.

Friends may call at Messier-Broullire Funeral Home beginning at 2:30 p. m. Sunday. Liturgical Prayers will be recited at 8 p. m. Sunday.

Funeral services have been scheduled for 9 a. m. Monday from St. Francis de Sales Church. Burial will be in Fairview Cemetery.

Escanaba Paces Harnischfeger's Safety Progress

Harnischfeger Corp. Escanaba employes in September celebrated working two million consecutive hours without a lost-time accident. Now the company's Milwaukee main plant employes have hit the million hour mark for consecutive hours worked without a lost-time accident.

The Milwaukee safety string started at Harnischfeger on August 24, 1963, and extended to November 4. In recognition of the achievement Plant Manager Joseph Surmacz presented all Milwaukee employes with a key chain and fob commemorating the event. The company was presented a green cross safety flag by the National Safety Council and a safety award plaque from Employers Mutual of Wausau.

Milwaukee employes still have a long way to go to establish a corporate record. The record, still being set, is presently at the 2,300,000 hour mark in Escanaba where, 1,000 employes have worked since July 17, 1962 without a lost-time accident.

Briefly Told

The Gladstone Yacht Club will have a Friday night fish fry tonight at the club and on every Friday.

John P. Percy, 45, of Mobile, Ala., was sentenced to 10 days in the Delta County jail and ordered to make restitution after he pleaded guilty in municipal court today to a charge of passing bad checks.

A blind gymkhana sponsored by Ye Aulde Airport Sports Car Club, will be held at the Bay de Noc Raceway at 1 p. m. Sunday. For further details inquiries should be addressed to Jack Shiner, GA5-3711.

Traffic court summonses have been issued by Escanaba police to Ronald J. Pettey, Coldwater, Thomas W. Manning, Cornell Rte. 1, Dale L. Juhl, 3101 14th Ave. S., and Douglas R. Bovin, 609 N. 11th St., Gladstone, all for speeding; and to William C. Longtine, Wells, for speeding and disobeying a traffic signal.

Robert E. Davis of 203 N. 18th St., suffered cuts about the mouth and was taken to St. Francis Hospital after his car struck a parked auto at N. 19th St., and 15th Ave. N., at 3:23 a. m., Thursday, it was reported by Escanaba police. The parked auto was owned by John E. Stropich, 1423 N. 19th St. Davis was ticketed for failing to stop in the assured clear distance.

Kentucky Gets Two-Inch Snow

LOUISVILLE, Ky. (AP) — Snow measuring up to two inches fell today in parts of central and eastern Kentucky, the first of the season.

Louisville, in the northwest sector, had a light rain shower, clear weather was reported in far southwest Kentucky.

The heavier snow was at Pineville, London and Somerset in the southeast Kentucky mountains. Temperatures were in the high 20s and low 30s.

Highway Mishaps Kill 11 In State

By The Associated Press

Highway accidents killed 11 persons in the first two days of the long Thanksgiving Holiday weekend in Michigan.

The Associated Press tabulation of fatalities began at 6 p.m. Wednesday and ends at midnight Sunday.

A Vestaburg couple, Richard Searles, 71, and his wife, Doris, 75, were killed Thanksgiving Day in a two-car crash on U.S. 27 near Mount Pleasant.

Britain Pushing Cold War, Says Red Newspaper

MOSCOW (AP) — The Soviet armed forces newspaper Red Star accused Britain today of seeking to boost military preparations and intensify the cold war.

The paper said the British decision to merge the army, navy and air ministry into a single defense ministry "further intensifies the aggressive policy of the British imperialists."

"The concentration of military power in one place will sharply increase the role of the military in determining both the home and foreign policy of the country and in the spending of its financial and other resources," Red Star aded.

Russia To Fire Pacific Tests

WASHINGTON (AP) — President Johnson, exponent of a vigorous national space program, found himself confronted today with dramatic new evidence of Russia's intensified pace in the race.

The Soviet Union Thursday night announced a new series of rocket tests in the Pacific Ocean beginning next Monday and lasting almost two months.

The tests, said the Soviet news agency Tass, will be made "in view of the enlargement of the program of scientific research in the further exploration of outer space."

The series presumably is part of the Soviat Union's program to land men on the moon—a program on which the United States also has embarked, with the suppgrt of Johnson.

The United States is expected to keep close on the new Soviet rocket tests.

It has become custom for U.S. ships, aircraft and radar stations track Soviet rocket firings into the Pacific.

One of the impact areas designated in the Moscow announcement is in the vicinity of the Marshall Islands, where previous rockets have been directed. The other is northward in the Pacific, generally east of Tokyo.

The U.S. is abla to track Soviet rockets virtually from the point of launching in the Caspian Sea area to the impact point in the Pacific.

Illness Is Fatal To Harold Castle

Harold (Tex) Castle, 46, former resident of Escanaba, died Thanksgiving afternoon at his home in Bellflower, Calif., after a short illness. Mr. Castle, during his residence in Escanaba, was employed by Clairmont Transfer Co. and L. & L.

He is survived by his wife, the former Ethel Burnard of Escanaba, one son, William, and one daughter, Mrs. Sandra Peacock, Bellflower; three grandchildren and one brother, Vernon Castle, Chicago.

The body was taken to Chapel of Memories, 12512 S. Pioneer Blvd., in Norwalk, Calif., where arrangements for services will be made.

Trenary

Work On Hill

A work bee for Lions and others interested in helping prepare the ski hill for the winter will be held Saturday and Sunday.

Communion Service

Communion will be served by Pastor Tauno Jarvinan Sunday, Dec. 1 at 10:30 a. m. at the First Lutheran church.

Lions' Meeting

Trenary Lions club will meet Tuesday, Dec. 3 at 7:30 p. m. at the Town Hall. Arnold Hill and Edmond Oulette wil serve lunch.

The Methodist Youth Fellowship will meet Monday, Dec. 2, at 7:30 p. m. at the church.

Niagara Woman Dies Of Burns

IRON MOUNTAIN — A Wisconsin woman so despondent over the assassination of President Kennedy that she set her clothing afire, died of the resulting burns in Dickinson County Memorial Hospital here early today.

She was Mrs. Philip Pebitclaire, 62, of neighboring Niagara, Wis., who set herself afire on Thursday. Police said she stuffed papers soaked with kerosene in her pockets and then lighted them. She was found by her husband in an apple orchard.

When police arrived she told them "Leave me alone — I want to die."

Her husband told police that she had been despondent since the death of President Kennedy last Friday.

Unordered Mail Gifts Should Be Returned: Kelley

Michigan Attorney General Frank J. Kelley says a frequent problem during the holiday season involves unordered merchandise sent by mail. Complaints received by his office indicate Michigan citizens are often sent merchandise they did not order and then are asked to pay for it.

"The Post Office Department advises me that mail can be refused at any time and that a person is never required to accept either letters or packages," says Kelley. "Any mail, including packages, that are unopened may be given back to your mailman as 'refused.' However, once mail has been opened, the receiver cannot take this action.

"Post Office Department regulations also prohibit the sending of any unordered merchandise C. O. D. Violations of this regulation should be reported to the Department.

"My advice to anyone who receives unordered merchandise is to return it at once to their mailman or the local post office without opening it. To do otherwise may well result in your becoming legally responsible for the payment of merchandise you did not order and do not want."

Children Tossed To Passerby As Home Burns

NEW YORK (AP) — Mrs. S. Rivera, 27, tossed her five children from the second-story window of a burning Brooklyn tenement into the arms of a passerby Thursday night. Then she jumped.

The unidentified hero vanished. The children range in age from 6 months to 11 years. They were treated at a hospital and released. Mrs. Rivera escaped with cuts and bruises.

Commencement

EAST LANSING, Mich.— Michigan State University will confer degrees on 1,254 students at fall term commencement exercises at 8 p. m. Friday, Dec. 6, in the University Auditorium. Speaker will be Chancellor Durward B. Varner of Oakland University.

Civil Rights Action Remains Big Problem

(Continued from Page 1)

and more action on civil rights as a memorial to the late president.

LIBERALS REVOLT

WASHINGTON (AP) — President Johnson faces a revolt among a group of House Democratic liberals, a revolt that began before the death of President John F. Kennedy.

It is aimed not at the President, but at Congress. It aims at punishment, by withdrawal of party seniority privileges, of those Democrats who refuse to support the national party ticket and policies. President Kennedy always declined to take such a drastic step, preferring conciliation and persuasion.

Leading the revolt is Rep. Richard Bolling, D-Mo., one of the party's most articulate and thoughtful strategists in the House.

His target is the "subversives and quislings of the Democratic party," whom he defines as some Southern conservatives.

Bolling takes issue with President Johnson's belief, as expressed in his speech to Congress Wednesday, in "the ability of Congress to act; to meet any crisis; to distill from our differences strong programs of national action."

Bolling said in an interview that Congress is not viable, or able to live, under its present structure.

He said it has not been viable for a long time "but hasn't been observed as such" because the late speaker of the House, Sam Rayburn, held it together and made it work by his personal prestige and influence.

"We staggered along with the appearance of functioning largely because of Rayburn," Bolling said. "It is not the fault of the Republicans. They are a conservative party, by and large. But they are responsible. We — the Democrats — on the other hand, are totally irresponsible."

Sitter Recalls First Aid Lesson And Saves Baby

KALAMAZOO (AP)—Timothy Taylor, 15-month-old son of Mr. and Mrs. Charles Taylor, is alive today because his baby sitter remembered a first aid lesson.

The baby sitter, Brenda Henry, 15, daughter of Patrolman and Mrs. Maynard Henry of Kalamazoo Township, was giving Timothy his bottle Wednesday night when the infant stopped breathing.

Brenda, recalling lessons she had learned from her father, applied mouth-to-mouth resuscitation. In four minutes the baby was breathing again, and Brenda called an ambulance.

Timothy, physicians discovered, was suffering from a respiratory ailment. He was reported in good condition at Bronson hospital.

Pilot Injured In Kalkaska Airplane Wreck

KALKASKA (AP) — A light plane with four persons aboard returning from the Michigan State - Illinois football game crashed in Kalkaska County Thursday.

The only person injured, State Police said, was the pilot, Arthur E. Moenkhaus, 37, of Traverse City. He required 14 stitches to close a head cut, officers said.

The single-engine craft was enroute to Traverse City from East Lansing when Moenkhaus apparently misjudged his altitude and the place struck some tree tops, police said.

George Pringle Named President Of Mead Corp.

NEW YORK — George H. Pringle was elected president of the Mead Corp. announces H. E. Whitaker, Mead chairman. Pringle succeeds D. F. Morris who died earlier this month.

James W. McSwiney was elected executive vice president, succeeding Pringle who has been executive vice president since 1958. McSwiney has been group vice president, board since 1962.

Dr. George H. Sheets was elected senior vice president, a new post in the Mead organization. Dr. Sheets has been group vice president, white papers since 1962.

Mead's executive offices are in Dayton, O.

Pringle is a Mead veteran of 36 years. He joined Mead's engineering department in Chillicothe, Ohio, in May 1927; became Chillicothe Division engineer in 1944; assistant chief engineer for the corporation in 1948; chief engineer in 1951; he was elected a vice president in 1952 and he became executive vice president in 1958.

Pringle has been very active in Chillicothe community affairs, having served as president of the local Y.M.C.A.; chairman of the Ross County Community Chest; president of the Ross County Shrine Club; president of the Council of Social Agencies; trustee and president of the Board of Trustees for Chillicothe Hospital. He is a director of the Savings Bank Co. of Chillicothe.

Pringle is married to the former Grace Ione Argall; they have two daughters. The family maintains residence at One Bellcrest Lane, Chillicothe.

McSwiney joined Mead in Nashville, Tenn., in 1934. He became office manager at the Harriman, Tenn., Division in 1939 and plant manager of a Mead mill at Rockport, Ind., in 1940. In 1941, shortly before he entered military service, he became assistant office manager at the Kingsport, Tenn., Division.

After his military service, he served as office manager, then assistant secretary and treasurer of the Brunswick Pulp & Paper Co. In 1954, he was appointed to a new post of executive assistant to the president of the Mead Corp., and since that time has been in Dayton. He was elected vice president, development in 1957 and in 1962 he became group vice president, board.

McSwiney is married to the former Jewell Bellar; they have two children, Charles Ronald and Margaret Ann. They maintain residence at 1500 Devereux Dr., Oakwood, O.

Dr. George H. Sheets began his career with Mead in the Research Department at Chillicothe. In the following 12 years he held various management assignments in Chillicothe, including manager corporation technical services; staff assistant to the executive vice president and assistant to the Chillicothe Division manager.

In 1953, he became assistant to the division manager at Kingsport, and later he was promoted to assistant division manager. In 1956, he returned to Chillicothe in a similar position and two years later became division manager.

In 1959, he was appointed managing director, central research and in January 1962, he became assistant to the executive vice president. In 1962, he was elected vice president and later became group vice president, white papers.

Dr. Sheets is married to the former Margaret Muenchow; they have two daughters, Cynthia and Karen. They maintain residence at 60 Harman Terrace, Oakwood.

Six Dangerous Patients Flee

OGDENSBURG, N.Y. (AP)— Police hunted today for six escaped mental patients, one of whom reportedly once professed love for the Soviet Union and expressed a desire to kill President Kennedy and New York Gov. Nelson A. Rockefeller.

Authorities said all six are dangerous. Five of them escaped early today from Rockland State Hospital at Organeburg, N.Y., and forced an attendant at gunpoint to drive them to New York City. The sixth, Guy Patterson, 33, was described as the assassin-minded escapee.

Patterson, of Pineville, Ky., apparently walked off the grounds of St. Lawrence State Hospital in Ogdensburg about 5 p.m. Thursday.

City Council To Meet Wednesday

The Escanaba City Council will meet at 8 p.m. Wednesday, Dec. 4, in the City Hall with Mayor Harold Vanlerberghe presiding. The Council will:

Give second reading and adopt an ordinance vacating S. 14th St. south of 16th Ave. S. to permit improvement of street to end a safety hazard; and give second reading and adopt an amendment to the parking meter ordinance to establish uniform fines for overtime parking.

Continue the postponed public hearing on a zoning change at S. 23rd St. and 1st Ave. from commercial to residential.

Station Sold

GRAND HAVEN (AP)—Three Holland men, doing business as community Broadcasters Inc., have purchased radio station WGHN here, Grand Haven Broadcasting Co. President Richard Gillespie said.

The purchase price was not disclosed. The new owners assume control in about two months. Douglas J. Tjapkes is president of the new firm.

Danforth

Home Ec Meeting

Regular meeting of Danforth-Soo Hill Home Extension Group was held recently at the home of Mrs. George Larson. Christmas gifts were displayed and lunch was served. The next neeting will be at the home of Mrs. Vern Eagle Dec. 19 with a gift exchange.

Mr. and Mrs. Charles Cooper and children, Chuckie, Lenore and Ross, are arriving this evening for a Thanksgiving holiday visit at the home of Mrs. Cooper's mother, Mrs. George Larson.

Garden Peninsula

Mr. and Mrs. Leroy Winter left Wednesday morning for Paw Paw, to spend Thanksgiving with Mr. and Mrs. Kenneth Bare and family.

Closing Retreat

Men from Escanaba, Menominee and Iron Mountain will attend the last retreat of the 1963 Marygrove season this weekend.

Planning Body Okays Dorms

Dormitories should be defined in the Escanaba zoning ordinance and they should be allowed to be operated in Class C (multiple dwelling) Residential areas in Escanaba, the Planning Commission is recommending to the City Council.

The Commission, meeting Wednesday, also adopted other recommendations based on reports of its zoning committee, including:

Denying a request that professional clinics be allowed in residential areas, but should be permitted use in local business areas.

Denying a request to allow multiple family units in undeveloped Class A residence district.

Recommending to the Council that a zoning change be made at 23rd and 1st Ave. S., reaffirming its previous recommendation

Approved the Commission holding meetings with interested property owners, and to have the engineering department make preliminary detail maps of the area to assist in preparing a survey plat.

Recommended deletion of of 2nd Ave. east from 25th St. in a revision of Precised Plat No. 5.

Heard Supt. Walter Bright report the interest of the schools in a site for a future primary school west of the new Area High School, and the Commission designated a five-acre site in Plat No. 5.

Advised Leslie Rose of Escanaba that no zoning law is violated by permitting the Little League to use the Lemmer School playground to develop a ball field, but would check to determine if the proposed ball field should be denied for other causes.

Kennedy Tomb Designs Asked

NEW YORK (AP)—Mrs. John F. Kennedy has asked an architect to develop designs for a tomb for her husband, the New York Herald Tribune said today.

The newspaper said in a Washington dispatch that the architect, John Carl Warnecke of Washington, visited President Kennedy's grave Wednesday with Mrs. Kennedy and Atty. Gen. Robert F. Kennedy.

Warnecke was quoted as saying: "I imagine that in discussing this, several possible solutions will be thought about, sketched out, looked at carefully; and that Mrs. Kennedy will take a very close interest in every aspect."

According to the Herald Tribune, Warnecke said several ideas have been discussed with Mrs. Kennedy and that the eternal flame she lighted at Kennedy's grave will be incorporated in the tomb.

Warnecke is the head of an architectural firm that has worked on projects such as the state capitol of Hawaii and a master plan for the U.S. Naval Academy at Annapolis, Md.

President Kennedy named him to the government's Fine Arts Commission.

Stranger Drops In For Lunch And Takes $3.50

CINCINNATI (AP) — Anna Bosse came home from church Thursday and found a young man sitting on the couch with his shoes off and talking on the phone. He'd fixed himself a hamburger and was drinking beer.

Mrs. Bosse, 57, said he told her not to worry — he wasn't a burglar. He was just having trouble with his wife and had no place to go.

He then asked her to fix him a cup of coffee and after she brought it, he said everything had been patched up and he was going home.

Mrs. Bosse told police she gave him 50 cents for bus fare — and then discovered he had taken $3.50 from her purse while she was fixing the coffee.

Record Throngs Greet St. Nick

DETROIT (AP) — Sunny skies and balmy weather brought record throngs out Thursday to greet Santa Claus in the 37th annual J. L. Hudson Company's Thanksgiving Day parade in downstown Detroit.

Police Inspector Peter R. Soncrant estimated the crowd at 250,000 to 300,000.

"It's the largest crowd I've ever seen at a Thanksgiving Day parade here," he said.

"It's the best parade we've ever had," said Wally Keip, master of ceremonies for 12 Thanksgiving Day parades. "The crowd and weather were tops."

Widow Gets Help To Finish Home Of Slain Officer

TRUCKEE, Calif. (AP)—California highway patrolman Glenn W. Carlson hadn't gotten very far in building his Sierra mountain home when he was shot to death Nov. 15 by fleeing bank robbers.

Thanksgiving Day, the widow of the 33-year-old officer stood in the bare living room of the nearly completed home and said, "You just don't realize how wonderful people can be until something like this happens."

Jane Carlson and her three children — age 7, 6 and 4 — have been staying in a rented house while neighbors, friends and strangers pitched in with money, materials and labor to help finish the home.

Shots Hit Truck Near Cemetery At Fort Worth

FORT WORTH, Tex. (AP) — A motorist told police two bullets hit his pickup truck Thursday night as he drove past the cemetery where Lee Harvey Oswald, accused slayer of President Kennedy, is buried.

J. B. Ardry, 40, of Fort Worth, said he halted the truck and "just took off" on foot. He was unhurt.

Police found bullet holes in the right window and the windshield of the truck.

Newberry

Country Club Elects Officers

A regular annual meeting of the Newberry Country Club was held Monday evening, in the Community Building with President R. B. Geurts as chairman of the meeting.

Nominations for officers for the ensuing year were made and the following members were elected to the Board of Directors: Raymond Knauf, Cliff Fossitt, R. B. Geurts, Ernest Ruecker, Dr. John Sloan, Sr., and Jack Myett.

Following this meeting, a Board of Directors meeting was held and the following officers were appointed: Raymond Knauf, president; R. B. Geurts, vice-president; F. E. Jacobson, Sec'y-Treas.; Glen Hunter, Cliff Fossitt, Ernest Ruecker, Dr. John Sloan and Jack Myett, directors.

A short directors meeting will be held Monday evening, Dec. 2, present board members will be called.

City Briefs

BPW CLUB MEETING

The B&PW Club held a regular dinner meeting Tuesday in the Lower Falls room. The table decorative scheme was carried out in the Thanksgiving theme.

A short business meeting followed dinner, after which Miss Ruth Stephens read two of Edgar Guest's poams, and Mrs. James Squires sang two solos, accompanied by Mrs. Roy Young. Hostesses for the evening were Mrs. Marguerite Briggs, Mrs. Ethel Burns and Mrs. Anna Auten.

BRIEFLY TOLD

State police here received a report from Mrs. William Klasner, of Grand Rapids, that a wooden construction, six foot utility trailer belonging to her husband, who died of injuries in an accident on M77 Nov. 11, was taken from where it was parked beside the road following the accident.

Charles Honkonen reported to state police that a metal gate was taken from his property on the Murphy Creek Road. He discovered the loss some time Tuesday after noon.

NEWBERRY BRIEFS

The December meeting of the Hiawathaland Law Enforcement Officers Assn. will be held in the Holiday Inn at Dafter on Dec. 4. There will be election of officers.

Prosecuting Attorney J. P. Schimmens left Wednesday morning for Washington, D. C., where he joined Mrs. Shimmens, and will spend the holidays with her mother, Mrs. J. Brown.

Mrs. Lloyd Hale and Mrs. Teddy Hale and daughter went to Grand Rapids Wednesday, where they will stay over the weekend with the former's daughter, Mrs. Don Dewey.

Mr. and Mrs. Clem Bergstrom of Augusta and daughter are here for the Thanksgiving holidays.

Mr. and Mrs. Robert Meyer and children of Osage, Iowa, who have been here for the past week visiting their parents in Engadine and here, expect to return to their home on Saturday.

It has been reported by the Tahquamenon Sportsmen's Club that in this area the deer hunting has resulted in hunters getting deer with a greater number of large racks than in previous years, many filling their any deer permits with bucks.

Mrs. Mikan Dies Thursday

MANISTIQUE — Mrs. Nick (Catherine) Mikan, 78, of 362 N. Cedar St., died at 9:30 p. m. Thursday in Schoolcraft Memorial Hospital where she had been a patient two and a half weeks.

Mrs. Mikan was born Nov. 24, 1886 in Netretic Yugoslavia, and came to the United States in August of 1921. She settled in Manistique and has been a resident since.

Her maiden name was Catherine Cerovac. Her marriage to Mr. Mikan took place in Yugoslavia in 1910. He died in 1960.

Surviving is a son, John of Manistique; a sister, Mrs. Susie Borko of Manistique; and a nephew, John Borko, also of Manistique.

Friends may call at Messier-Broullire Funeral Home beginning at 2:30 p. m. Sunday. Liturgical Prayers will be recited at 8 p. m. Sunday.

Funeral services have been scheduled for 9 a. m. Monday from St. Francis de Sales Church. Burial will be in Fairview Cemetery.

Escanaba Paces Harnischfeger's Safety Progress

Harnischfeger Corp. Escanaba employes in September celebrated working two million consecutive hours without a lost-time accident. Now the company's Milwaukee main plant employes have hit the million hour mark for consecutive hours worked without a lost-time accident.

The Milwaukee safety string started at Harnischfeger on August 24, 1963, and extended to November 4. In recognition of the achievement Plant Manager Joseph Surmacz presented all Milwaukee employes with a key chain and fob commemorating the event. The company was presented a green cross safety flag by the National Safety Council and a safety award plaque from Employers Mutual of Wausau.

Milwaukee employes still have a long way to go to establish a corporate record. The record, still being set, is presently at the 2,300,000 hour mark in Escanaba where, 1,000 employes have worked since July 17, 1962 without a lost-time accident.

Briefly Told

The Gladstone Yacht Club will have a Friday night fish fry tonight at the club and on every Friday.

John P. Percy, 45, of Mobile, Ala., was sentenced to 10 days in the Delta County jail and ordered to make restitution after he pleaded guilty in municipal court today to a charge of passing bad checks.

A blind gymkhana sponsored by Ye Aulde Airport Sports Car Club, will be held at the Bay de Noc Raceway at 1 p. m. Sunday. For further details inquiries should be addressed to Jack Shiner, GA5-3711.

Traffic court summonses have been issued by Escanaba police to Ronald J. Pettey, Coldwater, Thomas W. Manning, Cornell Rte. 1, Dale L. Juhl, 3101 14th Ave. S., and Douglas R. Bovin, 609 N. 11th St., Gladstone, all for speeding; and to William C. Longtine, Wells, for speeding and disobeying a traffic signal.

Robert E. Davis of 203 N. 18th St., suffered cuts about the mouth and was taken to St. Francis Hospital after his car struck a parked auto at N. 19th St., and 15th Ave. N., at 3:23 a. m., Thursday, it was reported by Escanaba police. The parked auto was owned by John E. Stropich, 1423 N. 19th St. Davis was ticketed for failing to stop in the assured clear distance.

Kentucky Gets Two-Inch Snow

LOUISVILLE, Ky. (AP) — Snow measuring up to two inches fell today in parts of central and eastern Kentucky, the first of the season.

Louisville, in the northwest sector, had a light rain shower, clear weather was reported in far southwest Kentucky.

The heavier snow was at Pineville, London and Somerset in the southeast Kentucky mountains. Temperatures were in the high 20s and low 30s.

Highway Mishaps Kill 11 In State

By The Associated Press

Highway accidents killed 11 persons in the first two days of the long Thanksgiving Holiday weekend in Michigan.

The Associated Press tabulation of fatalities began at 6 p.m. Wednesday and ends at midnight Sunday.

A Vestaburg couple, Richard Searles, 71, and his wife, Doris, 75, were killed Thanksgiving Day in a two-car crash on U.S. 27 near Mount Pleasant.

Britain Pushing Cold War, Says Red Newspaper

MOSCOW (AP) — The Soviet armed forces newspaper Red Star accused Britain today of seeking to boost military preparations and intensify the cold war.

The paper said the British decision to merge the army, navy and air ministry into a single defense ministry "further intensifies the aggressive policy of the British imperialists."

"The concentration of military power in one place will sharply increase the role of the military in determining both the home and foreign policy of the country and in the spending of its financial and other resources," Red Star aded.

Russia To Fire Pacific Tests

WASHINGTON (AP) — President Johnson, exponent of a vigorous national space program, found himself confronted today with dramatic new evidence of Russia's intensified pace in the race.

The Soviet Union Thursday night announced a new series of rocket tests in the Pacific Ocean beginning next Monday and lasting almost two months.

The tests, said the Soviet news agency Tass, will be made "in view of the enlargement of the program of scientific research in the further exploration of outer space."

The series presumably is part of the Soviat Union's program to land men on the moon—a program on which the United States also has embarked, with the suppgrt of Johnson.

The United States is expected to keep close on the new Soviet rocket tests.

It has become custom for U.S. ships, aircraft and radar stations track Soviet rocket firings into the Pacific.

One of the impact areas designated in the Moscow announcement is in the vicinity of the Marshall Islands, where previous rockets have been directed. The other is northward in the Pacific, generally east of Tokyo.

The U.S. is abla to track Soviet rockets virtually from the point of launching in the Caspian Sea area to the impact point in the Pacific.

Illness Is Fatal To Harold Castle

Harold (Tex) Castle, 46, former resident of Escanaba, died Thanksgiving afternoon at his home in Bellflower, Calif., after a short illness. Mr. Castle, during his residence in Escanaba, was employed by Clairmont Transfer Co. and L. & L.

He is survived by his wife, the former Ethel Burnard of Escanaba, one son, William, and one daughter, Mrs. Sandra Peacock, Bellflower; three grandchildren and one brother, Vernon Castle, Chicago.

The body was taken to Chapel of Memories, 12512 S. Pioneer Blvd., in Norwalk, Calif., where arrangements for services will be made.

The Methodist Youth Fellowship will meet Monday, Dec. 2, at 7:30 p. m. at the church.

LEGAL NOTICES

Nov. 29, 1963 Dec. 13, 1963

STATE OF MICHIGAN
File No. 13115

The Probate Court for the County of Delta.

In the Matter of the Estate of Arthur B. Ludwig, Deceased.

At a session of said Court, held on November 26, A. D. 1963.

Present, Honorable Marie D. Peters, Judge of Probate.

Notice is Hereby Given, That the petition of Martha T. Ludwig, the administratrix of said estate, praying that her final account be allowed and the residue of said estate assigned to the persons entitled thereto, will be heard at the Probate Court on December 24, A. D. 1963, at ten A. M.

It is Ordered, that notice thereof be given by publication of a copy thereof for three weeks consecutively previous to said day of hearing, in the Escanaba Daily Press, and that the petitioner cause a copy of this notice to be served upon each known party in interest at his last known address by certified mail (with proof of mailing), or by personal service, at least fourteen (14) days prior to such hearing.

MARIE D. PETERS
Judge of Probate

Women's Activities

With Our Women

Loretta Metheson

Mrs. Glenn (Loretta) Matheson of 424 S. 16th St., who devoted over ten years to a 4-H group that grew from six youngsters to a membership of 120, is meeting a heart-warming appreciation of her work in her daily life today.

"I feel that life is a game and a game is fun, so I find many things rewarding," she says. "A former 4-H girl, now a mother, comes to me and says, 'don't know what I would do now if I did not know how to sew—I can help my family and give nice gifts because you taught me.' Others, when they have problems, still ask me what to do next or how to do it. I know that my husband and son gave up many things for 4-H during those years and deserve a vote of thanks. And I know I am finding a reward for my work even yet, in a smile from this youngster and a 'hello' from that one."

Mrs. Matheson was active in many other fields. She taught Sunday School at Bethany Lutheran Church for about six years. She served as president of Jefferson PTA two years and as president of the PTA Council two years. It was under her administration that the city wide PTA Founders' Day program was established. She was a member of the Escanaba City Recreation Board for one term. She had a group of Cub Scouts and helped many times on committees of every description. She also was chairman of a home extension group after organizing the Skilled Jills, and most recently she organized the Ladies Auxiliary of Letter Carriers and assisted her husband with arrangements for last September's convention.

Mrs. Matheson was born in Stratford, Wis., July 12, 1918, a daughter of Nick and Mary Merkes. She attended grade school in Rozellville, high school night classes at New Trier in Winnetka, Ill., and took her business training at Cloverland Commercial College in Escanaba.

Her marriage to Glenn Matheson of Escanaba took place April 6, 1942, in Waukegan and they have two children, Lee Bryon, United States Air Force, stationed at Lockbourne AFB, Ohio, and Gale Louise, who is a junior in Escanaba Area Senior High School.

She worked at Merle Norman Studios and at Sears, in Highland Park, Ill., at Nieman-Marcus in Dallas, Tex., and at Penney's in Escanaba. Presently she is again with Sears.

Sewing, bowling, square dancing and reading are among her many hobbies.

"Until senior high my son wore shirts to school that I had made and naturally he never met himself coming down the street," Mrs. Matheson observed. "Each had something he liked in the print, deer, wild geese for hunting or notes for his music. I still make most of Gale's party dresses and now my daughter sews and I am most proud of her."

Patricia Bouchard, Robert Guertin Wed

The Church of St. Juliana, East Detroit, was the setting for the Nov. 22 wedding of Patricia Eve Bouchard, Garden, and Robert Guertin, East Detroit.

The Rev. A. M. Holloway officiated at the 10 a. m., double ring ceremony and celebrated the Nuptial High Mass for the daughter of Mr. and Mrs. Alex Bouchard and the son of Mr. and Mrs. Edward Guertin. Both families are of Garden.

Altar bouquets were yellow mums.

Mrs. Earl Lester, Garden, the former Nancy Guertin and a sister of the bridegroom, was matron of honor. Lawrence Guertin, Garden, served as best man for his brother.

The bride wore a wool ensemble of off-white with gold accessories and her flowers were white carnations. Mrs. Lester was attired in a beige wool suit with brown accessories. Yellow carnations formed her corsage.

Mrs. Bouchard attended the wedding in a wool sheath with camel brown accessories and Mrs. Guertin chose a wool jersey rose colored print with blue accessories. Their corsages were carnations.

The reception for 70 guests was held at the home of the bridegroom's brother-in-law and sister in East Detroit. Preceding it was a breakfast served at Guilo's Restaurant.

The couple will live in Garden City.

Both are Garden High School graduates. Mr. Guertin is employed by Kauthen Construction Co., Detroit.

INTRODUCED ROSARY

The rosary is said to have been introduced into the Roman Catholic Church by Saint Dominic. He once carried a garland of roses as he prayed and thought of each flower as a prayer, hence the rosary, a garland of prayers.

Story Time For Children

Story Time will be held at 10 a. m., Saturday in the Children's Room of Carnegie Public Library. All boys and girls three and above are invited. The stories will be: "Angry Kate" — who hated herself, "Jumping Beans" — the story of a lady who bought beans for supper and they wouldn't stay in the pot, and "Maudie's Mush Pots' — Maudie didn't like to do her chores, so one day she didn't!

Job's Daughters Will Observe Anniversary

Plans have been completed by Job's Daughters of Escanaba Bethel 9 for the observance of the 25th anniversary of the organization of the Bethel, Saturday at the Masonic Temple.

The evening's program will begin with a smorgasbord, with arrangements in charge of R. C. Hatheway Chapter 49, Order of the Eastern Star, and will be followed by "Friendship Night."

Dr. Vernon K. Johnson will be toastmaster for the dinner and Susan Smith will be mistress of ceremonies for "Friendship Night."

Several state officers will attend and three Escanaba members, who are Grand Bethel officers, Susan Smith, Mrs. James Olson and Hans Johnson, will be honored.

The committee on decorations and favors is Linda Wylie, Mary Bisdee, Kristy Klynstra, Diane Newell, Diane Olson, Sue Micensky, Pam Johns, Ann Beck and Sue Plowman. The name tag and place cards committee includes Sue Johns, Marlene Olson, Gayle Fawcett, Jane Whitney, Cheryl Juntenun, Debbie Van Effen and Johnny Bell.

Venison Supper At Flat Rock

FLAT ROCK — The Holy Name Society of Holy Family Church, Flat Rock, again is sponsoring its annual venison supper Sunday, Dec. 1, from 5 to 7:30 p. m. in the church basement. Francis Flagstadt is general chairman; Richard Marenger, food purchaser; Henry Hughes, cashier, William Gardner, kitchen chairman; Eugene Tourangeau, table servers; Lloyd Sodergren Sr. and Harold Marenger, dish washers; Donald Theoret and Phil Lippens, venison getters; Vincent Rappette, games. The public is cordially invited.

Social-Club

St. Stephen's Women

The Afternoon Group of Women of St. Stephen's church will meet for a luncheon and holiday social with an exchange of gifts Tuesday, Dec. 3, at 1:30 p. m. at the John J. Mitchell home, 1021 Lake Shore Drive. Mrs. Mitchell and Mrs. C. E. Johnson are cohostesses.

★ ★ ★

Retreat Club Party

Marygrove Retreat Club will have a Christmas party Wednesday, Dec. 4 at 8 p. m. in St. Joseph Club Rooms. Each member is asked to have an inexpensive gift for exchange.

A Sub-Deb's Dream

Cherry red and white cotton bedspread sets the color scheme for this small bedroom for a sub-debutante. Red ball fringe is used on window and shelf.

By KAY SHERWOOD
Newspaper Enterprise Assn.

When the sub-debutante in your household starts kicking about her room, be encouraged. She is beginning to grow out of the "hang-it-on-the-floor" era and is moving towards an appreciation of order (I think).

Just when I was about to give up the struggle with our daughter, she began comparing her room unfavorably with one of her playmate's. Up to this point she had been throwing the spread over the covers hoping I wouldn't notice the difference; dresses were dropped on the floor; blue jeans were draped on the bed and under the bed one was apt to find sticks, stones, leaves and gum wrappers.

Having promised to try to improve her housekeeping, the next question was what to do with a very small room to pretty it up but keep the total budget down. We're taking some of the ideas from the room shown with this article, the bright bold color scheme, for one thing. It's red and white, a cheerful eye-catcher which has a built-in neat look, as have blue and white or green and white.

Well-built unfinished chests of drawers are painted, two red, one white. The use of three small chests instead of one big one has its advantages in a small room. They don't look bulky and they can be pulled out easily for cleaning or shifted around for a new room arrangement.

I also like the crisp and clean look of the cotton tufted bedspread in white with cherry red borders.

For the window, a plain white shade is perked up with two rows of cotton ball fringe in red. It is also tacked on white shelves.

Beds are placed lengthwise against a wall and conserve space.

LEADING OFFICERS of Escanaba Bethel 9, Job's Daughters, which is observing its silver jubilee Saturday are, from the left, Carol Kaiser, Honored Queen, Martha Johnson, Senior Princess, and Linda Wylie, Junior Princess. (Lee's Studio)

Isabella

Cow Is Shot

Harvey Sundin found one of his valuable Hereford cows shot by a headlighter on his farm Friday morning. The Conservation Department was notified.

Birthday Party

Mrs. Ted Sundin was honored at a surprise birthday party Monday evening at her home. A yellow and white cake, made by her sister, Mrs. Helmer Nelson, was the centerpiece. Attending were Mr. and Mrs. Harvey Sundin, Mr. and Mrs. Arvid Sundin, Emily Larson, Della Cambrey, Shirley Palmgren, Ted and Helmer Nelson. Mrs. Sundin was presented with many gifts.

Mrs. John Swanberg of Ontonagon visited at the home of Mr. and Mrs. Henry Turan. She was accompanied home by her daughter, Mrs. Ellsworth Turan and two children.

Elmer Lake has been released from Schoolcraft Memorial Hospital, Manistique.

Mr. and Mrs. William Bilgin and daughters, Vickie and Carol, Cleveland, and Mr. and Mrs. Neale Olmsted and Paula and Steven, Detroit, are spending the Thanksgiving holidays with their mother, Mrs. Esther Bonifas.

Dale Watchorn filled his deer license with an 8-point buck.

Mr. and Mrs. Edward Nedeau and two children of Kalamazoo will spend the holidays with his parents, Mr. and Mrs. Leo Nedeau.

Garden Peninsula

Attend Rites

Miss Fay Deloria and Mrs. Herbert Plante went to Iron Mountain Friday with Mr. and Mrs. William Swaer where they visited with Mr. and Mrs. Eugene Feldhusen and family. Saturday they attended the funeral in Iron River of their aunt, Mrs. Emma Deloria, 88, who died Wednesday at her home. Mrs. Deloria, a former resident of Garden, left here 55 years ago for Iron River with her husband, Frederick, who preceded her in death April 10, 1928.

Gene Rochefort of Hammond, Ind., arrived Saturday to spend a week with his mother, Mrs. Ida Rochefort who will return to Hammond with him to spend the Christmas holidays. She will also visit with her daughters in Muskegon and Detroit before she returns home.

Elmer Winter, William Winter and Mrs. Minnie McPherson accompanied Mrs. Irene LaPine to Milwaukee to attend the funeral of their brother, Delbert Winter.

Dennis Winter was successful in filling his license Saturday with a 130-pound spikehorn.

Mr. and Mrs. Jack Thousand and children returned to Detroit Monday after spending five days at the home of her parents, Mr. and Mrs. Alfred LaVallee.

Mr. and Mrs. Asa Tatrow returned to Garden from Little Harbor where they camped for six weeks with Mr. and Mrs. Joe Duchene at the James Duchene camp.

Mrs. Hattie Winter was admitted to St. Francis Hospital Thursday as a medical patient.

MR. AND MRS. Henry Pepin of Perronville announce the engagement of their daughter, Martha, to Donald A. Pearson, son of Mr. and Mrs. A. S. Pearson Jr., 700 S. 15th St., Escanaba. A December wedding is planned. Miss Pearson is a 1961 graduate of Bark River-Harris High School and now is employed at A. Pearson Supply Co. Her fiance, a 1958 graduate of Escanaba Senior High School, is in the armed forces, stationed at Fort Sill, Okla. (Ridings Photo)

Church Events

Salem Lutheran

The children's instruction class at Salem Ev. Lutheran Church meets Saturday at 9 a. m. Junior Choir rehearsal is at 10:30 a. m.

Christian Science

The Thanksgiving Bible Lesson at Christian Science Society emphasized praise to God for the ways in which He has revealed Himself to humanity.

Included in the readings was a verse from II Corintnians (2:14): "Now thanks be unto God, which always causeth us to triumph in Christ, and maketh manifest the savour of his knowledge by us in every place."

Related readings from the Christian Science textbook stressed the need to show our thanks through our daily lives: "To keep the commandments of our Master and follow his example, is our proper debt to him and the only worthy evidence of our gratitude for all that he has done" (Science and Health with Key to the Scriptures by Mary Baker Eddy, p. 4).

Auxiliary Party Monday Evening

American Legion Auxiliary, Cloverland Post 82, will have a Christmas party, with a bazaar and a gift exchange, at its regular meeting Monday, Dec. 2, at 8 p. m. at the Legion Club Rooms. Mrs. Herman Gunderson is chairman. An program of special entertainment has been arranged for the evening.

Women's Activities

With Our Women

Loretta Metheson

Mrs. Glenn (Loretta) Matheson of 424 S. 16th St., who devoted over ten years to a 4-H group that grew from six youngsters to a membership of 120, is meeting a heart-warming appreciation of her work in her daily life today.

"I feel that life is a game and a game is fun, so I find many things rewarding," she says. "A former 4-H girl, now a mother, comes to me and says, 'don't know what I would do now if I did not know how to sew—I can help my family and give nice gifts because you taught me.' Others, when they have problems, still ask me what to do next or how to do it. I know that my husband and son gave up many things for 4-H during those years and deserve a vote of thanks. And I know I am finding a reward for my work even yet, in a smile from this youngster and a 'hello' from that one."

Mrs. Matheson was active in many other fields. She taught Sunday School at Bethany Lutheran Church for about six years. She served as president of Jefferson PTA two years and as president of the PTA Council two years. It was under her administration that the city wide PTA Founders' Day program was established. She was a member of the Escanaba City Recreation Board for one term. She had a group of Cub Scouts and helped many times on committees of every description. She also was chairman of a home extension group after organizing the Skilled Jills, and most recently she organized the Ladies Auxiliary of Letter Carriers and assisted her husband with arrangements for last September's convention.

Mrs. Matheson was born in Stratford, Wis., July 12, 1918, a daughter of Nick and Mary Merkes. She attended grade school in Rozellville, high school night classes at New Trier in Winnetka, Ill., and took her business training at Cloverland Commercial College in Escanaba.

Her marriage to Glenn Matheson of Escanaba took place April 6, 1942, in Waukegan and they have two children, Lee Bryon, United States Air Force, stationed at Lockbourne AFB, Ohio, and Gale Louise, who is a junior in Escanaba Area Senior High School.

She worked at Merle Norman Studios and at Sears, in Highland Park, Ill., at Nieman-Marcus in Dallas, Tex., and at Penney's in Escanaba. Presently she is again with Sears.

Sewing, bowling, square dancing and reading are among her many hobbies.

"Until senior high my son wore shirts to school that I had made and naturally he never met himself coming down the street," Mrs. Matheson observed. "Each had something he liked in the print, deer, wild geese for hunting or notes for his music. I still make most of Gale's party dresses and now my daughter sews and I am most proud of her."

Job's Daughters Will Observe Anniversary

Plans have been completed by Job's Daughters of Escanaba Bethel 9 for the observance of the 25th anniversary of the organization of the Bethel, Saturday at the Masonic Temple.

The evening's program will begin with a smorgasbord, with arrangements in charge of R. C. Hatheway Chapter 49, Order of the Eastern Star, and will be followed by "Friendship Night."

Dr. Vernon K. Johnson will be toastmaster for the dinner and Susan Smith will be mistress of ceremonies for "Friendship Night."

Several state officers will attend and three Escanaba members, who are Grand Bethel officers, Susan Smith, Mrs. James Olson and Hans Johnson, will be honored.

The committee on decorations and favors is Linda Wylie, Mary Bisdee, Kristy Klynstra, Diane Newell, Diane Olson, Sue Micensky, Pam Johns, Ann Beck and Sue Plowman. The name tag and place cards committee includes Sue Johns, Marlene Olson, Gayle Fawcett, Jane Whitney, Cheryl Juntenun, Debbie Van Effen and Johnny Bell.

LEADING OFFICERS of Escanaba Bethel 9, Job's Daughters, which is observing its silver jubilee Saturday are, from the left, Carol Kaiser, Honored Queen, Martha Johnson, Senior Princess, and Linda Wylie, Junior Princess. (Lee's Studio)

Births

ROMAN — The sixth child of Mr. and Mrs. William J. Roman, Gladstone, Rte. 1, is a girl, Nancy Lynn. The 7 pounds, 8 ounce infant was born Nov. 27 at 11:02 p. m., in St. Francis Hospital. Betty Mattson is the mother's maiden name.

Patricia Bouchard, Robert Guertin Wed

The Church of St. Juliana, East Detroit, was the setting for the Nov. 22 wedding of Patricia Eve Bouchard, Garden, and Robert Guertin, East Detroit.

The Rev. A. M. Holloway officiated at the 10 a. m., double ring ceremony and celebrated the Nuptial High Mass for the daughter of Mr. and Mrs. Alex Bouchard and the son of Mr. and Mrs. Edward Guertin. Both families are of Garden.

Altar bouquets were yellow mums.

Mrs. Earl Lester, Garden, the former Nancy Guertin and a sister of the bridegroom, was matron of honor. Lawrence Guertin, Garden, served as best man for his brother.

The bride wore a wool ensemble of off-white with gold accessories and her flowers were white carnations. Mrs. Lester was attired in a beige wool suit with brown accessories. Yellow carnations formed her corsage.

Mrs. Bouchard attended the wedding in a wool sheath with camel brown accessories and Mrs. Guertin chose a wool jersey rose colored print with blue accessories. Their corsages were carnations.

The reception for 70 guests was held at the home of the bridegroom's brother-in-law and sister in East Detroit. Preceding it was a breakfast served at Guilo's Restaurant.

The couple will live in Garden City.

Both are Garden High School graduates. Mr. Guertin is employed by Kauthen Construction Co., Detroit.

INTRODUCED ROSARY

The rosary is said to have been introduced into the Roman Catholic Church by Saint Dominic. He once carried a garland of roses as he prayed and thought of each flower as a prayer, hence the rosary, a garland of prayers.

Venison Supper At Flat Rock

FLAT ROCK — The Holy Name Society of Holy Family Church, Flat Rock, again is sponsoring its annual venison supper Sunday, Dec. 1, from 5 to 7:30 p. m. in the church basement. Francis Flagstadt is general chairman; Richard Marenger, food purchaser; Henry Hughes, cashier, William Gardner, kitchen chairman; Eugene Tourangeau, table servers; Lloyd Sodergren Sr. and Harold Marenger, dish washers; Donald Theoret and Phil Lippens, venison getters; Vincent Rappette, games. The public is cordially invited.

Social-Club

St. Stephen's Women

The Afternoon Group of Women of St. Stephen's church will meet for a luncheon and holiday social with an exchange of gifts Tuesday, Dec. 3, at 1:30 p. m. at the John J. Mitchell home, 1021 Lake Shore Drive. Mrs. Mitchell and Mrs. C. E. Johnson are cohostesses.

★ ★ ★

Retreat Club Party

Marygrove Retreat Club will have a Christmas party Wednesday, Dec. 4 at 8 p. m. in St. Joseph Club Rooms. Each member is asked to have an inexpensive gift for exchange.

A Sub-Deb's Dream

Cherry red and white cotton bedspread sets the color scheme for this small bedroom for a sub-debutante. Red ball fringe is used on window and shelf.

By KAY SHERWOOD
Newspaper Enterprise Assn.

When the sub-debutante in your household starts kicking about her room, be encouraged. She is beginning to grow out of the "hang-it-on-the-floor" era and is moving towards an appreciation of order (I think).

Just when I was about to give up the struggle with our daughter, she began comparing her room unfavorably with one of her playmate's. Up to this point she had been throwing the spread over the covers hoping I wouldn't notice the difference; dresses were dropped on the floor; blue jeans were draped on the bed and under the bed one was apt to find sticks, stones, leaves and gum wrappers.

Having promised to try to improve her housekeeping, the next question was what to do with a very small room to pretty it up but keep the total budget down. We're taking some of the ideas from the room shown with this article, the bright bold color scheme, for one thing. It's red and white, a cheerful eye-catcher which has a built-in neat look, as have blue and white or green and white.

Well-built unfinished chests of drawers are painted, two red, one white. The use of three small chests instead of one big one has its advantages in a small room. They don't look bulky and they can be pulled out easily for cleaning or shifted around for a new room arrangement.

I also like the crisp and clean look of the cotton tufted bedspread in white with cherry red borders.

For the window, a plain white shade is perked up with two rows of cotton ball fringe in red. It is also tacked on white shelves.

Beds are placed lengthwise against a wall and conserve space.

Story Time For Children

Story Time will be held at 10 a. m., Saturday in the Children's Room of Carnegie Public Library. All boys and girls three and above are invited. The stories will be: "Angry Kate" — who hated herself, "Jumping Beans" — the story of a lady who bought beans for supper and they wouldn't stay in the pot, and "Maudie's Mush Pots' — Maudie didn't like to do her chores, so one day she didn't!

C. & N. W. Club Meeting Monday

The Chicago & North Western Woman's Club will hold its regular meeting in the Elks clubrooms Monday, Dec. 2, at 2 p. m. The business session will be followed by a Christmas tea and program. Mrs. Victor Nelson, chairman, will be assisted by Mesdames Albert Kositzky, Fridolph Johnson, Oscar Johnson, Martin Kwarciany, Joseph LaFave and John Walch.

Crusaders Notch Second Straight Court Victory

STEPHENSON — The Holy Name Crusaders basketball team will be happy to open any new gyms in the area.

The Crusaders made their second start of the season here Wednesday night, playing the Eagles in the first game in the new Stephenson gymnasium and fashioned a 61-44 victory.

In their only previous start this year the Crusaders met and defeated Escanaba in the new Eskymo gym, winning 65-64.

Coach John Butrymowicz's cagers led all the way against Coach Guss Lord's Eagles. Holy Name had a 14-5 cushion at the end of the first period, led 23-15 at the half and 41-32 at the three-quarter mark and outscored the host quint 20-12 down the stretch.

The Eagles made their most serious bid in the second quarter when they narrowed their deficit to four points.

With the Eagles coming out for the ball, Holy Name spread its commanding lead in the fourth quarter with seven driving layups, coming off fast breaks or passes.

Junior Frank Trotter again set Holy Name's scoring pace. He pumped in nine field goals for 18 points to lead three players in double figures. Frank Stupak had 14 and Walter Veldman 12.

Dave Bush, a 5 foot, 9 inch sophomore, led Stephenson with 15 points followed by Jim Dougovito with 14.

There were only 24 personal fouls called in the game, 12 on each team. Holy Name had only three personals in the whole first half.

The Crusaders hit on 26 of 61 shots from the field and added nine of 17 from the free thrown line. Guard Ben Yagodzinski flipped in six of eight fould shots.

Stephenson got off 83 shots but hit on only 17 of them. The Eagles added 10 out of 13 free throw attempts.

The setback was Stephenson's second straight this season. The Eagles return to action at Menominee Tuesday, Dec. 3.

The Crusaders will be idle until Friday, Dec. 6, when they entertain the Manistique Emeralds. The game will be Holy Name's first home showing this season and will be the third in a row against Great Lakes Conference competition.

Stephenson won the junior varsity game Wednesday night by a 48-32 margin.

Newberry Bows To Negaunee; First Setback

NEGAUNEE—The Negaunee Miners ran up their third straight basketball victory of the season here Wednesday, defeating Newberry 66-40 in Great Lakes Conference action.

The defeat was the first of the season for Coach Art Allen's Indians who had opened their season last week by beating Munising.

Negaunee raced to a 14-7 first quarter lead and was never challenged. The Miners spread their margin to 32-17 at the half and closed with a torrid spurt to outscore the Indians 23-12 in the final period.

An airtight defense held Newberry's tall front line to two field goals and eight points. The only Indian able to score in double figures was senior guard Leon Frang who hit for 23 points to take individual scoring honors for the night.

Coach Bob Herman used 13 Miners and 10 of them contributed to the scoring total.

The Miners outscored Newberry by seven field goals and flipped in 23 of 27 free throw attempts. Newberry canned 14 of 27 from the foul line.

Newberry returns to action Dec. 6 at Marquette.

Ullman Injured In Puck Mishap

DETROIT (AP) — The Detroit Red Wings announced Thursday night that center Norm Ullman will be sidelined for two to three weeks with a chipped ankle bone.

The 28-year-old Ullman suffered the injury in Wednesday night's game against New York. He was hit by the puck when teammate Irv Spencer fired a shot.

Fumbles Wreck Spartan Hopes

EAST LANSING (AP) — They might be celebrating with campagne at Champaign today, but at East Lansing they were tasting the bitter dregs of defeat.

Illinois has the Big Ten title and the Rose Bowl bid after a 13-0 Thanksgiving shutout. Michigan State has only regrets.

The feelings here wasn't that Illinois won the game but that Michigan State lost it.

The saddest sight in Spartan Stadium late Thursday was seeing the Touchdown Bell being towed out without being tolled. The tradition calls for one resounding toll of the bell for each touchdown point. The bell didn't ring Thursday.

"The Illini were great opportunists," summed up Coach Duffy Daugherty afterwards. "You can't give a team the ball three times on fumbles and four times on interceptions and expect to win.

"I hate to see our season end on a losing note," he added.

Daugherty said he couldn't understand all the fumbles in view of the dry field.

The usually dependable Sherm Lewis fumbled twice in the first MSU series of plays. An Illinois defenseman pounced on the bobble the second time to put the Illini in position on the Spartan 27.

Jim Plankenhorn kicked the first of his two first half field goals shortly afterwards. One was a 22-yarder and the other a 34-yard boot.

Michigan State has been a second half team this season and the hopes were that the Spartans would stage a comeback after trailing 6-0 at the intermission.

But, on the second play of the third quarter, quarterback Dick Proebstle fumbled to Illinois on his own 14. Fullback Jim Grabowski bolted in from there for the only touchdown of the afternoon.

Sophomore Dave McCormack worked the rest of the game as MSU quarterback but also had his own troubles, throwing three of the four interceptions.

Northern Plays Spartan Quint

MARQUETTE — Northern Michigan University, 74-71 victor in its basketball season-opener against sharp-shooting Oshkosh (Wis.) State, takes on Michigan State University at East Lansing Saturday night.

Expected to attract a near-capacity crowd at Jenison Field House, the game will mark the season debut of the Spartans who last year posted a 4-16 record for a ninth-place finish in the Big Ten.

Three years ago, the Wildcats came through with a stunning upset over Michigan State, 79-71, but dropped a 75-59 decision to Coach Forddy Anderson's cagers the following year.

Coach Stan Albeck, who will take a nine-man traveling squad, will count heavily on senior forwards Bob Armstead and Dave Cade to pace the attack against the Spartans. Armstead and Cade scored 22 and 16 points respectively against Oshkosh.

At center Albeck probably will cal lon 6-7 junior Wayne Lundy, Bloomfield Hills, Mich., who saw considerable action as understtudy to former teammate Gary Silc.

Three players — Duane Soine, Pat Schloemer and Bob Pecotte—are expected to rotate at the guard positions. Soine, a top-notch defensive player, hauled down 147 rebounds last season while Schloemer, a non-letter winning member of the squad, has shown marked improvement since last season.

Pecotte, however, might provide the Wildcats with additional scoring punch. The sharp-shooting senior last year hit on .485 per cent of his shots (116 out of 239) and hit on fifty per cent in his only appearance against MSU two years ago.

Spartans Win Hockey Opener

CANTON, N.Y. (AP) — Michigan State opened its hockey season Thursday night with a 5-1 victory over St. Lawrence.

The game was just five minutes old when matt Mulcahy snapped a short shot over the shoulder of St. Lawrence goalie Dick Hershey and put Michigan ahead to stay. Carl Lackey, Don Heaphy, Mike Coppo and Jim Lawrence added to the visitors' score.

Sunday's Loser Could Drop Out Of NFL Battle

NEW YORK (AP) — St. Louis and Cleveland, two of the three teams tied for the Eastern Conference lead in the National Football League, meet Sunday in a vital game that could drop the loser out of the race.

If Charley Johnson and the youthful Cardinals knock off the Browns for the second time in three weeks, they should go on to at least a tie for the Eastern crown. Only Philadelphia and Dallas will remain in their path.

It is a "must" game for the Browns who finish their schedule on the road at St. Louis, Detroit and Washington.

New York and Pittsburgh figure to keep on winning until their showdown game Dec. 15, the last day of the regular season. The Steelers are only one game back of the Giants, Cards and Browns.

With Green Bay idle after tying Detroit Thanksgiving Day, the Chicago Bears can't afford to falter against the Minnesota Vikings, a team they thumped 28-7 in September.

The American Football League will be playing the games scheduled last weekend postponed out of respect to the memory of President Kennedy. The big one is Houston at San Diego which could be a preview of the title game.

With a 71-38-5 record for the year, here we go into the last three week of the season. All games are to be played Sunday.

St. Louis 24, Cleveland 20 — If the Cards can shake their home jinx, Wally Lemm's boys should win their third straight from the top contenders. The Cards won Nov. 17, 20-14.

New York 35, Dallas 21 — Giants make Cowboys pay for upset by Cardinals with Y. A. Tittle gunning for all-time records. It took second half comeback for Gianst to win first meeting 37-21 but Cowboy defense has given up 38 touchdowns.

Pittsburgh 31, Philadelphia 14—Steelers get even for opening day 21-21 tie with Eagles that may cost them the title.

Chicago 24, Minnesota 7—Vikings will find Bears' defense just as tough as Packers. Only 49ers and Lions ahead for Bears.

Baltimore 24, Washington 14—A passing duel between Johnny Unitas and young Norm Snead who has been coming on strong.

Los Angeles 28, San Francisco 21 — Rams have won four of their last six and should handle 49ers on superior defense on passing of Roman Gabriel.

San Diego 24, Houston 7 — Chargers are rolling on way to clinching Western Division title, pack too much offense in Tobin Rote, Keith Lincoln and Paul Lowe for George Blanda and Co.

Boston 27, Buffalo 21 — Both teams still in Eastern race. Give it to Patriots on defense.

New York 28, Kansas City 21 —The 1962 champs have come upon evil days while Jets still are giving it the big hustle with a chance to win fans at home.

Emerald Cage Team Tops Braves 75-56

MANISTIQUE — The Manistique Emeralds rebounded from their loss to Sault Ste. Maris with an impressive 75-56 Great Lakes Conference victory over the Gladstone Braves here Wednesday night.

The Emeralds took an early lead and held off the invading Braves in a tight battle until midway in the third quarter. Leading then by a 35-33 margin, the Emeralds exploded to win with ease.

The victory was the second in three starts for Coach Rudie Brandstrom's youthful cagers. The setback was the second against one victory for Coach Bill Wood's Braves.

The Emeralds blended a slick team effort into the Great Lakes triumph with Tom Brawley and Jon Cameron clearing the boards with 24 rebounds between them, four players hitting in double scoring figures and putting the defensive clamps on the Braves.

Cameron was a vital factor in the Emerald offense, passing off for setups to his mates in addition to scoring 13 points himself. Brawley took individual scoring honors with 20 points, followed by Eric Blomquist with 17, Cameron 13 and Ken Blowers 11. Jim McDonough chipped in with eight.

The Braves stayed within shooting distance in the first half, trailing 14-11 at the end of the first period and 32-25 at the half.

Manistique outscored Gladstone by a dozen field goals and hit on 11 of 20 free throws. The Braves converted 16 of 26 from the foul line and hit 20 of 66 shots from the field.

Gladstone won the jayvee game 62-55.

Manistique plays next Friday night at Holy Name while Gladstone hosts Munising Dec. 6

UM Cagers Set To Open Season

ANN ARBOR (AP) — The University of Michigan's highly regarded basketball team will open the season Saturday without all-Big Ten center Bill Buntin.

Coach Dave Strack said Thursday he had suspended the 6-foot-7 inch Buntin indefinitely for "disciplinary reasons." Strack did not elaborate.

Buntin, a junior from Detroit, was the team's top scorer last year and led the Big Ten in rebounds.

Strack said Jim Myers, a 6-foot-7 sophomore from Defiance, Ohio, will replace Buntin in the starting lineup when the Wolverines meet Ball State Teachers College at Muncie Ind. Saturday.

Bork's Team Is Ranked No. 1; Delaware Next

By The Associated Press

Northern Illinois, carried to a perfect 9-0 season on the all-time record passing of George Bork, was chosen today the best small college football team in the country for 1963.

The Huskies from DeKalb, Ill., overtook Delaware, another unbeaten-untied team, and won by a narrow margin in The Associated Press' final poll.

Each of the teams received three first-place votes from a special panel of seven sports writers and broadcasters but Northern Illinois collected a total of 63 points to 53 for Delaware. Points are awarded on a 10-9-8-etc. basis.

The other first-place vote went to Southwest Texas and it was good enough to give that team ninth place.

Wittenberg was third in the final standings, followed by Massachusetts, St. John's of Minnesota, South Dakota State, Florida A&M, Abilene Christian, Southwest Texas and McNeese State of Lake Charles, La.

Northern Illinois closed out its season Nov. 16 and accepted a bid to play in the Mineral Springs Bowl at Excelsior, Mo. Delaware's final game with Bucknell last week-end was cancelled out of sympathy to the late President Kennedy.

Northern Illinois' Bork broke every single season and career record in the college books. This year alone, he completed 244 passes in 374 attempts for 3,077 yards and 32 touchdowns.

Bork was the nation's small college leader for both passing and total offense. His team led the small colleges in passing offense with an average of 349.3 yards gained a game.

The Top Ten, with season records and points:

	Pts.
Northern Illinois 9-0-0	63
Delaware 8-0-0	53
Wittenberg 8-0-1	38
Massachusetts 7-0-1	37
St. John's (Minn.) 8-0-0	35
S. Dakota State 7-1-0	33
Florida A&M 7-1-0	24
Abilene Christian 7-1-0	18
Southwest Texas 10-0-0	10
McNeese State 8-0-0	9

Chicago Hawks Extend String

By The Associated Press

The hockey goalie is an acrobat who sometimes feels like a pin cushion. He's supported by two steel blades with nerves to match but seldom well enough by his teammates—at least not well enough to suit him.

Chicago's Glenn Hall feels the job's worthwhile today. But there are four National League rivals who might like to argue the point.

The Black Hawks beat Toronto's defending champions 2-0 Thursday night on Hall's 30-save shutout. Chicago now has won six straight, pulled 10 points ahead in the standings and knocked the Maple Leafs a point back of Montreal into third place.

Meanwhile Montreal extended Detroit's winless streak to five games, 7-3, and Boston turned back New York 5-3 for the first time this season and only the fifth time in the past 18 encounters.

Red Wing goalie Terry Sawchuk wrenched his back as 13,449 disappointed fans saw the Wings drop their fourth game in the last five starts. The other was a tie.

Sawchuk was injured at 16:57 of the first period trying to stop Jean-Guy Talbot's first goal of the season. The long shot hit the post and Sawchuk, flopping over backwards, pushed it over the crease with his shoulder.

The Canadiens powered five goals past Harrison Gray who made his NHL debut in replacing Sawchuk. Other Montreal goals came off the sticks of Claude Pronovost, Bobby Rousseau, John Ferguson, Giles Tremblay, Dave Balon and Yvon Cournoyer. The final three goals came in the last period.

Detroit defenseman Doug Barkley scored his fourth and fifth goals of the season, and Parker MacDonald added the other Wing tally.

Texas Finishes Unbeaten Season; First As School

By MIKE RATHET
Associated Press Sports Writer

The phone jangled. Texas Coach Darrell Royal picked it up.

"Was it too much for you to watch all the time?" he asked. "Well, Nellie, I wouldn't have watched it either if I hadn't had to."

The caller was the wife of John Connally, talking from the hospital where her husband is recuperating from his bullet wounds.

Mrs. Connally was calling to offer the governor's congratulations to the Cotton Bowl bound Texas team, which had just wrapped up its first perfect season in 43 years and virtually clinched the national championship.

Only minutes had elapsed since the lukewarm Longhorns had nipped Texas A&M 15-13, Duke Carlisle cracking over from the one with 1:19 remaining to close out a drive that kept its mementum despite a pass interception.

Texas already had clinched a Cotton Bowl berth, but two other bowl spots were filled on a beefy Thanksgiving Day program—Illinois grabbing its first Rose Bowl assignment in 13 years and North Carolina accepting a Gator Bowl offer.

The Illini won the Big Ten Conference title and the bowl berth with a deceptive defensive formation revolving around Dick Butkus that helped throttle Michigan State 13-0. The Tar Heels edged Duke 16-14 on a 42-yard field goal by Max Chapman with 33 seconds remaining.

Five major college teams now have firm bowl commitments—Texas, Illinois, North Carolina, Nebraska and LSU. Nebraska previously nailed a Orange Bowl spot and LSU a place in the Bluebonnet Bowl.

Other bowl assignments will come from Saturday games, with most interest centering on the West Coast Rose Bowl situation. Two games hold the key—Washington State at Washington and UCLA at Southern California. A league vote will decide the entry.

Also spotlighted on Saturday's scheduled is the 80th meeting of Harvard and Yale. In other games bearing on bowl bids, Auburn is at Alabama, Georgia Tech at Georgia, Mississippi at Mississippi State and Pittsburgh at Miami, Fla., for a night game.

One other game Thursday may have had bowl ramifications. Syracuse, looking for a bid, finished an 8-2 campaign by defeating Notre Dame 14-7.

In all, four conference crowns were wrapped up during the day. Illinois grabbed the Big Ten, Texas won the Southwest, North Carolina tied North Carolina State in the Atlantic Coast and Virginia Tech nailed the Southern title by walloping VMI 35-20.

In other games, West Virginia blasted Furman 38-7, Minnesota blanked Wisconsin 14-0, Cornell defeated Penn 17-8, Maryland whipped Virginia 21-6, Columbia beat Rutgers 35-28, Clemson edged South Carolina 24-20, William & Mary belted Richmond 29-6 and Miami of Ohio nipped Cincinnati 21-19.

Crusaders Notch Second Straight Court Victory

STEPHENSON — The Holy Name Crusaders basketball team will be happy to open any new gyms in the area.

The Crusaders made their second start of the season here Wednesday night, playing the Eagles in the first game in the new Stephenson gymnasium and fashioned a 61-44 victory.

In their only previous start this year the Crusaders met and defeated Escanaba in the new Eskymo gym, winning 65-64.

Coach John Butrymowicz's cagers led all the way against Coach Guss Lord's Eagles. Holy Name had a 14-5 cushion at the end of the first period, led 23-15 at the half and 41-32 at the three-quarter mark and outscored the host quint 20-12 down the stretch.

The Eagles made their most serious bid in the second quarter when they narrowed their deficit to four points.

With the Eagles coming out for the ball, Holy Name spread its commanding lead in the fourth quarter with seven driving layups, coming off fast breaks or passes.

Junior Frank Trotter again set Holy Name's scoring pace. He pumped in nine field goals for 18 points to lead three players in double figures. Frank Stupak had 14 and Walter Veldman 12.

Dave Bush, a 5 foot, 9 inch sophomore, led Stephenson with 15 points followed by Jim Dougovito with 14.

There were only 24 personal fouls called in the game, 12 on each team. Holy Name had only three personals in the whole first half.

The Crusaders hit on 26 of 61 shots from the field and added nine of 17 from the free thrown line. Guard Ben Yagodzinski flipped in six of eight fould shots.

Stephenson got off 83 shots but hit on only 17 of them. The Eagles added 10 out of 13 free throw attempts.

The setback was Stephenson's second straight this season. The Eagles return to action at Menominee Tuesday, Dec. 3.

The Crusaders will be idle until Friday, Dec. 6, when they entertain the Manistique Emeralds. The game will be Holy Name's first home showing this season and will be the third in a row against Great Lakes Conference competition.

Stephenson won the junior varsity game Wednesday night by a 48-32 margin.

Newberry Bows To Negaunee; First Setback

NEGAUNEE—The Negaunee Miners ran up their third straight basketball victory of the season here Wednesday, defeating Newberry 66-40 in Great Lakes Conference action.

The defeat was the first of the season for Coach Art Allen's Indians who had opened their season last week by beating Munising.

Negaunee raced to a 14-7 first quarter lead and was never challenged. The Miners spread their margin to 32-17 at the half and closed with a torrid spurt to outscore the Indians 23-12 in the final period.

An airtight defense held Newberry's tall front line to two field goals and eight points. The only Indian able to score in double figures was senior guard Leon Frang who hit for 23 points to take individual scoring honors for the night.

Coach Bob Herman used 13 Miners and 10 of them contributed to the scoring total.

The Miners outscored Newberry by seven field goals and flipped in 23 of 27 free throw attempts. Newberry canned 14 of 27 from the foul line.

Newberry returns to action Dec. 6 at Marquette.

Ullman Injured In Puck Mishap

DETROIT (AP) — The Detroit Red Wings announced Thursday night that center Norm Ullman will be sidelined for two to three weeks with a chipped ankle bone.

The 28-year-old Ullman suffered the injury in Wednesday night's game against New York. He was hit by the puck when teammate Irv Spencer fired a shot.

Fumbles Wreck Spartan Hopes

EAST LANSING (AP) — They might be celebrating with campagne at Champaign today, but at East Lansing they were tasting the bitter dregs of defeat.

Illinois has the Big Ten title and the Rose Bowl bid after a 13-0 Thanksgiving shutout. Michigan State has only regrets.

The feelings here wasn't that Illinois won the game but that Michigan State lost it.

The saddest sight in Spartan Stadium late Thursday was seeing the Touchdown Bell being towed out without being tolled. The tradition calls for one resounding toll of the bell for each touchdown point. The bell didn't ring Thursday.

"The Illini were great opportunists," summed up Coach Duffy Daugherty afterwards. "You can't give a team the ball three times on fumbles and four times on interceptions and expect to win.

"I hate to see our season end on a losing note," he added.

Daugherty said he couldn't understand all the fumbles in view of the dry field.

The usually dependable Sherm Lewis fumbled twice in the first MSU series of plays. An Illinois defenseman pounced on the bobble the second time to put the Illini in position on the Spartan 27.

Jim Plankenhorn kicked the first of his two first half field goals shortly afterwards. One was a 22-yarder and the other a 34-yard boot.

Michigan State has been a second half team this season and the hopes were that the Spartans would stage a comeback after trailing 6-0 at the intermission.

But, on the second play of the third quarter, quarterback Dick Proebstle fumbled to Illinois on his own 14. Fullback Jim Grabowski bolted in from there for the only touchdown of the afternoon.

Sophomore Dave McCormack worked the rest of the game as MSU quarterback but also had his own troubles, throwing three of the four interceptions.

Spartans Win Hockey Opener

CANTON, N.Y. (AP) — Michigan State opened its hockey season Thursday night with a 5-1 victory over St. Lawrence.

The game was just five minutes old when matt Mulcahy snapped a short shot over the shoulder of St. Lawrence goalie Dick Hershey and put Michigan ahead to stay. Carl Lackey, Don Heaphy, Mike Coppo and Jim Lawrence added to the visitors' score.

Northern Plays Spartan Quint

MARQUETTE — Northern Michigan University, 74-71 victor in its basketball season-opener against sharp-shooting Oshkosh (Wis.) State, takes on Michigan State University at East Lansing Saturday night.

Expected to attract a near-capacity crowd at Jenison Field House, the game will mark the season debut of the Spartans who last year posted a 4-16 record for a ninth-place finish in the Big Ten.

Three years ago, the Wildcats came through with a stunning upset over Michigan State, 79-71, but dropped a 75-59 decision to Coach Forddy Anderson's cagers the following year.

Coach Stan Albeck, who will take a nine-man traveling squad, will count heavily on senior forwards Bob Armstead and Dave Cade to pace the attack against the Spartans. Armstead and Cade scored 22 and 16 points respectively against Oshkosh.

At center Albeck probably will cal lon 6-7 junior Wayne Lundy, Bloomfield Hills, Mich., who saw considerable action as understudy to former teammate Gary Silc.

Three players — Duane Soine, Pat Schloemer and Bob Pecotte—are expected to rotate at the guard positions. Soine, a top-notch defensive player, hauled down 147 rebounds last season while Schloemer, a non-letter winning member of the squad, has shown marked improvement since last season.

Pecotte, however, might provide the Wildcats with additional scoring punch. The sharp-shooting senior last year hit on .485 per cent of his shots (116 out of 239) and hit on fifty per cent in his only appearance against MSU two years ago.

Bork's Team Is Ranked No. 1; Delaware Next

By The Associated Press

Northern Illinois, carried to a perfect 9-0 season on the all-time record passing of George Bork, was chosen today the best small college football team in the country for 1963.

The Huskies from DeKalb, Ill., overtook Delaware, another unbeaten-untied team, and won by a narrow margin in The Associated Press' final poll.

Each of the teams received three first-place votes from a special panel of seven sports writers and broadcasters but Northern Illinois collected a total of 63 points to 53 for Delaware. Points are awarded on a 10-9-8-etc. basis.

The other first-place vote went to Southwest Texas and it was good enough to give that team ninth place.

Wittenberg was third in the final standings, followed by Massachusetts, St. John's of Minnesota, South Dakota State, Florida A&M, Abilene Christian, Southwest Texas and McNeese State of Lake Charles, La.

Northern Illinois closed out its season Nov. 16 and accepted a bid to play in the Mineral Springs Bowl at Excelsior, Mo. Delaware's final game with Bucknell last week-end was cancelled out of sympathy to the late President Kennedy.

Northern Illinois' Bork broke every single season and career record in the college books. This year alone, he completed 244 passes in 374 attempts for 3,077 yards and 32 touchdowns.

Bork was the nation's small college leader for both passing and total offense. His team led the small colleges in passing offense with an average of 349.3 yards gained a game.

The Top Ten, with season records and points:

	Pts.
Northern Illinois 9-0-0	63
Delaware 8-0-0	53
Wittenberg 8-0-1	38
Massachusetts 7-0-1	37
St. John's (Minn.) 8-0-0	35
S. Dakota State 7-1-0	33
Florida A&M 7-1-0	24
Abilene Christian 7-1-0	18
Southwest Texas 10-0-0	10
McNeese State 8-0-0	9

Texas Finishes Unbeaten Season; First As School

By MIKE RATHET
Associated Press Sports Writer

The phone jangled. Texas Coach Darrell Royal picked it up.

"Was it too much for you to watch all the time?" he asked. "Well, Nellie, I wouldn't have watched it either if I hadn't had to."

The caller was the wife of John Connally, talking from the hospital where her husband is recuperating from his bullet wounds.

Mrs. Connally was calling to offer the governor's congratulations to the Cotton Bowl bound Texas team, which had just wrapped up its first perfect season in 43 years and virtually clinched the national championship.

Only minutes had elapsed since the lukewarm Longhorns had nipped Texas A&M 15-13, Duke Carlisle cracking over from the one with 1:19 remaining to close out a drive that kept its mementum despite a pass interception.

Texas already had clinched a Cotton Bowl berth, but two other bowl spots were filled on a beefy Thanksgiving Day program—Illinois grabbing its first Rose Bowl assignment in 13 years and North Carolina accepting a Gator Bowl offer.

The Illini won the Big Ten Conference title and the bowl berth with a deceptive defensive formation revolving around Dick Butkus that helped throttle Michigan State 13-0. The Tar Heels edged Duke 16-14 on a 42-yard field goal by Max Chapman with 33 seconds remaining.

Five major college teams now have firm bowl commitments—Texas, Illinois, North Carolina, Nebraska and LSU. Nebraska previously nailed a Orange Bowl spot and LSU a place in the Bluebonnet Bowl.

Other bowl assignments will come from Saturday games, with most interest centering on the West Coast Rose Bowl situation. Two games hold the key—Washington State at Washington and UCLA at Southern California. A league vote will decide the entry.

Also spotlighted on Saturday's scheduled is the 80th meeting of Harvard and Yale. In other games bearing on bowl bids, Auburn is at Alabama, Georgia Tech at Georgia, Mississippi at Mississippi State and Pittsburgh at Miami, Fla., for a night game.

One other game Thursday may have had bowl ramifications. Syracuse, looking for a bid, finished an 8-2 campaign by defeating Notre Dame 14-7.

In all, four conference crowns were wrapped up during the day. Illinois grabbed the Big Ten, Texas won the Southwest, North Carolina tied North Carolina State in the Atlantic Coast and Virginia Tech nailed the Southern title by walloping VMI 35-20.

In other games, West Virginia blasted Furman 38-7, Minnesota blanked Wisconsin 14-0, Cornell defeated Penn 17-8, Maryland whipped Virginia 21-6, Columbia beat Rutgers 35-28, Clemson edged South Carolina 24-20, William & Mary belted Richmond 29-6 and Miami of Ohio nipped Cincinnati 21-19.

ILLINOIS FULLBACK Jim Grabowski scores a third period touchdown at East Lansing Thursday. The TD was the only one in the game as the Illini defeated the Spartans 13-0 for the Big Ten championship and a berth in the Rose Bowl. (AP Wirephoto)

Sunday's Loser Could Drop Out Of N F L Battle

NEW YORK (AP) — St. Louis and Cleveland, two of the three teams tied for the Eastern Conference lead in the National Football League, meet Sunday in a vital game that could drop the loser out of the race.

If Charley Johnson and the youthful Cardinals knock off the Browns for the second time in three weeks, they should go on to at least a tie for the Eastern crown. Only Philadelphia and Dallas will remain in their path.

It is a "must" game for the Browns who finish their schedule on the road at St. Louis, Detroit and Washington.

New York and Pittsburgh figure to keep on winning until their showdown game Dec. 15, the last day of the regular season. The Steelers are only one game back of the Giants, Cards and Browns.

With Green Bay idle after tying Detroit Thanksgiving Day, the Chicago Bears can't afford to falter against the Minnesota Vikings, a team they thumped 28-7 in September.

The American Football League will be playing the games scheduled last weekend postponed out of respect to the memory of President Kennedy. The big one is Houston at San Diego which could be a preview of the title game.

With a 71-38-5 record for the year, here we go into the last three week of the season. All games are to be played Sunday.

St. Louis 24, Cleveland 20 — If the Cards can shake their home jinx, Wally Lemm's boys should win their third straight from the top contenders. The Cards won Nov. 17, 20-14.

New York 35, Dallas 21 — Giants make Cowboys pay for upset by Cardinals with Y. A. Tittle gunning for all-time records. It took second half comeback for Gianst to win first meeting 37-21 but Cowboy defense has given up 38 touchdowns.

Pittsburgh 31, Philadelphia 14—Steelers get even for opening day 21-21 tie with Eagles that may cost them the title.

Chicago 24, Minnesota 7—Vikings will find Bears' defense just as tough as Packers. Only 49ers and Lions ahead for Bears.

Baltimore 24, Washington 14—A passing duel between Johnny Unitas and young Norm Snead who has been coming on strong.

Los Angeles 28, San Francisco 21 — Rams have won four of their last six and should handle 49ers on superior defense on passing of Roman Gabriel.

San Diego 24, Houston 7 — Chargers are rolling on way to clinching Western Division title, pack too much offense in Tobin Rote, Keith Lincoln and Paul Lowe for George Blanda and Co.

Boston 27, Buffalo 21 — Both teams still in Eastern race. Give it to Patriots on defense.

New York 28, Kansas City 21 —The 1962 champs have come upon evil days while Jets still are giving it the big hustle with a chance to win fans at home.

Emerald Cage Team Tops Braves 75-56

MANISTIQUE — The Manistique Emeralds rebounded from their loss to Sault Ste. Maris with an impressive 75-56 Great Lakes Conference victory over the Gladstone Braves here Wednesday night.

The Emeralds took an early lead and held off the invading Braves in a tight battle until midway in the third quarter. Leading then by a 35-33 margin, the Emeralds exploded to win with ease.

The victory was the second in three starts for Coach Rudie Brandstrom's youthful cagers. The setback was the second against one victory for Coach Bill Wood's Braves.

The Emeralds blended a slick team effort into the Great Lakes triumph with Tom Brawley and Jon Cameron clearing the boards with 24 rebounds between them, four players hitting in double scoring figures and putting the defensive clamps on the Braves.

Cameron was a vital factor in the Emerald offense, passing off for setups to his mates in addition to scoring 13 points himself. Brawley took individual scoring honors with 20 points, followed by Eric Blomquist with 17, Cameron 13 and Ken Blowers 11. Jim McDonough chipped in with eight.

The Braves stayed within shooting distance in the first half, trailing 14-11 at the end of the first period and 32-25 at the half.

Manistique outscored Gladstone by a dozen field goals and hit on 11 of 20 free throws. The Braves converted 16 of 26 from the foul line and hit 20 of 66 shots from the field.

Gladstone won the jayvee game 62-55.

Manistique plays next Friday night at Holy Name while Gladstone hosts Munising Dec. 6.

UM Cagers Set To Open Season

ANN ARBOR (AP) — The University of Michigan's highly regarded basketball team will open the season Saturday without all-Big Ten center Bill Buntin.

Coach Dave Strack said Thursday he had suspended the 6-foot-7 inch Buntin indefinitely for "disciplinary reasons." Strack did not elaborate.

Buntin, a junior from Detroit, was the team's top scorer last year and led the Big Ten in rebounds.

Strack said Jim Myers, a 6-foot-7 sophomore from Defiance, Ohio, will replace Buntin in the starting lineup when the Wolverines meet Ball State Teachers College at Muncie Ind. Saturday.

Chicago Hawks Extend String

By The Associated Press

The hockey goalie is an acrobat who sometimes feels like a pin cushion. He's supported by two steel blades with nerves to match but seldom well enough by his teammates—at least not well enough to suit him.

Chicago's Glenn Hall feels the job's worthwhile today. But there are four National League rivals who might like to argue the point.

The Black Hawks beat Toronto's defending champions 2-0 Thursday night on Hall's 30-save shutout. Chicago now has won six straight, pulled 10 points ahead in the standings and knocked the Maple Leafs a point back of Montreal into third place.

Meanwhile Montreal extended Detroit's winless streak to five games, 7-3, and Boston turned back New York 5-3 for the first time this season and only the fifth time in the past 18 encounters.

Red Wing goalie Terry Sawchuk wrenched his back as 13 449 disappointed fans saw the Wings drop their fourth game in the last five starts. The other was a tie.

Sawchuk was injured at 16:57 of the first period trying to stop Jean-Guy Talbot's first goal of the season. The long shot hit the post and Sawchuk, flopping over backwards, pushed it over the crease with his shoulder.

The Canadiens powered five goals past Harrison Gray who made his NHL debut in replacing Sawchuk. Other Montreal goals came off the sticks of Claude Pronovost, Bobby Rousseau, John Ferguson, Giles Tremblay, Dave Balon and Yvon Cournoyer. The final three goals came in the last period.

Detroit defenseman Doug Barkley scored his fourth and fifth goals of the season, and Parker MacDonald added the other Wing tally.

Spartans Lose Rose Bowl Berth To Illionis, 13-0

CHICAGO (AP) — Shooting into full contention for college foootball coach of the year is Pete Elliott, boyishly 37.

And his Illinois team should pave an inside track on sports comeback of the year.

In 1961, Elliott's record was 0-9, the first winless season in Illinois history. In 1962 it was 2-7

By smothering Michigan State 13-0 Thursday, the Illini won the Big Ten championship outright for the first time since 1951 and will go to the Rose Bowl for the third time.

They finished with an over-all record of 7-1-1, and 5-1-1 in the conference, the only loss being to Michigan, coached by Pete's Brother Bump.

Copping the rags to riches drive was the defensive stifling of Michigan State. Linebacker Dick Butkus, who has been in on some 140 tackles this season, operated in a surprise defensive shift that webbed in the Spartans' game-breaking runner, Sherm Lewis, for only 58 yards in 13 carries.

The Illini, for the first time, shifted linebackers Butkus and Don Hansen in a stunting maneuver just before MSU would put the ball in play.

"We wanted Hansen to be keyed on Lewis or also speedy Dewey Lincoln," said Elliott. "This left Butkus to draw a bead on fullback Roger Lopes. Otherwise our defense was the same, although we kept harping for continuous pursuit of Lewis so if he tried any cutbacks we could nail him."

The Spartans lost three of five fumbles and had four passes filched.

"You can't give the ball away seven times to a good team," said Spartan Coach Duffy Daugherty. "The Illini had a very fine, solid and aggressive defense—the toughest all-around team we've met all year. The running of their quarterbacks, Mike Taliaferro and Fred Custardo, got them out of a hole time and again."

Field goals of 22 and 34 yards by Jim Plankenhorn gave Illinois a 6-0 halftime lead. On the second play of the second half, Dick Proebstle fumbled on his own 14 and Ed Washinglon recovered for Illinois. Jim Grabowski drilled across from the 14 and Plankenhorn booted the point.

Illinois defeated UCLA 45-14 in the 1947 Rose Bowl and walloped Stanford 40-7 in the 1952 New Year's Day classic.

It will be Elliott's second coaching venture in the Rose Bowl. Iowa trounced his California Bears 38-12 in the 1949 game. As a player, Pete quarterbacked unbeaten Michigan to 49-0 rout of USC in the 1948 game.

In the only other Big Ten game Thursday, Minnesota upset Wisconsin 10-0. Mike Reid scored both touchdowns, on plunges of three and two yards, and converted after each.

The Big Ten campaign ends Saturday with Purdue (3-3) at Indiana (1-4) in the 39th Old Gaken Bucket game, and Ohio State (3-1-1) at Michigan (2-2-2) for their 60th meeting.

RIFLE EYEFUL—Linda Pool, 18, has fired her way into the top five women shooters in the United States and is rifling toward the Olympic Games in Tokyo next summer. The Florida freshman Annie Oakley, shown on the Gainesville indoor range, outshot 31 male competitors in the Tangerine Smallbore Rifle Championships in Orlando, Fla.

Unbeaten Pug Fights Tonight

NEW YORK (AP) — A $50 fighter 11 months ago, undefeated, young Johnny Persol of Brooklyn will earn $4,000 and get a chance to crack the big time tonight when he meets 4-1 favored Allen Thomas of Chicago at Madison Square Garden.

Persol gained his chance for the Garden and television 10-rounder when the New York State Athletic Commission's physicians barred Mauro Mina because the Peruvian had undergone an operation for a detached retina of the left eye.

Persol, a 22-year-old shipping clerk, who has been a pro only since Jan. 5, has won all of nine of his pro starts, including three by knockouts.

Thomas, however, has far more experience and skill and should spoil the kid's debut as a Garden and television main eventer in the 10-rounder. Thomas, ranked ninth among the light heavyweight contenders by the WBA, has a 19-2-1 record, including 11 knockouts.

The bout will be telecast nationally by ABC-TV. Starting time is 10 p.m. EST.

Lions Tie Pack; Nitschke Hurt Late In Clash

DETROIT (AP) — Mighty Green Bay needs help from three other Western Division clubs in order to get a crack at its third National Football League championship.

Thursday, the Packers stayed ½ game behind Chicago, the division leader, when the Detroit Lions tied them in the waning seconds 13-13 in their annual Thanksgiving Day battle.

Compounding Green Bay's problems is an injury suffered by linebacker Ray Nitschke. He said he broke a bone in his right forearm in the fourth quarter of the game and won't see any more action this season.

"Win or tie, we still have to depend on someone else to beat Chicago," said Green Bay Coach Vince Lombardi.

The Packers, now 9-2-1, meet Los Angeles and San Francisco in their final two games. Chicago, at 9-1-1, faces Minnesota, Frisco and Detroit on its home field.

The Bears take on the Vikings Sunday. In other NFL games Baltimore is at Washington, Cleveland at St. Louis, Los Angeles at San Francisco, New York at Dallas and Philadelphia at Pittsburgh.

The Packers' latest jolt came with 16 seconds remaining in Thursday's game. Detroit fullback Nick Pietrosante leaped into the end zone from less than a yard out and Wayne Walker added the extra point that tied the score.

Walker also booted two first-half field goals.

Practically all of the action was crammed into the game's final 10 minutes as the Packers went ahead 13-6 on a seven-yard pass from Bart Starr to Ron Kramer to end a 61-yard drive.

The Lions roared back as Earl Morrall directed the final scoring drive. A pass interference penalty gainst Green bay's Jesse Whittenton gave the Lions the ball on the two, but they needed four cracks at the line to score after a penalty put the ball back on the seven.

Illini Greeted By Large Crowd

CHAMPAIGN, Ill (AP) — A crowd of 1,500, mostly townspeople because students were home for the holiday, gave Illinois' Big Ten football champions a tumultous welcome Thursday night.

Leading a cheer for Coach Pete Elliott and his team when they arrived at the local airport after smothering Michigan State 13-0, was University President David D. Henry.

"We're proud to be from Illinois," said Elliott, whose Illini had won only two games in the two previous years. "Our men were real tigers. I guess I can finally mention it: it now looks suspiciously that we are going to the Rose Bowl."

Fight Results

By The Associated Press

ROME — Sandro Lopopolo, 138, Italy, outpointed Franco Caruso, 139, Italy, 12. Lopopolo won Italian light welterweight title.

GLASGOW, Scotland — Walter McGorwan, 111¼, Great Britain, outpointed Ric Magramo, 103¾, Philippines, 10.

Kramer Missed Short Attempt

DETROIT (AP)—"I feel like I blew that one myself," said Green Bay field goal kicker Jerry Kramer after the Packers emerged from a 13-13 tie with the Detroit Lions Thursday.

Kramer, leading scorer in the National Football League, missed a 10-yard field goal in the fourth period that would have given the Packers enough for a vital victory.

The deadlock dropped Green Bay a full game behind the Chicago Bears in the NFL's Western Division title race.

"I don't know what happened," Kramer said. "I never miss those kind."

With the score knotted at 6-6 in the first minute of the final quarter, the Lions halted a Packer drive on the three yard line. Kramer's boot from the 10 for a three-pointer sailed to the right of the goal post.

"You don't expect to miss that kind," remarked Coach Vince Lombardi. "When you get down there inside, you'd better score. If we had, we would have won."

Season Closes For Wolverines

ANN ARBOR (AP) — Archrivals Michigan and Ohio State will try again to close out their football season Saturday in a game that was called off at the last minute last week because of President Kennedy's assassination.

The delay probably hurt Michigan more than it did OSU. Buckeye coach Woody Hayes said last week he did not have enough time to prepare his players for the traditional game. OSU has dropped its last two starts.

Michigan, meanwhile, had been closing out strong, winning twice and tying a third game.

Both the Wolverines and Buckeyes are expected to be in top shape for the 60th renewal of their series. OSU has won the last three games—two by shutouts—but is trailing 20-35-4 in the overall series.

The Buckeyes attack will be centered around quarterback Don Unverferth and halfback Matt Snell.

Michigan again will be counting on quarterback Bob Timberlake and fullback Mel Anthony to carry most of the offensive load. Timberlake ranks fourth in the Big Ten in both passing and total offense, while Anthony is among the leading rushers.

GLADSTONE

Pea Production Shows Result Of Drought In U.P.

The severity of the drought of last summer in the Upper Peninsula and throughout the Midwest is revealed in report of the Hansen Canning Co. of Gladstone on pea production in the Delta County Area.

Pea production had its lowest point in 7 years last summer because of the drought. It has varied from a high of 3,544 pounds per acre here to the low of this year at 1,874 pounds per acre of shelled peas.

Because the Hansen Co. has been increasing its acres each year, the impact of the reduced production on total pack was not severe, but the drought cut a chance for a record production and a continuation of the company's year-by-year build-up of production of high quality peas for canning in this area.

The acreage planted in peas here was 153 in 1957 and it was advanced steadily by the Hansen development program to 412 acres in 1962, when 1,183,134 pounds of shelled peas were produced. This year 603 acres of peas were harvested and total production was 1,131,220 pounds.

Joseph L. Heirman, Delta County Extension director, said:

"As we can see, the yields per acre were down about 1,000 pounds per acre compared to 1962 and some of the other normal years. The 1,000 pounds per acre that the farmers did not get this year makes a great deal of difference in the income per acre. The cost of the seed, fertilizer and soil preparation remains the same regardless of yield. Then, too, because of the dry conditions, the quality was not as high as in previous years.

"The price is based not only on yield but, also on quality as determined by a tendermoter at harvesting time. This does not mean that the pea pack is poor this year, but it means that the percentage of top quality peas is not as great as a year ago."

Here is the record:

Year	Acres	Total Lbs. Pounds	Per Acre
1957	153	430,357	2813
1958	149	528,053	3544
1959	157	430,263	2741
1960	217	608,019	2802
1961	311	712,492	2291
1962	412	1,183,134	2868
1963	603	1,131,220	1874

Legion Auxiliary Planning Party

The Auxiliary of August Mattson Post 71, American Legion made plans for their Christmas party at their regular meeting held at the Legion Hall Tuesday evening. The annual party will be held at the Legion Hall December 13 at 8 p. m. and will be preceded by their regular meeting.

A bake sale will be held Dec. 13 and the time and place will be announced at a later date. Mrs. Reynold Redstrom is in charge of arrangements. Mrs. Charles Rizzie was received as a new member.

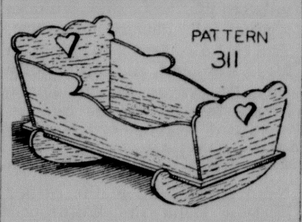
A social hour followed the meeting and Mrs. Harvey Groleau and Mrs. Clifford Mineau received the special awards. Refreshments were served by Mrs. Groleau, Mrs. Lawrence Hagman and Mrs. Emma Feldt.

Briefly Told

The Senior Girl Scout troop, under the direction of Mrs. Clarin Fredrickson, will hold and investure ceremony at the James T. Jones school Wednesday, Dec. 4, at 4 p. m. Parents of the Scouts and their sister troop 45, with their leader, Mrs. Harold Bing, are invited to attend. Refreshments will be served.

State Police of the Gladstone Post issued traffic court summonses to the following motorists over the Thanksgiving holiday: Lester Johnson, Brampton, speeding; Ernest Beauchamp, Rte. 1, Gladstone, speeding; Paul Terrien, Wells, defective brakes; Roger J. Bricco, 1506 Minneapolis Ave., Gladstone, speeding; Mary Kallman, Cornell, no operator's license and no registration plates on vehicle; Jack Clifton, 1013 Delta Ave., Gladstone, speeding; Ronald Struebing, Iron Mountain, speeding; and Thomas Snouwaert of Milwaukee, speeding.

DOLL CRADLES



LARGE, MEDIUM, SMALL cradles should be made for a family of dolls. And some extras may be needed for grownup girls who do not have any dolls at all but who like to use quaint toys for servers, planters or for wood by the fire. Pattern 311, which gives actual - size guides for cradles eighteen, eight and four inches long, is 35c. It also is in the Toys and Furnishings Packet No. 61 for $1.

Speech Written For President

WASHINGTON (AP)—In the news from Washington:

SORENSEN: Associates of President Johnson say Theodore C. Sorensen was his chief assistant in writing his address to the joint session of Congress Wednesday.

Sorensen, the special counsel and long-time friend and confidant of the late President Kennedy, stayed on at Johnson's request and wrote the main draft of the widely acclaimed speech.

MONEY BILLS: Chairman John L. McClellan, D-Ark., says his Senate Appropriations subcommittee will review today the $1,851,000,000 appropriations bill for the State and Justice departments and related agencies.

The measure is one of eight big money bills still awaiting congressional passage in this fifth month of the fiscal year.

KENNEDY HEARINGS: Sen. Thomas J. Dodd, D-Conn., says he is certain the Senate Judiciary Committee will hold public hearings in its investigation of the assassination of President Kennedy.

"I am not sure just what the plan of procedure will be," Dodd said Thursday night, "but I am sure there will be a public hearing."

Dodd is a member of the committee.

PICKETS: About 350 Bible-carrying pickets paraded in front of the White House on Thanksgiving Day to protest the Supreme Court's decision against prayers in the public schools.

A group of 50 carried a long banner that said: "We Want the Bible Back in the Schoolrooms of America."

Senior At U. M. Admits Thefts Of Over $1,000

ANN ARBOR (AP)—Galen L. Baril, 22, of Pontiac, a University of Michigan senior, has admitted stealing more than $1,000 in university - owned property, Ann Arbor Police Det. Sgt. Richard G. Hill reported today.

Baril now is awaiting Circuit Court appearance Friday on a grand larceny charge stemming from the Nov. 18 theft of $6,290 from the university cashier's office.

Police said $5,000 of the cash has been recovered.

Prayer Service For Girl Scouts

A Congregational Advent prayer day service will be held at First Lutheran Church at 7:30 p. m. Sunday under the sponsorship of the L. C. W. A coffee hour will follow and hostesses will be Mrs. William Sundling, Mrs. Marvin Johnson and Mrs. Marjorie Haglund. All members of the congregation and friends are invited to attend.

Singer Unable To Beat Police

VENTURA, Calif. (AP)—Police said western singer Johnny Cash told them he stepped on the gas when he saw a patrolman coming up behind him because:

"I just wanted to find out if I could still outrun a police car."

After a 6-mile chase up the Ojai Freeway at 90 mph, officers said, he discovered he couldn't.

Cash, 31, was cited Thursday for speeding and for driving without having his operator's license with him.

Two Injured In Accident

Two persons were hospitalized with injuries they received while passengers in a car driven by Albert Guenette Jr., 19, of Schaffer, at 8:30 a. m. Thursday on a county road one and a half miles west of Bark River.

James Bizeau, 21, of Gladstone, sustained a chest injury, and Thomas Kropp, 21, of Madison, Wis., suffered a laceration to the head. Both were taken to St. Francis Hospital for treatment.

Deputy Sheriff Earl Kell of Powers said the accident occurred when the Guenette vehicle came to the end of a dead-end road. He said the end of the road apparently appeared before Guenette expected it to and in an effort to make the turn the car skidded off the road into an embankment.

Guenette, who is presently asigned to Fort Leonard Wood, Mo., was ticketed for violation of the basic speed law, too fast for conditions. His car was demolished in the mishap.

St. Louis Takes No. 1 Cage Spot

By The Associated Press

St. Louis has taken over first place in the Western Division of the National Basketball Association, but the Cincinnati Royals are having difficulty making any headway in the Eastern sector.

The Hawks moved one-half game in front of idle Los Angeles by downing Detroit 118-101 Thursday night. At the same time, the Royals made the most of the talents of Oscar Robertson and Jerry Lucas for a 125-110 triumph over Philadelphia in the only other game scheduled.

It was the Royals' fourth straight victory and sixth in eight games. Still, they are 3½ lengths behind pacesetting Boston, which has lost only one of 14 games.

Robertson took care of most of the scoring, with 38 points, and contributed 16 assists, while Lucas almost single-handedly dominated the backboards for the Royals. He pulled down 31 rebounds and also chipped in with 21 points.

The Pistons stayed close to the Hawks until the final four minutes when the Hawks turned a 104-98 lead into a 10-point bugle on four consecutiva foul shots—two each by Lem Wilkens and Zelmo Bealty.

Bob Pettitt was high scorer for St. Louis with 23, one more than Bill Bridges. Ray Scott topped Detroit with 20.

Robertson, Lucas and Wayne Embry, who scored 22, led a Cincinnati burst that outscored Philadelphia 20-6 and put it away in the last seven minutes. Lee Shaffer scorad 42 pgints for the 76ers.

Tonight's schedule shows Philadelphia vs. Boston, Los Angeles at Detroit, New York at Cincinnatiiand San Francisco at Baltimore.

Raiders Beat Denver 26-10

DENVER (AP) — The Oakland Raiders are safer than ever in second place in the Western Division after beating last-place Denver 26-10 Thursday in their American Football League game.

The contest marked the start of a revised season - ending scheduled resulting from last weekend's postponements because of President Kennedy's assassination.

Kansas City plays at New York City, Houston at San Diego and Buffalo at Boston in other AFL games this Sunday.

Resort Planned In Saidu Sharif

SAIDU SHARIF, Pakistan (AP) — An Austrian ambassador who longed for the ski slopes of the Alps has started plans for the first ski resort in the area of the world's highest mountains.

If the plans work out, the hum of ski lifts and the swish of waxed boards on deep snow may be heard near Saidu Sharif by this time next year. Two years from now is a more likely opening time for the hotel and other facilities under discussion.

They will be at Malam Jaba, an area between 6,000 and 8,500 feet high in the foothills of the Hindu Kush, a westward extension of the Himalayas.

Dr. F. A. Kolb, when he was ambassador to Pakistan, spent a lot of time climbing around looking for spots. Kolb decided the best place was a few miles from Saidu Sharif, the capital of Swat, an autonomous state in Pakistan.

A year ago, before his transfer back to the foreign ministry in Vienna, Kolb finished a paper on the subject. With Austrian government backing, he discussed it with Pakistan's President Mohammad Ayub Khan.

The president liked the idea of skiing for this Moslem nation of some 100 million persons—few of whom ever have seen skis.

A golf course and tennis courts will be added for a year-round resort. When the summer temperatures rises to 110 on the plains of West Pakistan, mountain resorts are crowded.

American League Names Peters Player Of Year

BOSTON (AP) — Persistent Gary Peters, the left - hander who began to feel like a yo-yo between the minors and the Chicago White Sox, was named the American League Rookie of the Year for 1963 today, beating out teammate Pete Ward.

The 26-year-old Peters received 10 of the 20 votes cast by a committee of the Baseball Writers Assocition of America. Third baseman Ward of the White Sox received six votes. Minnesota Twins cenetr fielder Jimmie Hall drew the other four.

Peters, the first White Sox rookie winner in half a dozen years, wouldn't have drawn a single vote had the balloting been conducted at mid-season. He had won only five games in his fifth attempt to stick with Chicago.

But the 6-foot-2, 200 - pound Pennsylvanian went fast after that. From July 4 to Labor Day the never-say-die southpaw won 11 consecutive games, setting an American League record for freshmen hurlers.

Peters wound up with a won-lost record of 19-8, and had an earned run average of 2.33—tops in the league for starting itchers and bettered only by Dick Radatz' 2.03 figure for the Boston Red Sox.

He also pitched 13 complete games and had four shutouts. He struck out 189 batters in 243 innings while allowing only 68 walks.

Ward, Canadian-born, 24-year-older, was Chicago's biggest offensive weapon, leading the White Sox in practically every hitting department. He batted .295 in 157 games, hit 22 home runs, drove in 84 runs, had 177 hits and scored 80 runs. His 34 doubles ranked him second in the league.

Hall, whose slim build belies his hitting power, slugged 33 homers for a freshman record and had 80 runs batted in to go with a .260 average.

Cleveland outfielder Vic Davalillo, the littler speedster from Venezuela, was eliminated from rookie honors consideration after breaking an arm midway through the season. He had been in the thick of the race until then.

Spartans Lose Rose Bowl Berth To Illionis, 13-0

CHICAGO (AP) — Shooting into full contention for college foootball coach of the year is Pete Elliott, boyishly 37.

And his Illinois team should pave an inside track on sports comeback of the year.

In 1961, Elliott's record was 0-9, the first winless season in Illinois history. In 1962 it was 2-7

By smothering Michigan State 13-0 Thursday, the Illini won the Big Ten championship outright for the first time since 1951 and will go to the Rose Bowl for the third time.

They finished with an over-all record of 7-1-1, and 5-1-1 in the conference, the only loss being to Michigan, coached by Pete's Brother Bump.

Copping the rags to riches drive was the defensive stifling of Michigan State. Linebacker Dick Butkus, who has been in on some 140 tackles this season, operated in a surprise defensive shift that webbed in the Spartans' game-breaking runner, Sherm Lewis, for only 58 yards in 13 carries.

The Illini, for the first time, shifted linebackers Butkus and Don Hansen in a stunting maneuver just before MSU would put the ball in play.

"We wanted Hansen to be keyed on Lewis or also speedy Dewey Lincoln," said Elliott. "This left Butkus to draw a bead on fullback Roger Lopes. Otherwise our defense was the same, although we kept harping for continuous pursuit of Lewis so if he tried any cutbacks we could nail him."

The Spartans lost three of five fumbles and had four passes filched.

"You can't give the ball away seven times to a good team," said Spartan Coach Duffy Daugherty. "The Illini had a very fine, solid and aggressive defense—the toughest all-around team we've met all year. The running of their quarterbacks, Mike Taliaferro and Fred Custardo, got them out of a hole time and again."

Field goals of 22 and 34 yards by Jim Plankenhorn gave Illinois a 6-0 halftime lead. On the second play of the second half, Dick Proebstle fumbled on his own 14 and Ed Washinglon recovered for Illinois. Jim Grabowski drilled across from the 14 and Plankenhorn booted the point.

Illinois defeated UCLA 45-14 in the 1947 Rose Bowl and walloped Stanford 40-7 in the 1952 New Year's Day classic.

It will be Elliott's second coaching venture in the Rose Bowl. Iowa trounced his California Bears 38-12 in the 1949 game. As a player, Pete quarterbacked unbeaten Michigan to 49-0 rout of USC in the 1948 game.

In the only other Big Ten game Thursday, Minnesota upset Wisconsin 10-0. Mike Reid scored both touchdowns, on plunges of three and two yards, and converted after each.

The Big Ten campaign ends Saturday with Purdue (3-3) at Indiana (1-4) in the 39th Old Gaken Bucket game, and Ohio State (3-1-1) at Michigan (2-2-2) for their 60th meeting.

RIFLE EYEFUL—Linda Pool, 18, has fired her way into the top five women shooters in the United States and is rifling toward the Olympic Games in Tokyo next summer. The Florida freshman Annie Oakley, shown on the Gainesville indoor range, outshot 31 male competitors in the Tangerine Smallbore Rifle Championships in Orlando, Fla.

Unbeaten Pug Fights Tonight

NEW YORK (AP) — A $50 fighter 11 months ago, undefeated, young Johnny Persol of Brooklyn will earn $4,000 and get a chance to crack the big time tonight when he meets 4-1 favored Allen Thomas of Chicago at Madison Square Garden.

Persol gained his chance for the Garden and television 10-rounder when the New York State Athletic Commission's physicians barred Mauro Mina because the Peruvian had undergone an operation for a detached retina of the left eye.

Persol, a 22-year-old shipping clerk, who has been a pro only since Jan. 5, has won all of nine of his pro starts, including three by knockouts.

Thomas, however, has far more experience and skill and should spoil the kid's debut as a Garden and television main eventer in the 10-rounder. Thomas, ranked ninth among the light heavyweight contenders by the WBA, has a 19-2-1 record, including 11 knockouts.

The bout will be telecast nationally by ABC-TV. Starting time is 10 p.m. EST.

Lions Tie Pack; Nitschke Hurt Late In Clash

DETROIT (AP) — Mighty Green Bay needs help from three other Western Division clubs in order to get a crack at its third National Football League championship.

Thursday, the Packers stayed ½ game behind Chicago, the division leader, when the Detroit Lions tied them in the waning seconds 13-13 in their annual Thanksgiving Day battle.

Compounding Green Bay's problems is an injury suffered by linebacker Ray Nitschke. He said he broke a bone in his right forearm in the fourth quarter of the game and won't see any more action this season.

"Win or tie, we still have to depend on someone else to beat Chicago," said Green Bay Coach Vince Lombardi.

The Packers, now 9-2-1, meet Los Angeles and San Francisco in their final two games. Chicago, at 9-1-1, faces Minnesota, Frisco and Detroit on its home field.

The Bears take on the Vikings Sunday. In other NFL games Baltimore is at Washington, Cleveland at St. Louis, Los Angeles at San Francisco, New York at Dallas and Philadelphia at Pittsburgh.

The Packers' latest jolt came with 16 seconds remaining in Thursday's game. Detroit fullback Nick Pietrosante leaped into the end zone from less than a yard out and Wayne Walker added the extra point that tied the score.

Walker also booted two first-half field goals.

Practically all of the action was crammed into the game's final 10 minutes as the Packers went ahead 13-6 on a seven-yard pass from Bart Starr to Ron Kramer to end a 61-yard drive.

The Lions roared back as Earl Morrall directed the final scoring drive. A pass interference penalty gainst Green bay's Jesse Whittenton gave the Lions the ball on the two, but they needed four cracks at the line to score after a penalty put the ball back on the seven.

Illini Greeted By Large Crowd

CHAMPAIGN, Ill (AP) — A crowd of 1,500, mostly townspeople because students were home for the holiday, gave Illinois' Big Ten football champions a tumultous welcome Thursday night.

Leading a cheer for Coach Pete Elliott and his team when they arrived at the local airport after smothering Michigan State 13-0, was University President David D. Henry.

"We're proud to be from Illinois," said Elliott, whose Illini had won only two games in the two previous years. "Our men were real tigers. I guess I can finally mention it: it now looks suspiciously that we are going to the Rose Bowl."

Fight Results

By The Associated Press

ROME — Sandro Lopopolo, 138, Italy, outpointed Franco Caruso, 139, Italy, 12. Lopopolo won Italian light welterweight title.

GLASGOW, Scotland — Walter McGorwan, 111¼, Great Britain, outpointed Ric Magramo, 103¾, Philippines, 10.

Kramer Missed Short Attempt

DETROIT (AP)—"I feel like I blew that one myself," said Green Bay field goal kicker Jerry Kramer after the Packers emerged from a 13-13 tie with the Detroit Lions Thursday.

Kramer, leading scorer in the National Football League, missed a 10-yard field goal in the fourth period that would have given the Packers enough for a vital victory.

The deadlock dropped Green Bay a full game behind the Chicago Bears in the NFL's Western Division title race.

"I don't know what happened," Kramer said. "I never miss those kind."

With the score knotted at 6-6 in the first minute of the final quarter, the Lions halted a Packer drive on the three yard line. Kramer's boot from the 10 for a three-pointer sailed to the right of the goal post.

"You don't expect to miss that kind," remarked Coach Vince Lombardi. "When you get down there inside, you'd better score. If we had, we would have won."

Season Closes For Wolverines

ANN ARBOR (AP) — Archrivals Michigan and Ohio State will try again to close out their football season Saturday in a game that was called off at the last minute last week because of President Kennedy's assassination.

The delay probably hurt Michigan more than it did OSU. Buckeye coach Woody Hayes said last week he did not have enough time to prepare his players for the traditional game. OSU has dropped its last two starts.

Michigan, meanwhile, had been closing out strong, winning twice and tying a third game.

Both the Wolverines and Buckeyes are expected to be in top shape for the 60th renewal of their series. OSU has won the last three games—two by shutouts—but is trailing 20-35-4 in the overall series.

The Buckeyes attack will be centered around quarterback Don Unverferth and halfback Matt Snell.

Michigan again will be counting on quarterback Bob Timberlake and fullback Mel Anthony to carry most of the offensive load. Timberlake ranks fourth in the Big Ten in both passing and total offense, while Anthony is among the leading rushers.

GLADSTONE

Pea Production Shows Result Of Drought In U.P.

The severity of the drought of last summer in the Upper Peninsula and throughout the Midwest is revealed in report of the Hansen Canning Co. of Gladstone on pea production in the Delta County Area.

Pea production had its lowest point in 7 years last summer because of the drought. It has varied from a high of 3,544 pounds per acre here to the low of this year at 1,874 pounds per acre of shelled peas.

Because the Hansen Co. has been increasing its acres each year, the impact of the reduced production on total pack was not severe, but the drought cut a chance for a record production and a continuation of the company's year-by-year build-up of production of high quality peas for canning in this area.

The acreage planted in peas here was 153 in 1957 and it was advanced steadily by the Hansen development program to 412 acres in 1962, when 1,183,134 pounds of shelled peas were produced. This year 603 acres of peas were harvested and total production was 1,131,220 pounds.

Joseph L. Heirman, Delta County Extension director, said:

"As we can see, the yields per acre were down about 1,000 pounds per acre compared to 1962 and some of the other normal years. The 1,000 pounds per acre that the farmers did not get this year makes a great deal of difference in the income per acre. The cost of the seed, fertilizer and soil preparation remains the same regardless of yield. Then, too, because of the dry conditions, the quality was not as high as in previous years.

"The price is based not only on yield but, also on quality as determined by a tendermoter at harvesting time. This does not mean that the pea pack is poor this year, but it means that the percentage of top quality peas is not as great as a year ago."

Here is the record:

Year	Acres	Total Lbs. Pounds	Per Acre
1957	153	430,357	2813
1958	149	528,053	3544
1959	157	430,266	2741
1960	217	608,019	2802
1961	311	712,492	2291
1962	412	1,183,134	2868
1963	603	1,131,220	1874

Legion Auxiliary Planning Party

The Auxiliary of August Mattson Post 71, American Legion made plans for their Christmas party at their regular meeting held at the Legion Hall Tuesday evening. The annual party will be held at the Legion Hall December 13 at 8 p. m. and will be preceded by their regular meeting.

A bake sale will be held Dec. 13 and the time and place will be announced at a later date. Mrs. Reynold Redstrom is in charge of arrangements. Mrs. Charles Rizzie was received as a new member.

A social hour followed the meeting and Mrs. Harvey Groleau and Mrs. Clifford Mineau received the special awards. Refreshments were served by Mrs. Groleau, Mrs. Lawrence Hagman and Mrs. Emma Feldt.

Briefly Told

The Senior Girl Scout troop, under the direction of Mrs. Clarin Fredrickson, will hold and investure ceremony at the James T. Jones school Wednesday, Dec. 4, at 4 p. m. Parents of the Scouts and their sister troop 45, with their leader, Mrs. Harold Bing, are invited to attend. Refreshments will be served.

State Police of the Gladstone Post issued traffic court summonses to the following motorists over the Thanksgiving holiday: Lester Johnson, Brampton, speeding; Ernest Beauchamp, Rte. 1, Gladstone, speeding; Paul Terrien, Wells, defective brakes; Roger J. Bricco, 1506 Minneapolis Ave., Gladstone, speeding; Mary Kallman, Cornell, no operator's license and no registration plates on vehicle; Jack Clifton, 1013 Delta Ave., Gladstone, speeding; Ronald Struebing, Iron Mountain, speeding; and Thomas Snouwaert of Milwaukee, speeding.

Speech Written For President

WASHINGTON (AP)—In the news from Washington:

SORENSEN: Associates of President Johnson say Theodore C. Sorensen was his chief assistant in writing his address to the joint session of Congress Wednesday.

Sorensen, the special counsel and long-time friend and confidant of the late President Kennedy, stayed on at Johnson's request and wrote the main draft of the widely acclaimed speech.

MONEY BILLS: Chairman John L. McClellan, D-Ark., says his Senate Appropriations subcommittee will review today the $1,851,000,000 appropriations bill for the State and Justice departments and related agencies.

The measure is one of eight big money bills still awaiting congressional passage in this fifth month of the fiscal year.

KENNEDY HEARINGS: Sen. Thomas J. Dodd, D-Conn., says he is certain the Senate Judiciary Committee will hold public hearings in its investigation of the assassination of President Kennedy.

"I am not sure just what the plan of procedure will be," Dodd said Thursday night, "but I am sure there will be a public hearing."

Dodd is a member of the committee.

PICKETS: About 350 Bible-carrying pickets paraded in front of the White House on Thanksgiving Day to protest the Supreme Court's decision against prayers in the public schools.

A group of 50 carried a long banner that said: "We Want the Bible Back in the Schoolrooms of America."

Senior At U. M. Admits Thefts Of Over $1,000

ANN ARBOR (AP)—Galen L. Baril, 22, of Pontiac, a University of Michigan senior, has admitted stealing more than $1,000 in university-owned property, Ann Arbor Police Det. Sgt. Richard G. Hill reported today.

Baril now is awaiting Circuit Court appearance Friday on a grand larceny charge stemming from the Nov. 18 theft of $6,290 from the university cashier's office.

Police said $5,000 of the cash has been recovered.

Prayer Service For Girl Scouts

A Congregational Advent prayer day service will be held at First Lutheran Church at 7:30 p. m. Sunday under the sponsorship of the L. C. W. A coffee hour will follow and hostesses will be Mrs. William Sundling, Mrs. Marvin Johnson and Mrs. Marjorie Haglund. All members of the congregation and friends are invited to attend.

Singer Unable To Beat Police

VENTURA, Calif. (AP)—Police said western singer Johnny Cash told them he stepped on the gas when he saw a patrolman coming up behind him because:

"I just wanted to find out if I could still outrun a police car."

After a 6-mile chase up the Ojai Freeway at 90 mph, officers said, he discovered he couldn't.

Cash, 31, was cited Thursday for speeding and for driving without having his operator's license with him.

Two Injured In Accident

Two persons were hospitalized with injuries they received while passengers in a car driven by Albert Guenette Jr., 19, of Schaffer, at 8:30 a. m. Thursday on a county road one and a half miles west of Bark River.

James Bizeau, 21, of Gladstone, sustained a chest injury, and Thomas Kropp, 21, of Madison, Wis., suffered a laceration to the head. Both were taken to St. Francis Hospital for treatment.

Deputy Sheriff Earl Kell of Powers said the accident occurred when the Guenette vehicle came to the end of a dead-end road. He said the end of the road apparently appeared before Guenette expected it to and in an effort to make the turn the car skidded off the road into an embankment.

Guenette, who is presently asigned to Fort Leonard Wood, Mo., was ticketed for violation of the basic speed law, too fast for conditions. His car was demolished in the mishap.

St. Louis Takes No. 1 Cage Spot

By The Associated Press

St. Louis has taken over first place in the Western Division of the National Basketball Association, but the Cincinnati Royals are having difficulty making any headway in the Eastern sector.

The Hawks moved one-half game in front of idle Los Angeles by downing Detroit 118-101 Thursday night. At the same time, the Royals made the most of the talents of Oscar Robertson and Jerry Lucas for a 125-110 triumph over Philadelphia in the only other game scheduled.

It was the Royals' fourth straight victory and sixth in eight games. Still, they are 3½ lengths behind pacesetting Boston, which has lost only one of 14 games.

Robertson took care of most of the scoring, with 38 points, and contributed 16 assists, while Lucas almost single-handedly dominated the backboards for the Royals. He pulled down 31 rebounds and also chipped in with 21 points.

The Pistons stayed close to the Hawks until the final four minutes when the Hawks turned a 104-98 lead into a 10-point bugle on four consecutiva foul shots—two each by Lem Wilkens and Zelmo Bealty.

Bob Pettitt was high scorer for St. Louis with 23, one more than Bill Bridges. Ray Scott topped Detroit with 20.

Robertson, Lucas and Wayne Embry, who scored 22, led a Cincinnati burst that outscored Philadelphia 20-6 and put it away in the last seven minutes. Lee Shaffer scorad 42 pgints for the 76ers.

Tonight's schedule shows Philadelphia vs. Boston, Los Angeles at Detroit, New York at Cincinnatiiand San Francisco at Baltimore.

Raiders Beat Denver 26-10

DENVER (AP) — The Oakland Raiders are safer than ever in second place in the Western Division after beating last-place Denver 26-10 Thursday in their American Football League game.

The contest marked the start of a revised season-ending scheduled resulting from last weekend's postponements because of President Kennedy's assassination.

Kansas City plays at New York City, Houston at San Diego and Buffalo at Boston in other AFL games this Sunday.

Resort Planned In Saidu Sharif

SAIDU SHARIF, Pakistan (AP) — An Austrian ambassador who longed for the ski slopes of the Alps has started plans for the first ski resort in the area of the world's highest mountains.

If the plans work out, the hum of ski lifts and the swish of waxed boards on deep snow may be heard near Saidu Sharif by this time next year. Two years from now is a more likely opening time for the hotel and other facilities under discussion.

They will be at Malam Jaba, an area between 6,000 and 8,500 feet high in the foothills of the Hindu Kush, a westward extension of the Himalayas.

Dr. F. A. Kolb, when he was ambassador to Pakistan, spent a lot of time climbing around looking for spots. Kolb decided the best place was a few miles from Saidu Sharif, the capital of Swat, an autonomous state in Pakistan.

A year ago, before his transfer back to the foreign ministry in Vienna, Kolb finished a paper on the subject. With Austrian government backing, he discussed it with Pakistan's President Mohammad Ayub Khan.

The president liked the idea of skiing for this Moslem nation of some 100 million persons—few of whom ever have seen skis.

A golf course and tennis courts will be added for a year-round resort. When the summer temperatures rises to 110 on the plains of West Pakistan, mountain resorts are crowded.

American League Names Peters Player Of Year

BOSTON (AP) — Persistent Gary Peters, the left-hander who began to feel like a yo-yo between the minors and the Chicago White Sox, was named the American League Rookie of the Year for 1963 today, beating out teammate Pete Ward.

The 26-year-old Peters received 10 of the 20 votes cast by a committee of the Baseball Writers Association of America. Third baseman Ward of the White Sox received six votes. Minnesota Twins cenetr fielder Jimmie Hall drew the other four.

Peters, the first White Sox rookie winner in half a dozen years, wouldn't have drawn a single vote had the balloting been conducted at mid-season. He had won only five games in his fifth attempt to stick with Chicago.

But the 6-foot-2, 200-pound Pennsylvanian went fast after that. From July 4 to Labor Day the never-say-die southpaw won 11 consecutive games, setting an American League record for freshmen hurlers.

Peters wound up with a won-lost record of 19-8, and had an earned run average of 2.33—tops in the league for starting itchers and bettered only by Dick Radatz' 2.03 figure for the Boston Red Sox.

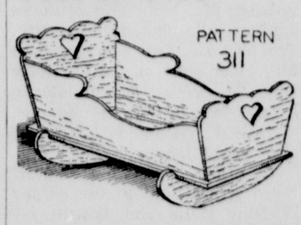
He also pitched 13 complete games and had four shutouts. He struck out 189 batters in 243 innings while allowing only 68 walks.

Ward, Canadian-born, 24-year-older, was Chicago's biggest offensive weapon, leading the White Sox in practically every hitting department. He batted .295 in 157 games, hit 22 home runs, drove in 84 runs, had 177 hits and scored 80 runs. His 34 doubles ranked him second in the league.

Hall, whose slim build belies his hitting power, slugged 33 homers for a freshman record and had 80 runs batted in to go with a .260 average.

Cleveland outfielder Vic Davalillo, the littler speedster from Venezuela, was eliminated from rookie honors consideration after breaking an arm midway through the season. He had been in the thick of the race until then.

DOLL CRADLES



LARGE, MEDIUM, SMALL cradles should be made for a family of dolls. And some extras may be needed for grownup girls who do not have any dolls at all but who like to use quaint toys for servers, planters or for wood by the fire. Pattern 311, which gives actual-size guides for cradles eighteen, eight and four inches long, is 35c. It also is in the Toys and Furnishings Packet No. 61 for $1.

Be Scholars First, Athletes Second, CMU Coach Says

Because colleges, due to increased enrollments must be more selective in accepting students, scholarship is of greater importance to youngsters, Bill Kelly, coach of Central Michigan university said here Monday night at the annual football recognition banquet. He urged the attending members of the Emerald varcity squad to be "scholars first and athletes second."

John Kelly was master of ceremonies for the program, during which Coach Bonifas presented his players, Cliff Lewis gave invocation and new school superintendent Edwin Wuehle was introduced.

Dr. C. F. Anderson, a former Manistique resident accompanied Mr. Kelly here and was introduced.

Boy Scouts Plan Hike To Hatchery

Boy Scout Troop 406 will hold a bicycle hike from Manistique to the fish hatchery at Thompson, where they will tour the fish rearing facilities. The group meets at the VFW hall and will leave at 9 a. m., Saturday, Millard Edwards, Scoutmaster reports.

Schoolcraft 4-H Leaders Honored

School Superintendent Edwin E. Wuehle, addressing the annual 4-H leader recognition banquet Tuesday night at Liberty banquet hall, praised leaders for their work with youth, cited the importance of teaching citizenship and government in a program of action, not vacuum, and asked continued help so youngsters obtain as much schooling as possible.

He emphasized that students must try to stay on top with increased education, in a society which is rapidly-changing, highly technical and automated.

The program opened with invocation by the Rev. Terrence Donnelly and included flag pledges by Terry Cain, president of the Junior Leaders Assn. The banquet is sponsored by Inland Lime and Stone Co. During the evening, flowers and awards were presented the leaders. Jane Brunet, pianist, provided music.

Linnea Carlson of Thompson and Harold Miller of Doyle Township were presented 4-H alumni awards, and Leonard Males was presented a special recognition plaque for the State Savings Bank.

Dean Rhoads, new county extension director, presented a diamond 20-year award to Mrs. Harold Peters and a 15-year award to Mrs. Leonard England.

He also presented awards to Mrs. Harold Lustila, 13 years leadership, Mrs. Marvin Mercier, 11 years, Mrs. Charles Watson, 9 years, Paul Weaver, Leslie Walstrom and Harry Anderson, 8 years, Mrs. Paul Weaver, 7 years, LeRoy Babbitt and Mrs. Franklin Creeden, 6 years.

Paul Weaver, who led the community sing, presented 5-year pins and certificates to Mrs. Clarence Clement, Leo Sikarskie, Mrs. Dale Cain and Mrs. Albert Fleck.

Mrs. Merrill Archey presented 1-year pins to Mrs. Joseph Davis, Mrs. Jean Blowers, Robert Hubble, Mrs. Sherwood Lemirand, Mrs. LeRoy Babbitt, Matt Walters, Mrs. Harold Rupright, Mrs. Eugene Smith and Carlton Hollister.

She introduced new leaders, who are Mesdames Donna Letson, Blanche Morden, Hugh Brady, Robert Hubble and Lindsley Frenette.

Joel Carley, chairman of the Extension committee of the County Board of Supervisors presented awards to Linnea Carlson, Mrs. Walter Whitman, Mr. and Mrs. John Burley and Merrill Archey, for 2-years leadership; Mr. and Mrs. Maurice Reid, and Mrs. James Hoholik, 3-years; Sherman Dewey, Mrs. Merrill Archey, Mrs. G. Leslie Bouschor, Mrs. Norman Patz, Shannon Hubble and Mrs. Leo Sikarskie, 4-years.

Council Adopts Resolution For 30-Doy Mourning

The City Council Tuesday night adopted a resolution mourning the tragic loss of President John F. Kennedy, and set a 30-day period of mourning during which flags will be flown at half-mast on municipal buildings.

The resolution expressed revulsion at the shamefulness against all decent humanity. The city also sent a telegram to Mrs. Kennedy and the family Nov. 24 expressing condolence in the loss of a courageous, dedicated, renowned national and world leader.

In other business a request for a street light at the corner of New Delta and Wolfe was referred to the manager for study and recommendation. An ordinance amending the cemetery ordinance was adopted. It provides that the welfare department may purchase lots without perpetual care. Amendment is scheduled on cemetery vault charges and a recommendation will be submitted by the manager at the next meeting.

The manager was instructed to advertise for bids for Christmas turkeys for employes, to place a full-page advertisement at $80 cost in the new county plat book, and advertisements at Christmas in the three communications media here, at cost not exceeding $25 each.

Students Have Thank Program

A group of Manistique High School students Wednesday afternoon had a program of Thanksgiving prior to their dismissal for the holiday vacation period.

Opening the program Supt. Edwin E. Wuehle noted the late President Kennedy's concern for youth and programs he had drafted which were "just in the bud." Among the President's wishes were that youth have education to the maximum of their abilities. Education, the superintendent observed, is not something one has by right of birth, like air, but something provided.

A senior student, Lois Nelson, gave the principal address. Noting, "I complained of my shoes 'till I met a man with no feet," she stressed the basic freedoms which are the cornerstone of the American way, contrasting them with Communist programs, in which "you are run by the government. It tells you where to work, what to eat, and where to go." She urged fellow students to take advantage of education opportunities, and asked the blessing of a grateful heart.

The concluding portion was a 4-selection program by the Mixed Chorus, directed by Frank Wareham, with Mrs. Roy LaMarche as accompanist. Their selections, conveying truth and beauty are one, were "Come Let Us Break Bread Together," "Thanks Be To God," "Climb Every Mountain" and "Come Ye Thankful People To God."

Women's Club Will Have Flower Arrangement Talk

The Manistique Women's Club at its meeting Tuesday in Augustana Hall will hear a talk on Christmas flower arrangements by Mrs. W. A. Nelson of Escanaba. Everyday tips on flowers will be included. Music will be furnished by the Barbershop quartet. Hostesses will be Mesdames Jack Quick, chairman, William Wallace, Leon Nicholson, Carl Olson, William Reaser, Alvin Nelson, Jack Phillips and William Males.

School Board Will Visit New Area Structures

Members of the Manistique Board of Education Wednesday will visit schools in its study prior to hiring an architect for an elementary program here. They will visit the Gladstone school, designed by Warren Holmes of Lansing and the Bark River-Harris School, designed by Smith and Smith of Royal Oak.

Briefly Told

Avis Anderson was taken by ambulance from her rural Garden home to Schoolcraft Memoria! Hospital at 3:50 p. m., Tuesday.

Future Teachers of America will hold their second luncheon meeting at noon Tuesday. More than 20 have registered for the newly-forming club.

The final sex education discussion meeting at Manistique High School is scheduled at 2:15 p. m., Tuesday.

State Police ticketed Leo J. Jaskolski of Hayward, Wis., for not having registration plates.

The reunion planning committee of St. Joseph High School class of 1954, Escanaba, is seeking the address of Gary Guertin of Manistique. Anyone who has this information is asked to write Mrs. Tom Hughson, 810 1st Ave S., Escanaba.

Hospital

Admitted to Schoolcraft Memorial Hospital are Donna Minor, 342 Schoolcraft; Alvina Vanatta, Germfask; Jennifer Patz, 316 N. Houghton; Crawford Perkins, Naubinway; Avis Anderson, Garden; Clyde McMillan, 110 S. Houghton; Clara Goudreau, Gulliver; Ferd Gorsche, 226 Range St.; and Ray Butler, Engadine.

Discharged: Barbara Carlson, Harold Gage, Molly Guertin, Evelyn Guertin, Sigrid Holmquist, Fern Trekas, Leo Sikarskie and Gloria Sundling.

Personals

Joan McDonough, who is employed at Bellin Memorial Hospital, Ishpeming, spent Thanksgiving day with her parents, Mr. and Mrs. Joe McDonough, Garden Ave.

Mrs. Pearl Heric, Mrs. Lucy Purtill, and Mrs. Clarence LaMuth and daughter Cathy are spending the Thanksgiving holiday with Mr. and Mrs. Douglas Bennett and family of Marlette.

The Smithsonian Institution was founded through a gift made by James Smithson, an Englishman who never even visited the United States.

Be Scholars First, Athletes Second, CMU Coach Says

Because colleges, due to increased enrollments must be more selective in accepting students, scholarship is of greater importance to youngsters, Bill Kelly, coach of Central Michigan university said here Monday night at the annual football recognition banquet. He urged the attending members of the Emerald varcity squad to be "scholars first and athletes second."

John Kelly was master of ceremonies for the program, during which Coach Bonifas presented his players, Cliff Lewis gave invocation and new school superintendent Edwin Wuehle was introduced.

Dr. C. F. Anderson, a former Manistique resident accompanied Mr. Kelly here and was introduced.

Schoolcraft 4-H Leaders Honored

School Superintendent Edwin E. Wuehle, addressing the annual 4-H leader recognition banquet Tuesday night at Liberty banquet hall, praised leaders for their work with youth, cited the importance of teaching citizenship and government in a program of action, not vacuum, and asked continued help so youngsters obtain as much schooling as possible.

He emphasized that students must try to stay on top with increased education, in a society which is rapidly-changing, highly technical and automated.

The program opened with invocation by the Rev. Terrence Donnelly and included flag pledges by Terry Cain, president of the Junior Leaders Assn. The banquet is sponsored by Inland Lime and Stone Co. During the evening, flowers and awards were presented the leaders. Jane Brunet, pianist, provided music.

Linnea Carlson of Thompson and Harold Miller of Doyle Township were presented 4-H alumni awards, and Leonard Males was presented a special recognition plaque for the State Savings Bank.

Dean Rhoads, new county extension director, presented a diamond 20-year award to Mrs. Harold Peters and a 15-year award to Mrs. Leonard England.

He also presented awards to Mrs. Harold Lustila, 13 years leadership, Mrs. Marvin Mercier, 11 years, Mrs. Charles Watson, 9 years, Paul Weaver, Leslie Walstrom and Harry Anderson, 8 years, Mrs. Paul Weaver, 7 years, LeRoy Babbitt and Mrs. Franklin Creeden, 6 years.

Paul Weaver, who led the community sing, presented 5-year pins and certificates to Mrs. Clarence Clement, Leo Sikarskie, Mrs. Dale Cain and Mrs. Albert Fleck.

Mrs. Merrill Archey presented 1-year pins to Mrs. Joseph Davis, Mrs. Jean Blowers, Robert Hubble, Mrs. Sherwood Lemirand, Mrs. LeRoy Babbitt, Matt Walters, Mrs. Harold Rupright, Mrs. Eugene Smith and Carlton Hollister.

She introduced new leaders, who are Mesdames Donna Letson, Blanche Morden, Hugh Brady, Robert Hubble and Lindsley Frenette.

Joel Carley, chairman of the Extension committee of the County Board of Supervisors presented awards to Linnea Carlson, Mrs. Walter Whitman, Mr. and Mrs. John Burley and Merrill Archey, for 2-years leadership; Mr. and Mrs. Maurice Reid, and Mrs. James Hoholik, 3-years; Sherman Dewey, Mrs. Merrill Archey, Mrs. G. Leslie Bouschor, Mrs. Norman Patz, Shannon Hubble and Mrs. Leo Sikarskie, 4-years.

Women's Club Will Have Flower Arrangement Talk

The Manistique Women's Club at its meeting Tuesday in Augustana Hall will hear a talk on Christmas flower arrangements by Mrs. W. A. Nelson of Escanaba. Everyday tips on flowers will be included. Music will be furnished by the Barbershop quartet. Hostesses will be Mesdames Jack Quick, chairman, William Wallace, Leon Nicholson, Carl Olson, William Reaser, Alvin Nelson, Jack Phillips and William Males.

School Board Will Visit New Area Structures

Members of the Manistique Board of Education Wednesday will visit schools in its study prior to hiring an architect for an elementary program here. They will visit the Gladstone school, designed by Warren Holmes of Lansing and the Bark River-Harris School, designed by Smith and Smith of Royal Oak.

Briefly Told

Avis Anderson was taken by ambulance from her rural Garden home to Schoolcraft Memorial Hospital at 3:50 p. m., Tuesday.

Future Teachers of America will hold their second luncheon meeting at noon Tuesday. More than 20 have registered for the newly-forming club.

The final sex education discussion meeting at Manistique High School is scheduled at 2:15 p. m., Tuesday.

State Police ticketed Leo J. Jaskolski of Hayward, Wis., for not having registration plates.

The reunion planning committee of St. Joseph High School class of 1954, Escanaba, is seeking the address of Gary Guertin of Manistique. Anyone who has this information is asked to write Mrs. Tom Hughson, 810 1st Ave S., Escanaba.

Hospital

Admitted to Schoolcraft Memorial Hospital are Donna Miror, 342 Schoolcraft; Alvina Vanatta, Germfask; Jennifer Patz, 316 N. Houghton; Crawford Perkins, Naubinway; Avis Anderson, Garden; Clyde McMillan, 110 S. Houghton; Clara Goudreau, Gulliver; Ferd Gorsche, 226 Range St.; and Ray Butler, Engadine.

Discharged: Barbara Carlson, Harold Gage, Molly Guertin, Evelyn Guertin, Sigrid Holmquist, Fern Trekas, Leo Sikarskie and Gloria Sundling.

Personals

Joan McDonough, who is employed at Bellin Memorial Hospital, Ishpeming, spent Thanksgiving day with her parents, Mr. and Mrs. Joe McDonough, Garden Ave.

Mrs. Pearl Heric, Mrs. Lucy Purtill, and Mrs. Clarence LaMuth and daughter Cathy are spending the Thanksgiving holiday with Mr. and Mrs. Douglas Bennett and family of Marlette.

The Smithsonian Institution was founded through a gift made by James Smithson, an Englishman who never even visited the United States.

Council Adopts Resolution For 30-Doy Mourning

The City Council Tuesday night adopted a resolution mourning the tragic loss of President John F. Kennedy, and set a 30-day period of mourning during which flags will be flown at half-mast on municipal buildings.

The resolution expressed revulsion at the shamefulness against all decent humanity. The city also sent a telegram to Mrs. Kennedy and the family Nov. 24 expressing condolence in the loss of a courageous, dedicated, renowned national and world leader.

In other business a request for a street light at the corner of New Delta and Wolfe was referred to the manager for study and recommendation. An ordinance amending the cemetery ordinance was adopted. It provides that the welfare department may purchase lots without perpetual care. Amendment is scheduled on cemetery vault charges and a recommendation will be submitted by the manager at the next meeting.

The manager was instructed to advertise for bids for Christmas turkeys for employes, to place a full-page advertisement at $80 cost in the new county plat book, and advertisements at Christmas in the three communications media here, at cost not exceeding $25 each.

Students Have Thank Program

A group of Manistique High School students Wednesday afternoon had a program of Thanksgiving prior to their dismissal for the holiday vacation period.

Opening the program Supt. Edwin E. Wuehle noted the late President Kennedy's concern for youth and programs he had drafted which were "just in the bud." Among the President's wishes were that youth have education to the maximum of their abilities. Education, the superintendent observed, is not something one has by right of birth, like air, but something provided.

A senior student, Lois Nelson, gave the principal address. Noting, "I complained of my shoes 'till I met a man with no feet," she stressed the basic freedoms which are the cornerstone of the American way, contrasting them with Communist programs, in which "you are run by the government. It tells you where to work, what to eat, and where to go." She urged fellow students to take advantage of education opportunities, and asked the blessing of a grateful heart.

The concluding portion was a 4-selection program by the Mixed Chorus, directed by Frank Wareham, with Mrs. Roy LaMarche as accompanist. Their selections, conveying truth and beauty are one, were "Come Let Us Break Bread Together," "Thanks Be To God," "Climb Every Mountain" and "Come Ye Thankful People To God."

LEGAL NOTICES

Nov. 22, 1963 Dec. 6, 1963
STATE OF MICHIGAN
File No. 13200

The Probate Court for the County of Delta.

In the Matter of the Estate of Wilmore K. Berglund, Deceased.

At a session of said Court, held on November 20, A. D. 1963.

Present, Honorable Marie D. Peters, Judge of Probate.

Notice is Hereby Given, That the petition of Mary Ellen O'Connell praying that the instrument filed in said Court be admitted to probate as the Last Will and Testament of said deceased, that administration of said estate be granted to Lucy Mae Berglund or some other suitable person, and that the heirs of said deceased be determined, will be heard at the Probate Court on December 17, A. D. 1963, at ten A. M.

It is Ordered, That notice thereof be given by publication of a copy hereof for three weeks consecutively previous to said day of hearing, in the Escanaba Daily Press, and that the petitioner cause a copy of this notice to be served upon each known party in interest at his last known address by certified mail, or by personal service, at least fourteen (14) days prior to such hearing.

Escanaba In Study:

Planning Group Urged As City Growth Factor

Four steps for more orderly urban development, based on case studies of 14 cities, are proposed in an Upper Midwest Economic Study.

The report is one of a series of urban studies being made by a special staff of the Twin Cities Metropolitan Planning Commission under the direction of John R. Borchert, University of Minnesota professor of geography. Assisting him in the present study were Thomas Anding, Donald Klein, Ellis Waldron, and C. Lee Gilbert.

C. David Loeks, director of the Commission, is chairman of the urban action committee of the Upper Midwest Research and Development Council which will use results of the research in its program to stimulate the economic growth of the area lying within the Ninth Federal Reserve District, which includes the Upper Peninsula.

The 14 cities where case studies were made of specific growth problems include Moorhead, Rochester, St. Cloud and Winona in Minnesota; Billings, Great Falls and Missoula in Montana; Fargo, Grand Forks and Minot in North Dakota; Rapid City and Sioux Falls in South Dakota; Ashland, Wisconsin; and Marquette and Escanaba, Mich.

Based on the experiences of these cities, the authors of the report advise:

1. Maintaining an active planning commission as an official arm of elected local government: normal operation of the commission brings together all of the people engaged in building and re-building the city, and necessitates exchange of special local knowledge among them.

Social Education

2. Providing staff help for a source of technical information. (Smaller cities could draw upon services of private consultants or upon a staff of a regional center serving a number of neighboring communities.)

3. Conducting a program of adult education to provide a continuing flow of general as well as technical information for specific problems.

4. Assisting the social education program in schools to increase practical understanding of urban communities.

These steps are long-term approaches, neither quick nor dramatic, but basic, the authors comment. "Observation indicates that they will produce results and establish organizations and traditions which can endure and help in the solution of problems that will arise in the future."

The authors observe that growth in the 14 cities has been strongly channeled by terrain, river, and rail barriers, and along major streets and highways. Development in most cities has proceeded mainly in one or two directions from point of initial settlement. Areas of scattered and incomplete development have been slow to fill in. Growth has been sporadic.

"In this complex and fitful growth process," common threads were noted running through all of the experiences; those who decided what and where to build, as well as the public, lacked essential knowledge that was available.

Positive action on a community development problem was always predicted on three conditions: (1) effective exchange of special local knowledge through some common "clearing house;" (2) professional help to provide technical knowledge of trends and projections, subdivision design, zoning, renewal and other vital topics; and (3) public awareness of the facts, usually through efforts of service clubs, the local press, city officials or planning consultants.

"Where any of the three above ingredients was absent, action fell short of its mark," the authors said, "but where they were present, more orderly development was the result."

Orderly development, they point out, means long-run economy, and "a physically sound and attractive community which will command the interest of outsiders, merit the pride of residents, and enhance the culture of all served by the community."

Case studies were principally concerned with street systems, obsolescence of downtown buildings and dispersal of major business buildings, residential development, utilities, public institutions, industrial and railroad land, parks and recreation facilities and schools.

If wisdom can be gained from the experiences of the 14 cities studied, it is applicable to urban communities throughout the Upper Midwest, the authors concluded.

THIS IS AN AIR VIEW of President Johnson's LBJ Ranch near Johnson City, Texas. The 16-room frame house is in the center, with plane hangar and taxi strip at top center and a worker's house nearby. The swimming pool, patio and bath house are at the bottom of the picture. (AP Wirephoto)

Chips And Splinters

Contributions To Chips Welcomed

Archie Freeman, in Washington on Tuesday for a conference on trucking regulations, visited Arlington National Cemetery to see the grave of President Kennedy and noted the great area of the national cemetery. Any serviceman may be buried there and there are an average of six funerals a day.

★ ★ ★

Dr. Thomas McInerney suggested to Escanaba Rotarians at their luncheon meeting this week that those who wished to make a gift in memory of President Kennedy might consider the Delta County Chapter, Michigan Assn. for Retarded Children. Gifts may be addressed to its P. O. Box 157, Escanaba.

The Chapter is building a school for uneducable Delta County children on the Webster School campus with volunteer aid. Memorial gifts to the Chapter would be specially appropriate as President Kennedy worked ardently to aid the retarded. The problem of retardation was specially meaningful to him because one of his sisters, living in a Wisconsin home, is retarded.

★ ★ ★

Rep. Clifford Perras (R-Nadeau), flying home from Lansing for Thanksgiving after work of the Committee on Implementation of the Constitution Tuesday, said: "We're looking for Democratic cooperation and an orderly special session starting Tuesday. We'll pass a batch of bills on implementation in a hurry."

When a chimpanzee is born, it is almost as helpless as a human baby. But the tiny chimp soon develops great strength in hands and feet, enabling it to cling to its mother's long hair as she travels about.

Dental Health Plan Studied For County Area

A representative group of Menominee PTA members; John Peurach, DDS, Daggett, and Mary L. Cretens, MD, health officer of the Delta-Menominee District Health Department, met with Miss Dorothy Below, dental division, Michigan Department of Health, at the Menominee High School Monday evening, Nov. 25.

This was a preliminary discussion meeting regarding the possibility of local sponsorship of a topical fluoride program in areas of Menominee County. The areas considered are those which do not, at the present time, have natural or added water fluorides.

The Eastern half of the Upper Peninsula already has conducted such programs and many similar programs have been in progress in the Lower Peninsula each summer.

The topical fluoride program has proved effective in reducing by 40 per cent new tooth decay. The actual process which is carried out by a dental technician, under supervision, consists of a special cleansing of the teeth followed by a three time application of a solution of 2 per cent sodium fluoride.

The Michigan Department of Health assists the local areas by training technicians, supervision, and much of the organization. They also lend most of the necessary equipment for such a program.

Marquette Votes Against Early Deer Season

MARQUETTE — Rumblings of discontent with the early deer season opening broke out in the open last week when the Marquette County Board of Supervisors went on record in opposition to the "second Saturday of November" opening.

By a unanimous vote, the supervisors, at their November session in the courthouse here, urged the Michigan Department of Conservation to change the deer season back to the traditional Nov. 15 opening.

(Editor's note: Deer season dates are set by the Legislature, not by the conservation department or the conservation commission.)

Edwin Upland Is Promoted By North Western

Edwin M. Upland, a native of Escanaba, has been promoted to the position of freight traffic manager — grain and sales service for the Chicago & North Western Railway at its headquarters in Chicago.

He is the son of Alfred Upland of 1222 Stephenson Ave.

He began his career in the Army Transportation Corps in 1942 and in 1946 was discharged from the service with the rank of second lieutenant; and began employment with the North Western in Chicago in the operating department in 1946.

By 1952 he was advanced to the assistant chief clerk in Omaha and a year later returned to Chicago as chief clerk in the service department. He became general grain agent in 1955.

Mr. and Mrs. Upland and their three children reside in Palatine, suburb of Chicago. They have visited often in Escanaba.

The word adobe comes from Egypt. Coptic descendants of ancient Egyptians called mud brick "tobey" or "dobey." Moors transmitted the name to the Spaniards, who ultimately took adobe brick-making to the American Southwest.

Negro Equality Tricky Item For New President

By RELMAN MORIN
Associated Press Staff Writer

WASHINGTON (AP) — The towering domestic problem in the United States today, and a tricky political issue in the battle for the presidency next year, is the question of full equality for the Negro.

President Johnson is a Southerner.

But speaking last Memorial Day on the site of the Battle of Gettysburg Johnson said:

"Until justice is blind to color, until education is unaware of race, until opportunity is unconcerned with the color of men's skins, emancipation will be a proclamation but not a fact."

Can Cost Votes

Johnson helped guide some civil rights legislation through the Senate in 1957 and 1960.

As a political realist, he knows his position on civil rights can cost him votes in the likely event that he is the Democratic nominee in 1964. In Texas, only a few hours before President Kennedy was assassinated, Johnson said, "the civil rights issue is going to hurt us."

It may be a factor in parts of the North too. Some Northern politicians call civil rights and "iceberg issue"—meaning there is more hidden than visible opposition to Kennedy administration proposals in this field.

Where does Johnson stand on other issues?

Here are some of his statements.

Cuba—"We shall not be content until the last of the Soviet forces are withdrawn from foreign soil."

Foreign aid—"No nation can long enjoy affluence when all the other nations are impoverished."

Long Pull On Defense

Defense—"We cannot be done with our dangers or even our duties by next weekend or next year. We are in for along pull and it is our duty to begin pulling."

Communist China—"America stands firm with her Chinese (Nationalist) allies and we shall continue to do so until freedom is secured."

Disarmament—"We now face the prospect of detroying ourselves. . .I am calling for an open curtain for full discussion of the immediate, urgent problems facing our people. We should insist on the right to state our case on disarmament in detail to the Soviet people." (He said this in 1957, before the agreement to ban nuclear testing.)

Latin America—"We must revitalize our diplomatic corps with ambassadors who know and understand our neighbors and their language and have qualifications other than contributing to campaign chests.

"We must offer to the people of Latin America the very best technical know-how which will help them to develop their skills and to make and sell their products."

Record In Congress

Johnson's voting record shows:

Labor—In 1947, he voted to override President Truman's veto of the Taft-Hartley Labor Relations Act. In 1952, he voted to request the President to invoke the injunction provisions of the Taft-Hartley act in the steel strike. In other votes, he opposed requiring unions to elect their officers by secret ballot every four years and requiring a majority vote by secret ballot before a union could call a strike.

Education—In 1949, he voted for a $300 million federal aid to education bill and against an amendment to restrict aid to public schools. In 1960, he voted to provide $917 million a year for two years for school construction and teachers' salaries.

Agriculture—He voted for the Democratic program of high, rigid farm price supports. During President Eisenhower's adminstration, Johnson voted against the sliding scale urged by the then secretary of agriculture, Ezra Benson.

Taxes—In 1948, Johnson voted against the tax reduction bill passed in the Republican-controlled Congress over President Truman's veto. He had supported a move to send the bill back to committee with instructions to raise personal exemptions to $700 and increase corporate taxes. In 1951, he voted against a tax bill amendment to provide for a withholding tax on dividends.

Welfare—He voted for area redevelopment legislation, disability benefits under Social Security, extending Social Security coverage, increased grants for public assistance, establishing a youth conservation corps, larger appropriations for federally sponsored medical research, slum clearance and low rent housing legislation.

Enstrom Corp. Open House Set For Saturday

On Saturday, Nov. 30, between 1 and 4 p. m. the R. J. Enstrom Corp. will hold an open house in its new production facility located at the Menominee County Airport.

Of special interest will be flight demonstrations of a U.S. Navy HSS-1-N anti submarine warfare helicopter. This large helicopter, manufactured by Sikorsky, is equipped with Sonar and other special equipment used in tracking and sinking submarines. The Navy helicopter is part of a U. S. Navy Reserve Squadron commanded by Cdr. F. A. Hill, sales manager of the Enstrom Corp. and will be piloted by Cdr. Hill.

Also, Mott Stanchfield will pilot the Enstrom F-28 3-place helicopter, making flight demonstrations throughout the afternoon.

The new building, constructed by the Menominee Industrial Fund, Inc. for the Enstrom Co., will be open for inspection. Free refreshments will be served and the public is invited.

Stephenson Eyes U. S. 2-41 Project

MENOMINEE — A revised plan for the US 41 reconstruction project through the Village of Stephenson, will be submitted this week for review of State Highway and Village representatives, officials report.

The project is part of the blacktop resurfacing of the highway and differences have arisen over the matter of curb and gutter and ditching.

Village officials protested the original design at a conference in Stephenson last week. Gordon J. Fellows, Lansing, engineer on design, and Rupert Priniski, Escanaba, represented the Highway Department.

If the revised plan is approved, the state plans to call for bids on the project next March.

Iroquois Indians believed the bald eagle watched over them and helped in time of trouble.

Planning Group Urged As City Growth Factor

Four steps for more orderly urban development, based on case studies of 14 cities, are proposed in an Upper Midwest Economic Study.

The report is one of a series of urban studies being made by a special staff of the Twin Cities Metropolitan Planning Commission under the direction of John R. Borchert, University of Minnesota professor of geography. Assisting him in the present study were Thomas Anding, Donald Klein, Ellis Waldron, and C. Lee Gilbert.

C. David Loeks, director of the Commission, is chairman of the urban action committee of the Upper Midwest Research and Development Council which will use results of the research in its program to stimulate the economic growth of the area lying within the Ninth Federal Reserve District, which includes the Upper Peninsula.

The 14 cities where case studies were made of specific growth problems include Moorhead, Rochester, St. Cloud and Winona in Minnesota; Billings, Great Falls and Missoula in Montana; Fargo, Grand Forks and Minot in North Dakota; Rapid City and Sioux Falls in South Dakota; Ashland, Wisconsin; and Marquette and Escanaba, Mich.

Based on the experiences of these cities, the authors of the report advise:

1. Maintaining an active planning commission as an official arm of elected local government: normal operation of the commission brings together all of the people engaged in building and re-building the city, and necessitates exchange of special local knowledge among them.

Social Education

2. Providing staff help for a source of technical information. (Smaller cities could draw upon services of private consultants or upon a staff of a regional center serving a number of neighboring communities.)

3. Conducting a program of adult education to provide a continuing flow of general as well as technical information for specific problems.

4. Assisting the social education program in schools to increase practical understanding of urban communities.

These steps are long-term approaches, neither quick nor dramatic, but basic, the authors comment. "Observation indicates that they will produce results and establish organizations and traditions which can endure and help in the solution of problems that will arise in the future."

The authors observe that growth in the 14 cities has been strongly channeled by terrain, river, and rail barriers, and along major streets and highways. Development in most cities has proceeded mainly in one or two directions from point of initial settlement. Areas of scattered and incomplete development have been slow to fill in. Growth has been sporadic.

"In this complex and fitful growth process," common threads were noted running through all of the experiences: those who decided what and where to build, as well as the public, lacked essential knowledge that was available.

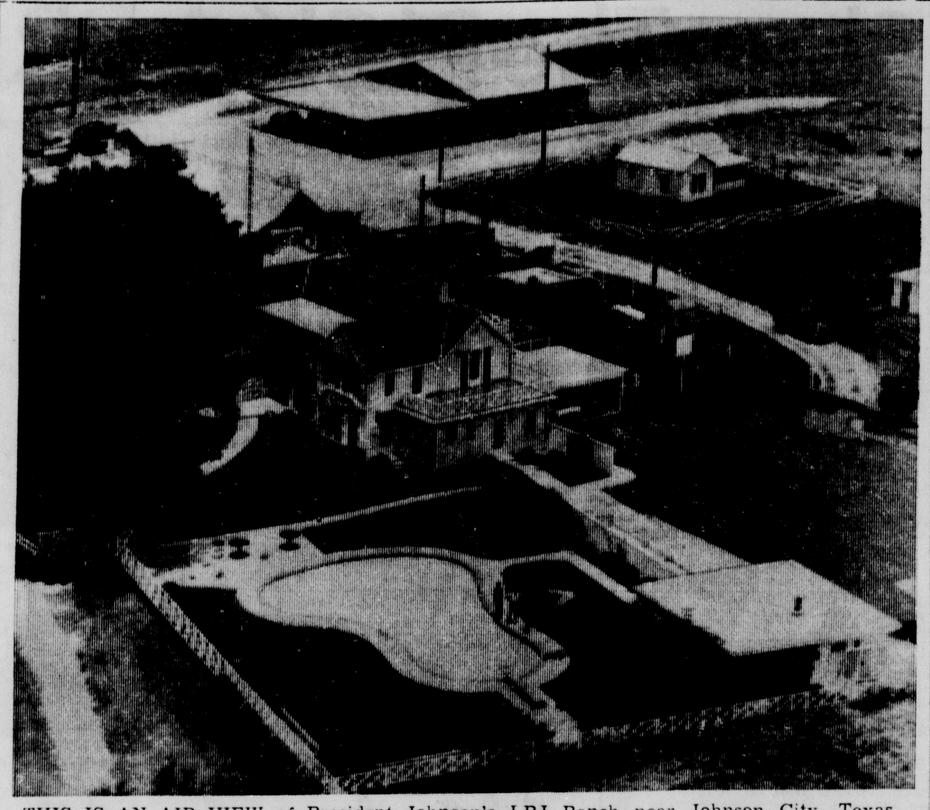
Positive action on a community development problem was always predicted on three conditions: (1) effective exchange of special local knowledge through some common "clearing house;" (2) professional help to provide technical knowledge of trends and projections, subdivision design, zoning, renewal and other vital topics; and (3) public awareness of the facts, usually through efforts of service clubs, the local press, city officials or planning consultants.

"Where any of the three above ingredients was absent, action fell short of its mark," the authors said, "but where they were present, more orderly development was the result."

Orderly development, they point out, means long-run economy, and "a physically sound and attractive community which will command the interest of outsiders, merit the pride of residents, and enhance the culture of all served by the community."

Case studies were principally concerned with street systems, obsolescence of downtown buildings and dispersal of major business buildings, residential development, utilities, public institutions, industrial and railroad land, parks and recreation facilities and schools.

If wisdom can be gained from the experiences of the 14 cities studied, it is applicable to urban communities throughout the Upper Midwest, the authors concluded.



THIS IS AN AIR VIEW of President Johnson's LBJ Ranch near Johnson City, Texas. The 16-room frame house is in the center, with plane hangar and taxi strip at top center and a worker's house nearby. The swimming pool, patio and bath house are at the bottom of the picture. (AP Wirephoto)

Chips And Splinters

Contributions To Chips Welcomed

Archie Freeman, in Washington on Tuesday for a conference on trucking regulations, visited Arlington National Cemetery to see the grave of President Kennedy and noted the great area of the national cemetery. Any serviceman may be buried there and there are an average of six funerals a day.

★ ★ ★

Dr. Thomas McInerney suggested to Escanaba Rotarians at their luncheon meeting this week that those who wished to make a gift in memory of President Kennedy might consider the Delta County Chapter, Michigan Assn. for Retarded Children. Gifts may be addressed to its P. O. Box 157, Escanaba.

The Chapter is building a school for uneducable Delta County children on the Webster School campus with volunteer aid. Memorial gifts to the Chapter would be specially appropriate as President Kennedy worked ardently to aid the retarded. The problem of retardation was specially meaningful to him because one of his sisters, living in a Wisconsin home, is retarded.

Rep. Clifford Perras (R-Nadeau), flying home from Lansing for Thanksgiving after work of the Committee on Implementation of the Constitution Tuesday, said: "We're looking for Democratic cooperation and an orderly special session starting Tuesday. We'll pass a batch of bills on implementation in a hurry."

When a chimpanzee is born, it is almost as helpless as a human baby. But the tiny chimp soon develops great strength in hands and feet, enabling it to cling to its mother's long hair as she travels about.

Dental Health Plan Studied For County Area

A representative group of Menominee PTA members; John Peurach, DDS, Daggett, and Mary L. Cretens, MD, health officer of the Delta-Menominee District Health Department, met with Miss Dorothy Below, dental division, Michigan Department of Health, at the Menominee High School Monday evening, Nov. 25.

This was a preliminary discussion meeting regarding the possibility of local sponsorship of a topical fluoride program in areas of Menominee County. The areas considered are those which do not, at the present time, have natural or added water fluorides.

The Eastern half of the Upper Peninsula already has conducted such programs and many similar programs have been in progress in the Lower Peninsula each summer.

The topical fluoride program has proved effective in reducing by 40 per cent new tooth decay. The actual process which is carried out by a dental technician, under supervision, consists of a special cleansing of the teeth followed by a three time application of a solution of 2 per cent sodium fluoride.

The Michigan Department of Health assists the local areas by training technicians, supervision, and much of the organization. They also lend most of the necessary equipment for such a program.

Marquette Votes Against Early Deer Season

MARQUETTE — Rumblings of discontent with the early deer season opening broke out in the open last week when the Marquette County Board of Supervisors went on record in opposition to the "second Saturday of November" opening.

By a unanimous vote, the supervisors, at their November session in the courthouse here, urged the Michigan Department of Conservation to change the deer season back to the traditional Nov. 15 opening.

(Editor's note: Deer season dates are set by the Legislature, not by the conservation department or the conservation commission.)

Edwin Upland Is Promoted By North Western

Edwin M. Upland, a native of Escanaba, has been promoted to the position of freight traffic manager — grain and sales service for the Chicago & North Western Railway at its headquarters in Chicago.

He is the son of Alfred Upland of 1222 Stephenson Ave.

He began his career in the Army Transportation Corps in 1942 and in 1946 was discharged from the service with the rank of second lieutenant; and began employment with the North Western in Chicago in the operating department in 1946.

By 1952 he was advanced to the assistant chief clerk in Omaha and a year later returned to Chicago as chief clerk in the service department. He became general grain agent in 1955.

Mr. and Mrs. Upland and their three children reside in Palatine, suburb of Chicago. They have visited often in Escanaba.

The word adobe comes from Egypt. Coptic descendants of ancient Egyptians called mud brick "tobey" or "dobey." Moors transmitted the name to the Spaniards, who ultimately took adobe brick-making to the American Southwest.

Negro Equality Tricky Item For New President

By RELMAN MORIN
Associated Press Staff Writer

WASHINGTON (AP) — The towering domestic problem in the United States today, and a tricky political issue in the battle for the presidency next year, is the question of full equality for the Negro.

President Johnson is a Southerner.

But speaking last Memorial Day on the site of the Battle of Gettysburg Johnson said:

"Until justice is blind to color, until education is unaware of race, until opportunity is unconcerned with the color of men's skins, emancipation will be a proclamation but not a fact."

Can Cost Votes

Johnson helped guide some civil rights legislation through the Senate in 1957 and 1960.

As a political realist, he knows his position on civil rights can cost him votes in the likely event that he is the Democratic nominee in 1964. In Texas, only a few hours before President Kennedy was assassinated, Johnson said, "the civil rights issue is going to hurt us."

It may be a factor in parts of the North too. Some Northern politicians call civil rights and "iceberg issue"—meaning there is more hidden than visible opposition to Kennedy administration proposals in this field.

Where does Johnson stand on other issues?

Here are some of his statements.

Cuba—"We shall not be content until the last of the Soviet forces are withdrawn from foreign soil."

Foreign aid—"No nation can long enjoy affluence when all the other nations are impoverished."

Long Pull On Defense

Defense—"We cannot be done with our dangers or even our duties by next weekend or next year. We are in for along pull and it is our duty to begin pulling."

Communist China—"America stands firm with her Chinese (Nationalist) allies and we shall continue to do so until freedom is secured."

Disarmament—"We now face the prospect of detroying ourselves. . .I am calling for an open curtain for full discussion of the immediate, urgent problems facing our people. We should insist on the right to state our case on disarmament in detail to the Soviet people." (He said this in 1957, before the agreement to ban nuclear testing.)

Latin America—"We must revitalize our diplomatic corps with ambassadors who know and understand our neighbors and their language and have qualifications other than contributing to campaign chests.

"We must offer to the people of Latin America the very best technical know-how which will help them to develop their skills and to make and sell their products."

Record In Congress

Johnson's voting record shows:

Labor—In 1947, he voted to override President Truman's veto of the Taft-Hartley Labor Relations Act. In 1952, he voted to request the President to invoke the injunction provisions of the Taft-Hartley act in the steel strike. In other votes, he opposed requiring unions to elect their officers by secret ballot every four years and requiring a majority vote by secret ballot before a union could call a strike.

Education—In 1949, he voted for a $300 million federal aid to education bill and against an amendment to restrict aid to public schools. In 1960, he voted to provide $917 million a year for two years for school construction and teachers' salaries.

Agriculture—He voted for the Democratic program of high, rigid farm price supports. During President Eisenhower's adminstration, Johnson voted against the sliding scale urged by the then secretary of agriculture, Ezra Benson.

Taxes—In 1948, Johnson voted against the tax reduction bill passed in the Republican-controlled Congress over President Truman's veto. He had supported a move to send the bill back to committee with instructions to raise personal exemptions to $700 and increase corporate taxes. In 1951, he voted against a tax bill amendment to provide for a withholding tax on dividends.

Welfare—He voted for area redevelopment legislation, disability benefits under Social Security, extending Social Security coverage, increased grants for public assistance, establishing a youth conservation corps, larger appropriations for federally sponsored medical research, slum clearance and low rent housing legislation.

Enstrom Corp. Open House Set For Saturday

On Saturday, Nov. 30, between 1 and 4 p. m. the R. J. Enstrom Corp. will hold an open house in its new production facility located at the Menominee County Airport.

Of special interest will be flight demonstrations of a U.S. Navy HSS-1-N anti submarine warfare helicopter. This large helicopter, manufactured by Sikorsky, is equipped with Sonar and other special equipment used in tracking and sinking submarines. The Navy helicopter is part of a U. S. Navy Reserve Squadron commanded by Cdr. F. A. Hill, sales manager of the Enstrom Corp. and will be piloted by Cdr. Hill.

Also, Mott Stanchfield will pilot the Enstrom F-28 3-place helicopter, making flight demonstrations throughout the afternoon.

The new building, constructed by the Menominee Industrial Fund, Inc. for the Enstrom Co., will be open for inspection. Free refreshments will be served and the public is invited.

Stephenson Eyes U. S. 2-41 Project

MENOMINEE — A revised plan for the US 41 reconstruction project through the Village of Stephenson, will be submitted this week for review of State Highway and Village representatives, officials report.

The project is part of the blacktop resurfacing of the highway and differences have arisen over the matter of curb and gutter and ditching.

Village officials protested the original design at a conference in Stephenson last week. Gordon J. Fellows, Lansing, engineer on design, and Rupert Priniski, Escanaba, represented the Highway Department.

If the revised plan is approved, the state plans to call for bids on the project next March.

Iroquois Indians believed the bald eagle watched over them and helped in time of trouble.
